Incident #24I023174

Zone: 72

Date: 03/01/2024

\*\*\*Supplemental Report\*\*\*

On March 1, 2024, at 1716 hours, I responded to 5670 Hickory Tree Road, Saint Cloud, Florida, 34772, in reference to a missing person.

Upon arrival, I provided scene security due to an ongoing investigation. I completed a crime scene log for all persons entering the scene. Contact was then made with Hardy Dymmek (landowner, witness), who provided a sworn written statement and completed a consent to search affidavit. Both documents were submitted for processing. This concluded my involvement in the above incident.

Incident #24I023174

Zone: 72

Date: 03/05/2024

\*\*\*Supplemental Report\*\*\*

On 03/01/2024 at approximately 1430 hours, I was contacted by Major Hinderman and requested to respond to the American Classic Charter school located at 2395 Hickory Tree Rd, St Cloud, FL 34772 to assist with the search for a missing juvenile as an assist to Kissimmee PD. Upon arrival I was tasked with identifying areas of interest to search on a map based on tips received and video footage obtained.

At approximately 1600 hours, I was contacted by Lt. Yeager who advised he was sending a male in a white truck to the command post to give me information regarding a possible area of interest. At 1605 hours I was contacted by Mr. Thomas Carris (witness -407-989-8671). He advised he had seen the news conference earlier this date and wanted to report a possible sighting of the suspect vehicle from Monday, February 26, 2024. He stated he saw the suspect vehicle, a silver sedan, pulled off Hickory Tree Rd and a subject with a tire iron in his hand, wearing a black shirt and green hat on backward, standing near the vehicle and he had made eye contact with the subject. He stated he was not exactly sure of the time, but it was around 1320 hours in the afternoon.

I asked Mr. Carris if he would mind stepping out of his vehicle and showing me on a map of the exact location. Using my agency issued laptop, I pulled up a satellite view of Hickory Tree Rd around Albritton Rd and Mr. Carris navigated the map to the location he saw the subject at on Monday, February 26, 2024. The latitude and longitude of the location he pointed out were noted, (28.191031, -81.202160) and Mr. Carris shared, via air Drop to my work cell phone, photos he took of the spot that day (March 1, 2024) for reference. Those photos were later emailed to Kissimmee PD. The location provided by Mr. Carris was passed along to Sgt. Swan, Captain Mingione, and Major Hinderman as a point of interest at the command post.

I was also contacted by Detective Lorenzano while on scene at the command post. He advised he had collected video from 4085 Malawi Trl, St. Cloud, and asked if I could have it reviewed for a sighting on the vehicle. I watched three of the time frames he provided and found a possible match to the suspect vehicle traveling North on Hickory Tree Rd in one of the clips attached to the email with the time frame of 13:56-14:05. That clip containing the vehicle was forwarded to Kissimmee PD. I advised Kissimmee PD that I didn't watch further, but there was additional video should they want to reach out to the resident at that address.

This concludes my involvement in this case.

## Supplement

24I023174 Written by Sgt. Swan

On March 01, 2024, this agency received information that a possible suspect involved in a missing person case, was in Osceola County. The suspect was seen by a witness in the area of 5670 Hickory Tree Road St. Cloud, FL, changing a tire. The witness pointed to the area on a map, where he saw the vehicle parked off the side of the road.

Captain Mingione and I arrived in the above area at approximately 1628 hours. I noticed locked gates on the East and West side of the road. Knowing the area and the property owner, I called the property owner Hardy Dymmek. Hardy advised he was two minutes away. Hardy arrived at 1630 hours. Hardy advised we had full permission to enter his property and he unlocked both, the East and West gates. Hardy explained how to lock the gates back once we were done, Hardy left, returning to work. Later after providing consent, Hardy signed a consent to search his properties and completed a sworn written statement.

Captain Mingione and I entered the property on the West side of Hickory Tree Road. We walked to the North for a few minutes near round hay bales covered in plastic. Then we went to the left, south side of the gate, where there is a long line of tall bamboo trees. Captain Mingione noticed just a few feet into the bamboo tree line, what appeared to be blue jeans. As we got closer, we noticed what appeared to be a body. The top half of the body was covered by a green colored hooded sweatshirt and the bottom half, was covered with blue jeans. The body was laying on the left side, in somewhat of a fetal position. It appeared that the body was covered by pieces of hay or dry grass. Based on my training and experience, it was apparent this was a human body, I did not see any signs of life; I could clearly see flies covering the body.

Captain Mingione and I walked out of the gate and used crime scene tape to secure the scene. Deputy Chris Johnson responded to assist and a crime scene log was started. Kissimmee Police Department responded to the scene along with forensics and the investigation was turned over to them.

Please see Donna Sita's supplement for the witness information.

## Incident Report

### Narrative

\*\*\*\*\*Supplemental Report\*\*\*\*\*

#### Background:

On February 26, 2024, at approximately 1853 hours the Orange County Sheriff's Office received a call for service reference a missing juvenile. At approximately 1948 hours, Deputy Franky Joseph EID 10644, responded to [REDACTED] in reference to a missing thirteen-year-old juvenile, later identified as [REDACTED].

Deputy Joseph made contact with [REDACTED]'s mother, [REDACTED] who advised the following in a verbal and sworn written statement:

On February 26, 2023, at approximately 0800 hours, [REDACTED] observed [REDACTED] getting dressed for school. At approximately 0830 hours, [REDACTED]'s boyfriend, Stephan Sterns, took [REDACTED] to school and dropped her off near the intersection of Town Loop Blvd and Hunter's Park Lane. At approximately 1600 hours, [REDACTED] went to [REDACTED] in an attempt to pick up [REDACTED] however, [REDACTED] never came out of the school. [REDACTED] searched the area for [REDACTED] and after not finding her, she went to [REDACTED].

Deputy Joseph made contact with Stephan Sterns who advised the following in a verbal and sworn written statement:

On February 26, 2023, at approximately 0825 to 0840 hours, Stephan dropped [REDACTED] off approximately one block away from her school. Stephan watched [REDACTED] leave his vehicle and walk in the direction of her school. As Stephan was driving away he saw, what appeared to be, [REDACTED] searching through her book bag. Stephan did not think anything of it due to [REDACTED] usually looking through her bag to find headphones so she could put them in before going to school. Stephan then drove to a vape shop, however, it was closed and he drove to his residence. Stephan was home for approximately an hour before he traveled back to the vape shop. After buying vape juice, Stephan returned home and hung out with [REDACTED]. Stephan then went out to run errands and returned home at approximately 1430 hours.

Deputy Joseph then responded to [REDACTED] with an Orange County Sheriff's Office K9 unit to collect a clothing article belonging to [REDACTED] and headed back to the intersection of Town Loop Blvd and Hunter's Park lane which was the last known location [REDACTED] was seen and began a track. The track yielded negative results.

[REDACTED] was described as 5 feet 1 inch, approximately 110 pounds, with blue eyes, fair skin, and blonde hair. According to Stephan and [REDACTED], [REDACTED] was last seen wearing a green hoodie, black shorts, and white Crocs.

[REDACTED] was entered into EMRESOURCE and later entered into Teletype as a missing endangered juvenile by Gleissner (2314). [REDACTED]'s BOLO number is 02BOLO101.

Deputy Joseph contacted the on-call Domestic Crimes detective. It should be noted personnel assigned to the Domestic Crimes Squad conduct missing person's investigations. Det. Francis Hunt was notified and coordinated the initial patrol response, subsequently advising Deputy Joseph to route the report to the Missing Persons squad.

On February 27, 2024, Detective F. Hunt was notified [REDACTED] did not report to school. At this time, Detective Hunt made contact with [REDACTED] and Stephan (please see his supplemental report for further details).

#### Investigative Detail:

On February 27, 2024, at approximately 1600 hours, I, Detective M. Tagler, was notified of the missing person investigation and responded to assist with canvassing. I responded to the initial command post, located at 5100 Town Center Boulevard, Orlando, Florida. Upon my arrival, I was tasked to speak to Stephan Sterns with Detective L. Acosta.

Before speaking with Stephan, I was advised the vehicle he was driving (2010 silver Lincoln MKZ bearing Florida tag IYLL82) had been seen in the following locations:

February 26, 2024:

-Southbound on S. John Young Parkway and Osceola County line at 0810 hours.

### Interview with Stephan Sterns:

On February 27, 2024, Detective Acosta and I conducted a digitally recorded sworn interview with Stephan Sterns at [REDACTED]. Below is a synopsis of his statement:

Stephan currently resides in North Port, Florida but comes to Kissimmee, Florida occasionally to spend time with [REDACTED] and [REDACTED]. On February 25, 2024, at approximately 2045 hours, Stephan arrived at [REDACTED] and [REDACTED]'s residence located at [REDACTED]. When he arrived, [REDACTED] was still at work and he directed [REDACTED] to get ready for bed. Once [REDACTED] arrived, she informed Stephan and [REDACTED] she would like to sleep in and directed them to sleep upstairs in the guest room. The following morning, Stephan and [REDACTED] woke up at approximately 0700 to 0715 hours to get an "early start" so they could purchase food from McDonald's before school. [REDACTED] and he left the residence between 0730- 0745 hours and headed towards the McDonald's, located at 14001 Town Loop Boulevard, Orlando, Florida. On the way to McDonald's, [REDACTED] slept the entire time and once in the area, Stephan asked her if she still wanted McDonald's to which she stated she did not.

Stephan drove past McDonald's and headed towards the school. Stephan dropped [REDACTED] off on the right side of the road near the community south of the State Road 417 overpass between 0820-0840 hours. According to Stephan, [REDACTED] was going through a "phase" which led her to be embarrassed of his vehicle and did not like to be dropped off at the school in it. [REDACTED] then informed Stephan she was going to go hang out with her friends and Stephan did not question it since it was not unusual for kids to hang out before school. Stephan let [REDACTED] out of the vehicle, and told her to "have a good day, love you" to which she replied, "Thanks, love you too". Stephan turned around and watched in the rearview mirror as [REDACTED] "rummaged" through her backpack as she walked in the direction of the school. Stephan assumed [REDACTED] was looking for headphones but later realized she had forgotten her phone. Stephan continued to observe [REDACTED] walk towards the direction of the school. At this point, Detective Acosta showed Stephan a map of the area where he alleged he dropped [REDACTED] off for school. According to Stephan, he dropped her off on the sidewalk at the intersection of Lilac Cove Lane and Town Loop Boulevard. Stephan stated this was maybe the fifth or sixth time he had dropped her off and it was common for her to ask to be dropped off near the school. According to Stephan, [REDACTED] enjoyed the cold weather and at the time he dropped her off, she was wearing her hoodie.

I asked Stephan if he pulled into the McDonald's plaza to which he advised he did not because she said she did not want McDonald's. I then asked if at any point he made a U-turn and Stephan stated he made a U-turn at the church parking lot to try and "sell her on McDonald's one more time" because he was still hungry. [REDACTED] informed Stephan she just wanted to go to school, therefore, they turned back around. According to Stephan, he made the U-turn in the church parking lot located at 13502 Town Loop Boulevard, Orlando, Florida. Detective Acosta showed Stephan a map that showed the school and McDonald's and asked Stephan to show him on the map his direction of travel.

Stephan stated he was bad at reading maps but that he believed they came across Town Loop Boulevard. Stephan then stated when he drives to the school, he usually takes John Young Parkway and makes a left turn when he sees the McDonalds, onto the same road the school is on. According to Stephan, he uses landmarks to get to the school since he does not know street names.

Stephan again stated [REDACTED] said no to McDonald's and they had "time to kill", therefore, he made a U-turn, "probably by the church" and asked her if she wanted McDonald's again. When he dropped her off, Stephan asked her if it was okay for her to stay this early and [REDACTED] reassured him it was and that she wanted to wait for her friends to get there. Stephan told her to have a "good day and I loved her" She said "She loved me too" and turned around to leave and could see [REDACTED] in his rearview mirror walking towards the direction of the school as she rummaged through her backpack. After leaving the area of [REDACTED]'s school, Stephan went to the local vape shop because he needed more vape juice. The vape shop was not open yet, therefore, he went back to his residence at approximately 1000 hours. Stephan hung out with [REDACTED] for a little while and approximately an hour later, he went back to the vape shop. At this time, the vape shop was open and he was able to purchase the item he needed.

At around 1100 hours, Stephan went back to his residence and hung out with [REDACTED] again. I asked Stephan if [REDACTED] was home the first time he returned to which he stated "Yes, I think so." then stated he was not sure because she had a blood appointment at some point during the day and apologized stating "Sorry, everything is a blur". Stephan then stated he believed she was home because she was trying to sleep in as much as she could because she was "messed up" with her work schedule.

## Incident Report

I asked Stephan if he recalled what time he went to the vape shop and he advised he believed around 1100 hours, stating it was only a ten-minute drive. Stephan stated the shop was called "eSmoker Online Vape shop" which is located at 13651 Hunters Oak Drive, Orlando, Florida. After making the purchase, Stephan returned home where he remained until approximately 1245 hours. At that time Stephan left the residence, heading to the area of US-192 to run several errands. [REDACTED] had mentioned to Stephan she wanted to make a BJ's (Wholesale Club) list and wanted Stephan to be back in time to go with her to pick up [REDACTED]. While on US-192, Stephan visited some card shops because he is a "nerd" and there was a new card that had been released.

Stephan stated he visited "Coliseum of Comics", stopped at a couple of Targets, and was going to go to "House Rules Games" on Oak Street and US-192. Stephan advised he did not make it that far because he got a flat tire. I asked Stephan where he got his flat tire and he informed me it was on US-192 and he had pulled into one of the plazas. Stephan then stated it had been about ten years since he changed a tire and had made many rookie mistakes in the process and ended up pinning his thumb in between the jack and the frame. I asked Stephan which plaza he pulled into and he stated he was not sure but believed it was before Oak Street. Stephan then stated he did not make it back in time because he got a flat tire and [REDACTED] left to pick up [REDACTED] without him. Stephan called [REDACTED] to tell her what happened and apologized profusely for not being back in time to go with her to pick up [REDACTED]. Once back at the residence, Stephan hung out and "straightened" the apartment as he waited for [REDACTED] and [REDACTED].

[REDACTED] then contacted Stephan to let him know [REDACTED] had not come out. At this time, Stephan began getting worried and started making phone calls to [REDACTED]'s family asking them to be on the lookout since she may be walking to them. According to Stephan, this is when "everything started going downhill."

I then asked Stephan if it was normal for [REDACTED] to not have her phone to which he replied [REDACTED] was "severely ADHD," as is her mother and he. Stephan advised due to this it was not unusual for her to forget her phone. I asked Stephan if she was on medication for ADHD and he stated she normally took her medication but had not done so the week prior due to being at her grandparent's residence most of the week, resulting in [REDACTED] being "very spacey". Stephan then stated [REDACTED]'s hours had changed at work which was why he had driven up here to help. As Detective Acosta was reviewing the map Stephan asked if he had messed up his streets again and reiterated that he was bad about streets in the Hunter's Creek area.

I informed Stephan he mentioned he made a U-turn at the church to see if she wanted McDonald's again to which he agreed.

I asked Stephan if he had gone anywhere else since they had "time to kill" to which he stated no. I asked Stephan if there was any reason why he would be back on John Young Parkway and he stated when they tried going to the McDonald's the second time, he would have made a left instead and looped around. I asked Stephan to show me on the map what he was referring to. Stephan stated he was originally going north on John Young Parkway, turned left at the McDonald's (Town Loop Boulevard) towards the school, and made the U-turn at the median located at Lilac Cove Lane and Town Loop Boulevard. Stephan then went back to McDonald's with "still time to kill" and she again stated she did not want McDonald's so he gave her a cheese Danish pastry he had from home. Stephan headed north on John Young Parkway, turned eastbound on Town Center Boulevard, and made a right towards the school. I asked Stephan if he recalled what time he dropped her off and he advised he estimated it was around 0820 and 0840 hours. I asked Stephan if he had the Google Maps application on his phone and he advised he did but he was not mapping it at the time.

At this time, I asked Stephan if he would mind if I looked at his map to which he stated he did not, unlocked his phone, and handed it to me. As I reviewed Stephan's Google Maps, Detective Acosta confirmed once again the route he took that morning. Detective Acosta informed Stephan he stated he had gone up John Young Parkway through Town Center Boulevard and made a right on Town Loop Boulevard before he dropped her off before the underpass south of the church. Stephan again stated [REDACTED] enjoyed the morning walks when the weather was cold and how she did not like to get dropped off in his car because it was an "image thing". Stephan informed Detective Acosta the bell usually rings around 0915 and he had dropped her off that morning earlier than typical since they had "made really good time."

Stephan again confirmed watching [REDACTED] walk towards the direction of the school.

I asked Stephan if he would mind if I checked if he was logged on to his Google account and he replied he was not logged on but that it was okay for me to check. While I looked through Stephan's Google history, Detective Acosta continued to speak with Stephan.

Stephan advised Detective Acosta the morning he dropped [REDACTED] off to school, she had her school laptop which should still be with her. Stephan described [REDACTED]'s backpack as black with greyish hibiscus flowers on it. Detective Acosta asked Stephan if [REDACTED] had ever run away for any amount of time, to which he stated [REDACTED] was very dependent on them and would probably not know what to do if she were to run away. Stephan also stated [REDACTED] was no the type to run away and that she was a good kid. Stephan informed Detective Acosta that [REDACTED] had been tested a while ago and showed signs of being on

## Incident Report

the spectrum of Autism and had been diagnosed with Autism but was later advised she was not Autistic.

I confirmed with Stephan he used Google Maps for directions to which he stated "Yes, go places, search addresses, look at store hours, write reviews. It's a pretty new phone though." As I looked through Stephan's Google Maps account, I noticed he did not have recorded travel on the account consistent with the driving he informed us he had done on February 26, 2024, and February 27, 2024. I asked Stephan when he had returned to the area to assist [REDACTED] and he stated it was on February 25, 2024, at approximately 2030 hours "just in time to make sure she was doing all her nightly routines" as they waited for [REDACTED] to get home. I asked Stephan where he and [REDACTED] looked for [REDACTED] and he stated they stayed local. I asked Stephan if they drove anywhere to which he stated he believed they had not and [REDACTED]'s family was driving around. Stephan stated he did not recall driving anywhere the night of February 26, 2024, and that he was "socked out on Ativan at that point because he was a wreck" and that he was on so many tranquilizers. Stephan stated he had not needed to take Ativan in a while but that he had been having these panic attacks and had been crying and took it to get sleep that night.

Detective Acosta informed Stephan we were trying to establish a timeline of events, at which point Stephan interrupted and stated he was trying his best but he was not a morning person and was trying to give his best guess. Detective Acosta then stated we knew he drove north on John Young Parkway, had made a left at the McDonald's which Stephan agreed, and that he mentioned he had dropped her off around 0820 and 0840 hours. Detective Acosta asked Stephan what time he believed he made the first left at the McDonald's which he stated it was either around 0800 hours or a quarter after 0800. Detective Acosta showed Stephan on the map the direction he stated he had traveled which he again confirmed. Detective Acosta pointed out to Stephan the direction he continued to mention he had traveled was northbound on John Young Parkway. Detective Acosta then asked Stephan why his vehicle was seen traveling southbound in the direction of Kissimmee. Stephan stated he was sorry and that he had forgotten his "gate clicker" and had driven back to his residence. Stephan advised he went through the front gate and had to use his parking pass to grab his clicker and that he had provided the wrong times because he was not a morning person. Stephan stated he had almost arrived at the school and they "had plenty of time to kill," which is why he rushed back to get the gate clicker. I asked Stephan if when I looked at the surveillance for the complex it was going to show him entering the front gate with [REDACTED] in the front seat and he stated "Yes". Detective Acosta asked Stephan if he could not have just waited until after he dropped [REDACTED] off to get his gate clicker which he stated he could have but he liked coming into the complex through the back gate because sometimes they were busy in the front gate and it was better not to wait in a long line.

At this point, I noticed Stephan's phone only contained minimal data on his call history, and appeared as if some of the messaging applications had never been used. I stepped away for a second as Detective Acosta continued to speak with Stephan. While I had walked away, Stephan informed Detective Acosta he had made a joke to [REDACTED] the morning of February 26, 2024, about her Crocs since she wore Crocs and socks. Stephan described [REDACTED] as a "very good girl" who brought a lot of joy and it did not feel the same without her around. Stephan stated [REDACTED] had been so happy and she had been looking forward to him visiting and all of them being together. Stephan stated [REDACTED] called him her "bonus dad", advising they had a very strong bond and that she knew nothing but love in the household. Stephan stated [REDACTED] was doing well in school and she was also singing. He then stated [REDACTED] had sang for him and reminded him of the movie "Sister Act" and he told her he was very proud of her.

I returned to speak with Stephan and asked him if he would unlock his phone again, which he did. I asked Stephan if he had stated did not have his phone the morning he dropped [REDACTED] off. He replied he had forgotten it because he was too busy trying to get [REDACTED] out of the door. I asked him if he had his phone when he went to the smoke shop which he stated he did not the first time but he did the second time. I informed Stephan when I was looking at his call history I had noticed he only had a call log for February 27, 2024, and asked if that was usual on his phone. Stephan stated, "No it's a new phone and ugh stupid I went to do an update yesterday morning and I don't know what the fuck pardon me what the heck I did but somehow during the massive IOS update I managed to factory reset my phone and lose all my contacts and information". I asked Stephan if he recalled what time that occurred which he stated sometime while he was hanging out with [REDACTED].

I informed Stephan I was going to maintain possession of his phone at this time and asked him to please refrain from going back inside his vehicle. Stephan swore everything he told us was true. Detective Hunt stayed with [REDACTED] and Stephan.

At approximately 2038 hours, Osceola K-9 responded to 4012 Santa Maria Drive, Kissimmee, Florida, and conducted a track that yielded negative results.

At this time, Detective Acosta and I responded to the front entrance of the complex and made contact with security in reference to video surveillance. Detective Acosta and I reviewed the surveillance showing both the front and the rear entrance of the complex, which exited onto Dyer Boulevard. In the surveillance footage, I observed a male wearing a red shirt leaving the complex in a 2010 silver Lincoln MKZ through the rear gate at 0750 hours with a female wearing a green sweater in the front seat. This person appeared to be sitting upright with her head slumped over to her left side. At 0819 hours, I observed a male wearing a red shirt enter the complex through the front gate near N. Hoagland Boulevard in the silver Lincoln with someone in the front passenger seat wearing a green sweater and once again slumped over. At 0831 hours, the male wearing a red shirt left the complex in the silver Lincoln MKZ through the rear gate with a female in the front passenger completely slumped over to the left.

## Incident Report

Detective Corporal Jessica Alejos with Orange County Violent Crimes Unit responded to the scene and continued reviewing the surveillance footage.

At this time, I, Detective Tagler, was assigned as the lead investigator to this case.

Detective Acosta and I returned to the residence and I asked Detective Hunt to ask everyone in the house to please exit the residence and to secure the residence.

### Interview with [REDACTED]:

On February 27, 2024, Detective Acosta and I conducted a digitally recorded sworn interview with [REDACTED] at [REDACTED]. Below is a synopsis of her statement:

I introduced myself to [REDACTED] and informed her I was going to be the lead detective on this investigation. I informed [REDACTED] that Detective Hunt had provided me with a synopsis of what had occurred the day [REDACTED] went missing. I informed [REDACTED] I had been advised she had a new job and that she had asked [REDACTED] and Stephan to sleep upstairs because she needed to get rest which she stated that was correct. According to [REDACTED], [REDACTED] had her birthday party on February 25, 2024, beginning at 1500 hours and ending at an unknown time. [REDACTED] had not attended due to being at work. [REDACTED] advised her sister had dropped [REDACTED] off at her house at approximately 2030 hours and she believed Stephan had arrived shortly after that time. Stephan informed [REDACTED] that [REDACTED] had taken her nighttime medication and was getting ready for bed which consisted of taking a shower. [REDACTED] arrived at the house from work at approximately 2230 hours and sent [REDACTED] and Stephan to bed at approximately 2300 hours. I asked [REDACTED] where [REDACTED] and Stephan slept, and she stated upstairs in bedroom number four.

I asked [REDACTED] if it was normal for Stephan and [REDACTED] to sleep in the same room to which she stated sometimes she would send them upstairs when she needed a really good night's sleep. [REDACTED] also advised sometimes they would all sleep together in the king-size bed and other times Stephan would sleep upstairs, meaning [REDACTED] and she would sleep alone. [REDACTED] advised it usually depended on everyone's schedule the following day. I asked [REDACTED] what time she had woken up on February 26, 2024, to which she stated she believed sometime between 0800 and 0815 hours because Stephan had gone into the room to put the leash on the dog.

[REDACTED] got up to assist Stephan with placing the leash on the dog because she did not want him to pee on the bed.

[REDACTED] heard people in the kitchen and as far as she knew, [REDACTED] had gone downstairs to get ready for school.

[REDACTED] then stated [REDACTED] had a makeshift room in the living room that had a television, a desk, a dresser, and a bed. [REDACTED] only used this room to hang out and would never sleep there. I asked [REDACTED] if she visually observed [REDACTED] on the morning of February 26, 2024, to which she stated "No". I asked if she had heard her and she stated she heard people in the kitchen but was not sure if it was her specifically. [REDACTED] then stated the last time she had physically seen [REDACTED] was on February 25, 2024, at 2300 hours when she had sent her to bed. On February 26, 2024, [REDACTED] got out of bed at approximately 0900 hours and left the residence around 0930 hours because she had a doctor's appointment scheduled for 1015 hours. [REDACTED] returned home between approximately 1100 and 1115 hours and believed Stephan was home at this time. I asked [REDACTED] what she and Stephan did when they reunited at the residence. [REDACTED] stated they had chatted for a little bit and she asked "What happened?"

I asked what she meant and she stated Stephan had called her at around 1018 hours to let her know he and [REDACTED] had not gone to McDonald's as planned. According to [REDACTED], [REDACTED] and Stephan had planned to leave early and have a special breakfast at McDonald's and he would then drop her off at school early because she wanted to arrive early. Stephan told [REDACTED] that on the way to school, [REDACTED] was very sleepy and she wanted to sleep, not get McDonald's, and just wanted to get dropped off. He also wanted to let her know he left his phone at home by accident and had gone to the vape shop but they had not opened on time. Stephan waited for a while in front of the vape shop and after they did not open he went back home. After hanging out with [REDACTED] for a while, Stephan left again to go to the vape shop to get what he needed. [REDACTED] then asked if I wanted the name of the vape shop because she believed it might be helpful if I wanted to look at surveillance. I then told [REDACTED] I was advised at some point Stephan had gotten a flat tire and he was not able to go to school with her. I asked [REDACTED] to advise me how she became aware [REDACTED] was not at the school. [REDACTED] stated she normally left her residence at approximately 1430 hours and waited about an hour for her to get out before the bell rang. [REDACTED] waited the entire time and when the bell rang, she noticed [REDACTED] was not one of the first to come out like she normally was. [REDACTED] then realized she was holding up the parent line and at approximately 1610 hours, [REDACTED] drove away.

[REDACTED] was not sure if [REDACTED] knew she was going to pick her up, therefore she drove to [REDACTED], workplace located at [REDACTED]

## Incident Report

██████████ and checked on the way to see if she observed ██████████ walking. When she arrived at ██████████ job, she asked her if ██████████ was there to which she was advised it was still too early. ██████████ then parked on Hunters Park Lane to see if she would see ██████████ walking.

At approximately 1630 hours, ██████████ knew ██████████ should have reached ██████████'s office. ██████████ went back to ██████████'s office and asked if she was there and was told not yet. ██████████ then contacted ██████████'s friend ██████████ and asked if she was with ██████████. ██████████ informed ██████████ ██████████ had not gone to school and that she was not in the first or second period. She then asked ██████████ "What do you mean, we dropped her off close to school. She should have walked to school?". ██████████ informed ██████████ ██████████ was not in any of their periods. ██████████ then began to panic because she believed something was wrong. ██████████ emailed a few of her teachers and one replied saying ██████████ had not made it to his class and had not made it to school at all. ██████████ began to freak out and contacted 911.

I asked ██████████ if it was common for ██████████ to not have her phone to which she stated it was common for her to forget it because she has ADHD, is extremely forgetful, and loses track of time. I asked ██████████ to explain to me where she looked for ██████████. ██████████ stated after speaking with ██████████ she went to the school to confirm her attendance, however, it was already closed. ██████████ backtracked and drove back to ██████████'s office.

After Stephan heard ██████████ did not show up, he went to ██████████'s office. They all waited for law enforcement to arrive at ██████████'s office and they did not return home until they were done speaking with the police. I asked ██████████ where ██████████'s phone was at the time she had gone to pick up ██████████ to which she stated she had taken it with her when she went to pick her up from school. ██████████ advised when ██████████ forgot her phone, she would bring it to her when she would pick her up. ██████████ tried to look through ██████████'s phone while waiting for the police, however, she was in a panic and handed the phone to her sister and niece. They both went through ██████████'s phone, and they did not see anything weird on her phone.

I asked ██████████ where they looked for ██████████ which she stated was in the Hunters Creek area and they returned home at approximately 2000 to 2100 hours. I asked ██████████ if they went back out after that, to which she advised Stephan had gone back out in the middle of the night in her vehicle.

I explained to ██████████ her residence was going to be secured and everyone was going to have to stay somewhere else for the night. I also explained Stephan's car would be towed to the Sheriff's Office for processing because ██████████ was last seen in Stephan's car.

I provided ██████████ with my cell phone, asked her to let me know where she and Stephan were going to stay, and explained to her she could call me at any time if she needed to speak with me.

### Second interview of Stephan Sterns:

On February 28, 2024, Detective Acosta and I conducted a second digitally recorded sworn interview with Stephan Sterns. Below is a synopsis of his statement:

I asked if I had his consent to download his phone or if I needed a search warrant to collect the contents. Stephan said it was fine and provided me with his phone PIN 42586.

I advised Stephan that while digital forensics was looking through ██████████'s phone, they noticed there was a lot of communication between ██████████ and him. I asked Stephan to explain to me the relationship between him and ██████████. Stephan stated he was like a stepfather to ██████████ and she thinks of him as a dad.

I asked Stephan what he and ██████████ spoke about when they would FaceTime, and he stated he would speak to both ██████████ and ██████████.

When I asked Stephan if he recalled what time he had factory reset his phone he stated he was not sure because he was not a morning person but believed it was before he went to the smoke shop. Stephan then stated the update had a weird option about reinstalling everything and he was not paying attention to what he was doing. I asked if he could explain to me how he did the update and he stated it was a push notification that appeared at the top and he had ignored for a long time. Stephan stated this took him to a page with a "system" and he clicked something and was not sure what happened because he was not paying attention. After starting the update, the phone reset.

I asked Stephan to explain to me what he did when he returned to get his key fob. Stephan stated he parked, ran inside to grab the key fob, got back in his vehicle, and left the complex for his "morning mission." Stephan stated after he dropped ██████████ off at 0840 hours, he drove directly to the smoke shop and waited approximately five or ten minutes for them to open. I asked Stephan if he went anywhere else after the smoke shop and he stated he was probably

## ORANGE COUNTY SHERIFF'S OFFICE

## Incident Report

driving towards the direction of home and did not recall stopping anywhere. I advised Stephan his vehicle was seen heading south again at 1000 hours and asked what he had done between 0840 and 1000 hours. Stephan stated he had been "cruising around a little bit". I told Stephan he had originally stated he had been at the smoke shop for about five minutes and headed home. Stephan stated he may have been lingering in the area but had made his way home. I advised Stephan I needed help explaining why there was an hour and twenty-minute gap which he stated he was not sure what to say since it had been a normal day. Stephan again stated the smoke shop was supposed to open soon and he made his way there and was not in any rush. Stephan again stated he was not able to explain the time delay since he had not gone anywhere in particular. I asked Stephan where he went after the smoke shop and he said home.

I asked Stephan if the smoke shop was ten minutes from his residence to which he stated it was fifteen to twenty minutes. I reminded Stephan he had originally stated it was a ten-minute drive and he advised time was not a strong suit of his. Detective Acosta asked Stephan what time the smoke shop opened which he stated at 1000 hours. Detective Acosta then informed Stephan if it opened at 1000 hours and he dropped ██████ off at 0840 hours, he would be going an hour before they were scheduled to open. Stephan stated he did not think it would be open but hoped he would get there early enough for them to open. Stephan then stated he had arrived about fifteen to twenty minutes before they had opened.

Stephan then said he waited a few minutes after 1000 hours for them to open but he realized they were not opening and he left. Detective Acosta stated he had not waited past 1000 hours since his vehicle was heading southbound on John Young Parkway at 1000 hours. Stephan stated his vehicle was still in front of the smoke shop at 1000 hours waiting for them to turn on the open sign and I advised Stephan his time frame was not making sense.

According to Stephan, he was trying to help us the best he could. I reminded Stephan what he had stated and asked how he was there at 1000 hours when it was approximately a ten-minute drive from where he dropped ██████ off. Stephan stated he had taken no particular route to the smoke shop but he had made his way there.

I asked Stephan if he had issues with his memory and he stated he was diagnosed with ADHD, he did not have his phone on him and was not sure of the time. I asked if he had a clock in the car and he stated he believed he did but it was not his car. Stephan then stated he was 90% sure he was in the smoke shop parking lot at around 1000 hours.

I asked Stephan if when he returned to get his key fob, ██████ had gone inside with him.

Stephan stated she had not because she was asleep. I asked Stephan again about the location where he got his flat tire. Stephan stated everything looked the same and he was drawing a blank about any specific businesses and only recalled pulling into a plaza. Stephan stated he was driving towards John Young Parkway and US-192 when it occurred. Stephan recalled going to a Target on US-192 near Walmart and was going to go to House of Cards but got a flat tire somewhere before he got to Oak Street. Stephan was not sure how long it took to change his tire but believed he returned home at approximately 1435 hours.

Stephan again apologized and stated his brain did not work properly because he had ADHD.

While speaking with Stephan, I noticed he was wearing a blue shirt. In the videos from earlier in the day, Stephan was observed wearing a red shirt. Stephan stated he had not changed clothes since the previous morning and did not believe he had showered either. I asked Stephan if I could take a picture of his hands to which he advised it was fine. In the pictures, I noticed Stephan had a significant scar approximately two to three inches long on the top part of his right wrist.

Stephan also had minor scratches to the top part of his left hand. I informed Stephan his phone was going to be downloaded overnight and he would probably not get it back until the following morning, and he stated that was fine.

On February 28, 2024, at approximately 0100 hours, I left ██████'s residence. Officers of the Kissimmee Police Department stayed on scene and assured nobody re-entered the residence.

Detective Acosta maintained visual contact with the silver Lincoln MKZ bearing FL Tag IYLL82 as it was towed by Ace Wrecker to the Orange County Sheriff's Office Central Operations Center, located at 2500 West Colonial Drive, Orlando Florida. Detective Acosta also took Stephan's cell phone to the Orange County Sheriff's Office Digital Forensics Unit, where Sergeant Darko Stamenic immediately began processing the device.

On February 28, 2024, multiple detectives within the Orange County Sheriff's Office responded to the Central Operations Center and began assisting with the investigation. Several orders were authored including a search warrant on ██████'s social media, a search warrant on the silver Lincoln, tracking orders on vehicles bearing Florida tags IYLL82, NVJS91, and IN4911, a search warrant on ██████'s residence, a search warrant on ██████'s discord account, Google search warrant on email address ██████ and an Infotainment System search warrant on the GPS located in the Lincoln

## Incident Report

(please see all the supplements for further information). During this time, it was discovered [REDACTED]'s vehicle had been driven on February 27, 2024, between the hours of 0327 and 0425 hours in the area of US-192. [REDACTED]'s vehicle had also traveled on February 28, 2024, between the hours of 0442 and 1055 hours between US-192 and southwest to North Port, Florida.

After Stephan's phone had been successfully downloaded the morning of February 28, 2024, Sergeant D. Stamenic within the digital forensics unit contacted Corporal Avila to advise him there was child sexual abuse material (CSAM) on Stephan's cell phone. During a review of the pictures, we observed several images that contained [REDACTED] performing oral sex on a penis, [REDACTED] being penetrated both vaginally and anally with a penis, and [REDACTED] posing nude. In these pictures, the background was readily identifiable and we were able to determine these incidents occurred at [REDACTED] Florida. In a picture located on Stephan's phone, we observed a black mark near the tip of the shaft in a picture of a penis. At this time, the Kissimmee Police Department was advised of the findings, and Detective Corporal Brandon Illgen (KPD) and Detective Mark Morris (KPD) responded to the Central Operations Center.

The search warrant for [REDACTED]'s residence was served on February 28, 2024, at approximately 0800 hours. In the residence, Detectives were able to locate several items observed in the CSAM images located in Stephan's phone.

While conducting the investigation early on the afternoon of February 28, 2024 members of [REDACTED]'s family requested to travel to the Orange County Sheriff's Office Central Operations Center to attend the Sheriff's press conference. [REDACTED] and Stephan were offered a ride by Detectives Hunt and Acosta. They agreed to the rides and were driven separately. Upon their arrival, Detective Corporal Illgen, Detective Morris, and I made contact with [REDACTED] (please see Kissimmee case number 24-001809 for further details).

As we spoke to [REDACTED], members of the Violent Crimes Squad (VCS) continued to canvass the area for video surveillance.

Prior to finishing the interview with [REDACTED], I was advised the VCS had located a video of Stephan discarding something in the trash compactor located in his apartment complex on February 26, 2024, at 0735 hours. In this video, they observed a female wearing a green sweater in the front passenger seat of the vehicle. The female appeared to be completely slumped over and with her mouth ajar. At this time, Detective Belardes established custody of the trash compactor until Waste Management arrived for their regularly scheduled pick-up. Detective Belardes then followed the trash compactor to 4978 L B McLeod Road, Orlando, Florida where the compactor was emptied. Contact was made with Waste Management's District Manager Antonio Roman who provided a separate area for the compactor to be emptied. Antonio was provided an approximate date and time that Stephan Sterns was seen throwing a tire into the compactor. Based on that information, Antonio was able to provide an approximate location where the tire would be located in the contents of the compactor.

The Orange County Sheriff's Office Forensics Unit responded to the location and was able to locate the intact tread of a tire, which they advised matched the tread pattern of the rear passenger tire of Stephan's vehicle. In close proximity to the tire, the Crime Scene Investigators located a white trash bag that contained a black backpack with what appeared to be a purple Hawaiian print and a white Croc. Inside the backpack, CSIs located an Orange County Public School computer with [REDACTED]'s name on it. Based on this information, it was determined the backpack and its contents belonged to [REDACTED]. The Forensics Unit collected the tire, backpack, and Croc.

Upon reviewing the evidence it was determined the Kissimmee Police Department would be taking the lead and the case was subsequently turned over. The Orange County Sheriff's Office remained active in a support role.

Detective Corporal Illgen and Detective Morris conducted a video and audio-recorded sworn interview of Stephan at Central Operations (see Kissimmee Police Department case number 24-001809 for further details).

After Stephan's interview, the Orange County Sheriff's Office forensics unit responded to interview room one in the Central Operations Central in reference to a DNA search warrant for Stephan. During this warrant, the CSI took several pictures of Stephan's body and penis and collected all his clothing. Detective Junco and I located a black mark on Stephan's penis which was consistent with the penis pictures on his cell phone. Pictures of Stephan's scar on his right wrist were also taken.

Stephan was taken into custody for the arrest warrant authored by detectives with the Kissimmee Police Department for sexual battery (familial/custodial authority) and Possession of Material Sexual Performance by a Child.

Following the interview and search warrant [REDACTED]'s vehicle was towed to the Central Operations Center.

# Incident Report

On February 29, 2024, the Orange County Sheriff's Office continued to assist the Kissimmee Police Department by continuing to canvass and search areas Stephan had traveled.

A search warrant for [REDACTED]'s vehicle was authored and served on February 29, 2024.

On March 1, 2024, Detective Leonard Jones responded to the area of Destination Parkway and John Young Parkway to canvass for evidence. During that time, Detective Jones responded to "Holiday Inn Club Vacations" located at 9271 S. John Young Parkway, Orlando, Florida, 32819. While reviewing the surveillance, Detective Jones observed that at approximately 0940 hours, the target vehicle (Silver/Gray "Lincoln" MKZ, FL Tag: IYLL82) turned onto the above business property from Emissary Ave, then proceeded to their parking garage. While in the parking garage, a male wearing a dark hat, red shirt, and tan pants exited the vehicle and opened the trunk. The male then walked to the front passenger side of the vehicle, opened the door, and proceeded to carry what appeared to be a limp body to the trunk of the vehicle (see Detective Jones' supplement for further details).

On March 1, 2024, the Kissimmee Police Department issued a bulletin requesting information from the public. In the bulletin, KPD advised Stephan had changed a flat tire in the area of US-192 and Old Hickory Tree Road. Kissimmee Police Department later received a tip stating she had observed a male matching Stephan's description and vehicle change a tire and directed them to the location. Deputies with the Osceola County Sheriff's Office responded to the scene and located what appeared to be a female wearing a green sweater and blue jeans in the wooded area.

Detective Illgen and Detective Morris responded to 5680 Hickory Tree Road, Kissimmee, Florida where they confirmed it was the body of [REDACTED]

On March 1, 2024, at approximately 1916 hours, I spoke with Teletype Operator Mancuso EID 7983 who removed [REDACTED] from NCIC/FCIC as missing.

Response to [REDACTED]

On February 28, 2024, at approximately 0738 hours, I, Detective Julie Junco (EID 6731), responded to [REDACTED] in reference to assisting Detective Maira Tagler (EID 8601) with a Search Warrant at the residence. The above residence was located with the [REDACTED] [REDACTED]. Below is a synopsis of my involvement in this case:

### Scene Security

When I arrived on scene, Orange County Sheriff's Office (OCSO) Corporal Kenneth Dale (EID 7590) and detectives from the Kissimmee Police Department (KPD) were there securing the scene. I assisted with maintaining scene security until the OCSO Forensics unit responded to process the residence.

Prior to conducting the search, detectives at the site of the search were notified by detectives at OCSO's Central Operations building (2500 W. Colonial Drive, Orlando, Florida 32804) that there was evidence of sexual abuse towards [REDACTED] (13-year-old Victim) at the hands of her step father, Stephan Sterns (37-year-old Suspect). The evidence was located on Sterns' cellular device. Some of the sexual abuse appeared to have occurred at the [REDACTED] address.

Contact with [REDACTED] (Victim's Aunt) and [REDACTED] (Victim's Grandfather)

At approximately 0954 hours, [REDACTED] and [REDACTED] approached detectives on scene. I spoke with them, and a portion of our conversation was audio-recorded by Detective Matthew Chiang (EID 10015). Below is a synopsis of our conversation:

# ORANGE COUNTY SHERIFF'S OFFICE

PO Box 1440 Orlando, FL 32802  
407.836.4357

Case #:24-011313

Incident #: 24-011313.004

██████████ and ██████ requested an update and said detectives had already interviewed them. They did not have additional information to provide that was not already known.

██████████ and ██████ were visibly emotional and appeared concerned for ██████████'s wellbeing. ██████████ said she did not believe ██████████ ran away because ██████████ she did not believe ██████████ would do that.

They described ██████████'s recent birthday celebration, and did not know of any reason why ██████████ would be upset.

To their knowledge, ██████████ had not been in communication with any of their family members since she had been reported missing.

## Execution of Search Warrant

### Room #4

At approximately 1130 hours, I assisted with searching a room in the residence on the second floor identified by a chrome number "4" on the outside of the door. Inside of the room, I located a black backpack, which had one orange bottle of "So-low lotion" in it. The back of the bottle identified the product as, "masturbation cream." I photographed the item, pointed it out to Crime Scene Investigator (CSI) Shea Janiak (EID 9444), and she collected it.

### ██████████'s Designated Space

At approximately 1150 hours, Detective Leonardo Sauri (EID 9477), Detective Matthew Chiang (EID 10015) and I made contact with Detective Tagler and Detective Kyle Cole (EID 8656) via the phone. Via a video call, they showed us digital photographs of (presumably) Sterns sexually abusing ██████████. The purpose of viewing the child sexual abuse material (CSAM) via a video phone call was to ensure the correct evidence was collected and preserved to the best of our abilities. We examined the clothing worn by both ██████████ and Sterns, along with surrounding items such as sheets, blankets, and other articles of clothing. We were able to identify some of the items seen in the photographs in a downstairs area that

was previously described by detectives as [REDACTED]'s room.

The space appeared to be the living room of the apartment turned into a bedroom with a folding room divider between the bedroom space and the kitchen/dining room. This area was located on the far right of the apartment's first floor when you enter from the front door.

The items we located were documented and collected by CSI Janiak.

### Contact with Ray Ortiz (Operations Manager for Security)

At the conclusion of the search, I made contact with Corporal Evan Avila (EID 8147) via the phone. Corporal Avila notified me the front office staff of the complex had been working on providing video surveillance from the complex. An unknown staff member stated the process to provide the video was going to take approximately six hours due to how it had to be viewed and downloaded from the system. At approximately 1345 hours, I made contact with [REDACTED], who identified himself as the Operations Manager for Security. I provided [REDACTED] with my direct agency phone number, and requested he notify me immediately when the video surveillance was ready to be collected. [REDACTED] provided his phone number, [REDACTED].

I did not hear back from [REDACTED], but later found out he had been in communication with other OCSO detectives.

### OCSO's Central Operations

After speaking with [REDACTED], I went to OCSO's Central Operations building. While there, I maintained security outside of an interview room where Sterns was located and was waiting to be interviewed.

KPD detectives interviewed Sterns, and I monitored a portion of the interview electronically from a room nearby. At the conclusion of the interview, I assisted KPD detectives with the collection of photographs, clothing, and DNA evidence from Sterns' person based on a signed warrant they had. I located a black freckle or mark on Sterns' penis that was visible in some of the photographs/videos found while examining the photographs/videos of Sterns sexually abusing [REDACTED]. In the photograph used to

compare the mark, (presumably) Sterns is wearing a red and white Deadpool shirt, which was seen in multiple photographs where [REDACTED] was being sexually abused.

OCSO's CSI Ivory Smith (EID 11068) collected the evidence. This collection was conducted on the same audio and video-recording as Sterns' interview.

At some point while Sterns was in the interview room, I took a vape pen from him, which I discarded in the trash at KPD's direction.

## Evidence Examination

At one point, while examining the photographs of [REDACTED] being sexually abused to ensure all potential evidence was collected, I located a photograph of Sterns with his face visible and his tongue on (presumably) [REDACTED]'s nipple. The photograph was titled "20220722\_041546.jpg" and was found in an album full of photographs of child sexual abuse material of [REDACTED].

## Waste Management (WM) Information

On February 29, 2024, Corporal Avila requested I gather information on the trash collection procedures at the complex Sterns and [REDACTED] lived in. At approximately 1000 hours, I made contact with WM by calling 407-464-0664.

I spoke with "Cree" who was unable to access the information for the requested address ([REDACTED]). Cree transferred me to "Ray" (referred to as such) from the Florida area WM commercial department. He said WM collected the compactors from [REDACTED]. The trash would be taken to the Orlando Transfer Station (4986 LB McLeod Road, Orlando, Florida 32811) serviced by WM Orlando (3510 Rio Vista Avenue, Orlando, Florida 32805). It is unknown how long the trash would remain before it would be transferred to either, Pine Ridge landfill (5400 Rex Road, Winter Garden, Florida 34787) or the Vista landfill (242 West Keene Road, Apopka, Florida 32703).

WM was the residential hauler for all of Osceola County, meaning they picked up any trash from individual residences. They also hauled for any commercial property within the city limits for Kissimmee, Florida.

Ray said he was the only "Ray" in the Florida WM commercial department, but he could not provide a phone number to be directly connected to him again. He provided a more direct number for the commercial department, 866-724-2989.

## Emergency Response Team (ERT) Command Post

On March 1, 2024, at approximately 0922 hours, Corporal Avila asked me to respond to 9400 Southpark Center Loop, Orlando, Florida 32819 in reference to meeting with OCSO's ERT team. While there, I was the liaison between ERT and the Criminal Investigations Division (CID).

At approximately 1240 hours, I was notified ERT located large bones in the wooded area. I notified Corporal Avila, who was with Corporal Alexander Richards (EID 6922) from OCSO's Homicide unit. Corporal Richards instructed me to contact the Medical Examiners (ME) office to show them the bones in order to determine if they were from a human.

I collected photographs of the bones and sent them to the ME. Per Doctor Zydowicz, they are "non human." The ME stated the bones still needed to be collected and submitted to them. At approximately 1302 hours, I contacted OCSO's Forensics, and spoke with CPI Janiak who responded out to collect the bones. I documented this under OCSO case number 24-012107.

ERT units located a camera at 2405 Commerce Park Drive, Orlando, Florida 32819. I sent this information to Corporal Avila, and requested he have a unit respond to check the cameras. OCSO's Violent Crimes Squad located video footage of Sterns' vehicle at the above address and were then able to trace him to other nearby locations where I was told Sterns was seen moving [REDACTED] from the front seat of his vehicle to the trunk.

ERT located a pair of underwear and a dress in the same wooded area the bones were located in, but further south. CSI Janiak collected both items.

On March 1, 2024, OCSO received confirmation [REDACTED] had been located deceased in Osceola County. This concluded my involvement with this investigation.

### Supplement

On February 28, 2024th at approximately 1940 hours I, Deputy C Vasquez (EID 10859), spoke contact with a caller who stated she may have seen a missing juvenile on Monday February 26, 2024.

My investigation revealed:

On February 28, 2024th at approximately 1940 hours I, Deputy C Vasquez (EID 10859), I spoke with a caller who stated she may have seen a missing juvenile on Monday February 26, 2024. The female caller Maria Anne (OTHER) stated on February 26th, 2024, at approximately 1330 hours, she was driving on hunters Creek Boulevard and noticed a young girl crossing the street. Maria stated the young female was wearing a green hoodie and carrying a backpack in one hand and a plastic bag in the other. Maria was unsure the color of pants that the female was wearing she said it might be white or black. Maria also stated the backpack was cream colored and her shoes were white. Maria stated the female was crossing Hunters Creek Blvd from the north side to the south and walking east towards Orange Blossom trail. Maria stated she remembers it was by an old golf course that was in the area. Maria stated the female was alone when she noticed her crossing the street and she was driving by when she saw the female. Maria was unsure if it was positively her but wanted to share the information as it just came to mind.

Sex crimes was notified and will be routed to Sex crimes for further investigation.

This concludes my involvement in this supplement.

On February 28, 2024 at approximately 1935 hours I, Deputy First Class Rene Davila (EID 7453), was contacted by Corporal Alexander Richards (EID 6922) from the Homicide Unit. Corporal Richards requested assistance with utilizing my K9 partner, K9 Archer, to conduct a sweep of 2 vehicles for human remains due to the fact K9 Archer is trained in human remains detection. I then responded to the southern fenced in parking lot of the Orange County Sheriff's Office Central Operations located at 2500 West Colonial Drive.

At 2005 hours I conducted a sweep of the first vehicle which was a 2010 silver Lincoln bearing a Florida tag of IYLL82. K9 Archer did not give a final alert to the 2010 silver Lincoln. At 2210 hours I then conducted a sweep of a 2022 Nissan sedan which had a Florida tag [REDACTED] attached. Upon conducting the sweep K9 Archer showed a changed in behavior then gave a final alert by the rear passenger wheel well. I informed Corporal Richards of the results.

The sweeps were recorded on my agency issued body worn camera.

### \*\*\*\*\*Supplemental Report\*\*\*\*\*

On February 28, 2024, I, Detective Robert Fischer, responded to the [REDACTED] for the purpose of distributing missing person flyers and reviewing video at the complex, to look for relevant content.

Upon arriving at the complex, I passed out flyers at the following addresses:

[REDACTED]  
Unit 102 Vacant  
Unit 105 Left flyer at door

[REDACTED]  
Unit 107 Left flyer.

I then went to the office to review video; I observed the following:

On February 26, 2024, at 0735 hours, videos that captured the trash compactor on the property show a male, determined to be Stephan Sterns, wearing a red tee shirt and dark color hat, worn backwards, arrived in a silver Lincoln sedan. Sterns threw a white trash bag, filled with items, inside the trash compactor before pulling away. A female, believed to be [REDACTED], is visible in the front passenger seat. Her head is visible, tilted on her left shoulder, and her mouth was open. She was belted into the seat.

At 0819 hours, the Lincoln sedan appears at the front gate where the driver, Sterns, interacted with a security guard before being allowed to enter the gate at the front of the complex. Additional video collected from near the rental office, which captured the roundabout, showed the female, believed to be [REDACTED] in the same position as the previous video at 0736 hours.

At 0831 hours the silver Lincoln exited the back gate, the video captured the female still in the same position as the other videos, still in the front passenger seat.

Due to difficulties with the wireless cameras at the rear of the complex, I was not able to obtain further video of the vehicle entering or exiting the back gate. Reviewing the front gate video, I did not observe the silver Lincoln come cake through the front gate between 0830 hours and 1640 hours.

At 1635 hours, multiple cameras captured Sterns arriving to the trash compactor in the silver Lincoln sedan. Sterns is wearing what appears to be a blue shirt and the dark color hat, worn backwards. Sterns walked to the compactor, opened the door, and returned to his vehicle. Sterns removed a damaged tire, what appeared to be the tread of the tire, with no walls. Sterns threw the tire into the compactor. I submitted video, which I captured on cell phone, to evidence.com under this case number.

All videos were exported to a USB, which I will be providing to the Kissimmee Police Department to continue this investigation.

I also collected visitor log records from the complex for February 26, 2024. I completed a business certification record for the video and log.

All videos and documents collected will be turned over to the Kissimmee Police Department.

### \*\*\*\*\*Supplemental Report\*\*\*\*\*

On February 26, 2024, the Orange County Sheriff's Office was made aware of a missing juvenile. The juvenile, [REDACTED], was reported to last have been seen at [REDACTED], within Orange County, Florida. Deputy Franky Joseph (10644) responded to [REDACTED] and met with the reporters, Stephan Michael Stern (Stepparent) and [REDACTED] (parent).

On February 28, 2024, I, Detective Rembis-Licari, I was informed of the incident and responded to [REDACTED] to assist in the investigation.

I first located the neighborhood's dumpster, which was behind the basketball courts. The dumpster had a trash compacting function that did not allow for me to see its contents other than the couple of bags that were yet to be compacted. I observed several cameras in the area that pointed at the dumpster.

I then assisted with a door-to-door area canvass and missing juvenile flyer distribution at the following addresses:

[REDACTED] apartments 101 through 108  
[REDACTED] apartments 101 through 108

At [REDACTED], I made contact with Barbara and Gerald Belmore and interviewed them. I later returned to their residence and conducted a consensual audio-recorded sworn interview. I uploaded the recorded interview into evidence via Axon. The following is a summary of those interviews.

Barbara and Gerald have spent their winters and springs at the complex for the past eighteen years and know [REDACTED], [REDACTED]'s grandfather. [REDACTED] resided with [REDACTED] and her mother ([REDACTED]) for many years and helped raise [REDACTED]. A few years ago, [REDACTED] moved out, and [REDACTED] married [REDACTED]'s stepfather (Stephan).

Barbara and Gerald believed Stephan worked out of town, because they arrived at the complex in December 2023, and they had not seen until approximately a week ago. Barbara and Gerald were unsure what kind of vehicle he drove, but they had seen him a couple days back going into [REDACTED]'s white vehicle. The described Stephan as a tall white male with a full beard that usually wears a baseball cap backwards.

According to Barbara and Gerald, [REDACTED] never walked home to or from school. [REDACTED] drove her to and from every day. However, they did not remember seeing her return from school on Monday or Tuesday. They believed the last time they saw her was Saturday or Sunday, when she was walking the family dog which caught their eye, because [REDACTED] usually walked the dog.

# Incident Report

On Monday night, Barbara looked through her window and observed three people at [REDACTED]'s door, one of them was an adult male, one an adult female, and she was unsure about the third one. Barbara saw one of them high someone. It caught Barbara's eye, because ethe family does not have many visitors.

Barbara and Gerald described [REDACTED] as a sweet girl adored by her grandfather. The added that she was a homebody and very polite.

At the conclusion of the area canvass I responded to the clubhouse, [REDACTED] where I met with detectives and reviewed surveillance video from the dumpster areas and front gates, to include a video in which a security guard made contact with Stephen on the morning of the incident. The security guard was later identified as [REDACTED]. Alex was contacted and he responded to the club house, where he was interviewed by Detective Kyle. I was present during the interview.

### \*\*\*\*\*Supplemental Report\*\*\*\*\*

On February 28, 2024, I responded to [REDACTED] to assist with the investigation of [REDACTED]'s disappearance. Upon arrival, I assisted with canvassing the area for video and handing out fliers to residents. While on scene, it was determined the community trash compactor had not been picked up since her disappearance.

I located the trash compactor in the community to and established custody of it until Waste Management arrived for their regularly scheduled pick up. I then followed the trash compactor to 4978 L B McLeod Road where the compactor was emptied. Contact was made with Waste Management's District Manager Antonio Roman who provided a separate area for the compactor to be emptied. Antonio was provided an approximate date and time that Stephan Sterns was seen throwing a tire into the compactor. Based on that information, Antonio was able to provide an approximate location the tire would be located in the contents of the compactor.

The Orange County Sheriff's Office Forensics Unit responded to the location and was able to locate the intact tread of a tire, which they advised the tread pattern matched the rear passenger tire of Stephan's vehicle. In close proximity to the tire, the Crime Scene Investigators located a white trash bag that contained a black backpack with what appeared to be purple Hawaiian print and a white croc. Inside the backpack, CSIs located an Orange County Public School computer with [REDACTED]'s name on it. Based on this, it was determined the backpack and its contents belonged to [REDACTED]. The Forensics Unit collected the tire, backpack, and croc.

Detectives at [REDACTED] provided photos of the surveillance video showing Stephan throwing a similar looking trash bag into the compactor on February 26, 2024 at approximately 0730 hours.

Antonio signed the consent the search portion of a Waivers and Affidavits Form, which provided consent to Orange County Sheriff's Office employees to search the Waste Management property and trash compactor to collect the evidence.

This concluded my involvement in the case.

## Narrative

\*\*\*\*\*Supplemental Report\*\*\*\*\*

While conducting a canvass in the area of Gateway Avenue and Gifford Boulevard, Orlando, Florida 32821, Orange County Sheriff's Office Detective Christine Shaw and I discovered a gray graphic tank top near the bank of a retention pond that was located approximately 50 feet east of the aforementioned intersection. This shirt was approximately 10-15 feet west of the bank of this retention pond. This graphic shirt was photographed and later placed into a secure Orange County Sheriff's Office evidence locker.

### SEARCH WARRANTS:

On February 28, 2024, I authored an exigent [REDACTED] search warrant for the phone numbers [REDACTED] and [REDACTED]. The search warrant was signed by Judge Reginald Whitehead of the 9th Judicial Circuit, Orange County, FL. The signed warrant was provided to the Electronic Surveillance Support Team (ESST) to be served to the service providers. ESST provided the results of Pen Register, Trap, and Trace Device search warrant for the phone numbers and they are attached to this report.

On February 28, 2024, I authored an exigent [REDACTED] search warrant for Meta Inc. in reference to [REDACTED]'s Instagram account [REDACTED]. The search warrant was signed by Judge Reginald Whitehead of the 9th Judicial Circuit, Orange County, FL and I submitted the signed warrant to Meta Inc's law enforcement portal. On March 1, 2024, I received a response from Meta Inc and they advised they denied the warrant in reference to the Instagram account.

On February 28, 2024, I authored an exigent search warrant for the vehicle, white 2010 Nissan Sentra with the license plate [REDACTED]. The search warrant was signed by Judge Reginald Whitehead of the 9th Judicial Circuit, Orange County, FL. The signed warrant was provided to OCSO Homicide Unit to be executed.

On March 1, 2024, I conducted the search warrant return to the Clerk of the Courts for the search warrant for the vehicle, white 2010 Nissan Sentra with the license plate [REDACTED].

### TOWNE PLACE SUITES ORLANDO AT FLAMINGO CROSSING

On February 28, 2024, I responded 13295 Hartzog Road, Winter Garden, FL 34787, Room 239. I checked with the hotel staff and they advised Room 239 was checked in by Stephan Stern and they had already checked out of the room on February 28, 2024 at approximately 1200 hours. Stephan had rented the room for only one night. The hotel staff allowed me to inspect the room. The room had not been cleaned by housekeeping yet and I observed no personal belonging left behind in the room.

### CONCLUSION:

I took no further action in this case.

Sworn to (or affirmed) and subscribed before me by means of  physical presence  online notarization.

### \*\*\*\*\*Supplemental Report\*\*\*\*\*

On Thursday February 29, 2024, while conducting a canvass in the area of Gateway Avenue and Orangewood Blvd. I, Detective Alices located exterior cameras at Exxon Gas Station at the address of 5051 Gateway Avenue Orlando, FL 32821. The camera appeared to be pointed to the street area. Upon review, located what appeared to be a silver car traveling eastbound at approximately 09:16 hours on February 26, 2024. The vehicle appeared to have no tint on the windows as you can see through the windows as it drives by. A copy of this video was submitted to Axon. This concludes my involvement for this case.

### \*\*\*\*\*Supplemental Report\*\*\*\*\*

On Wednesday February 27, 2024, I, Detective Freeze, responded to the area of 5244 Los Palma Vista Drive, Orlando FL 32837. Upon my arrival, I made contact with Deputy Andrews who advised that pieces of unknown article had been located near the pond that sits behind the residence, and other homes in the neighborhood.

Photos of the item was taken by Deputy Andrews.

Contact was made with the homeowner, Yolanda Nunez, who advised she did not recognize the article.

The article is a soft cloth material which is yellow in color. The item was ripped in three different pieces.

This concludes my involvement in this case.

### \*\*\*\*\*Supplemental Report\*\*\*\*\*

On March 01, 2024, Orange County Sheriff's Office Violent Crimes Detective, Leonard Jones was tasked with assisting in this investigation. After Jones received a short briefing on the latest details of this investigation, he responded to the area of Destination Parkway and John Young Parkway to canvass for evidence. During that time, Jones responded to "Holiday Inn Club Vacations" located at 9271 S. John Young Parkway, Orlando, Florida, 32819. Upon arrival, Jones made contact with the business' Corporate Facilities Senior Manager, Jeremy Garcia who allowed Jones to review their surveillance footage from February 26, 2024.

According to the surveillance footage, Jones discovered that at approximately 0940 hours the target vehicle (Silver/Gray "Lincoln" MKZ, FL Tag: IYLL82) turned onto the above business' property from Emissary Ave, then proceeded to their parking garage. At approximately 0941 hours the vehicle arrived on the top level of the parking garage then backed into a parking space. At approximately 0942 hours, a fair skinned male wearing what appeared to be a dark hat, reddish shirt, & tan pants exited the vehicle from the driver's seat then walked to the back of the vehicle and opened the trunk. The male then walked to the front passenger-side of the vehicle, opened the door, then proceeded to carry what appeared to be a limp female body to the trunk of the vehicle. At approximately 0944 hours the same male subject entered the driver's seat of the same vehicle then drove away. The vehicle was then seen exiting the parking garage from the ground level then leaving the business' property onto Emissary Ave.

Jones then collected the surveillance footage as well as a signed Business Record Certification from Garcia to be later placed into evidence at the Orange County Sheriff's Office.

### \*\*\*\*\*Supplemental Report\*\*\*\*\*

#### INVESTIGATIVE DETAIL

On February 27, 2024, I Detective Matthew Chiang (EID 10015) responded to [REDACTED] to assist Detective Maira Tagler (EID 8601) in reference to a missing person's investigation.

#### SEARCH WARRANT

On February 27, 2024 I authored a Search Warrant to search the residence of the 13-year old victim, [REDACTED], located at [REDACTED]. The warrant was subsequently signed by the Honorable Judge Reginald Whitehead.

#### Review of traffic cameras

On February 27, 2024 through law enforcement resources, I observed a silver Lincoln sedan with Florida license plate IYLL82 traveling through multiple locations in Orange and Osceola county Florida. The silver Lincoln was registered to Stephan Stern's father, but was primarily used by Stephan Sterns. The information I observed was provided to Kissimmee Police (KPD) Detective Brandon Illger and Detective Tagler.

On February 28, 2024, KPD Detective Illger provided me additional information regarding the location of Stephan's vehicle as it traveled through Saint Cloud and Osceola County. The information obtained was forwarded to Detective Tagler and the Orange County Sheriff's Office Command Post.

#### Search of [REDACTED]

On February 28, 2024 I was served the search warrant for [REDACTED] and assisted the Orange County Sheriff's Office Forensics Unit in searching the apartment. Simultaneously during the search, detectives learned of photographs and videos on Stephan's phone where Stephan appeared to have sexual intercourse with the 13-year old victim, [REDACTED]. We were able to locate multiple articles of clothing worn by both Stephan and [REDACTED] in the photos. Multiple articles of bedding and towels observed in the photos were located as well. All items were documented and collected by Orange County Sheriff's Office Forensics Unit for evidence.

On February 29, 2024, I assisted Osceola County Forensics Unit in collecting additional evidence from [REDACTED]. I transported Stephan's cellphone from the Orange County Sheriff's Office Central Operations Building located at 2500 West Colonial Drive, Orlando Florida to [REDACTED] to reference the photographs located on the phone during the search. Numerous additional clothing items, towels, and bedding was located inside the apartment located at the above address. Stephan's cell phone remained in my possession and was returned to a secured digital evidence locker located at the Orange County Sheriff's Office Central Operations Building after the search. All evidence found at the apartment was documented and collected by the Osceola County Forensics Unit.

It should be noted prior to the search of Stephan's apartment, I was advised there were photographs located on Stephan's phone where he appeared to record his roommate, [REDACTED] in secret. While at the apartment, I was able to utilize Stephan's cell phone and recreate the angle and contents of the photographs by placing his cellphone under the crack of [REDACTED]'s bedroom door. I photographed the placement of Stephan's cellphone and uploaded it to evidence.com.

#### Download and Review of Google Drive Search Warrant Return

On March 1, 2024, I assisted Detective Taylor Heller (EID 9075) with downloading and conducting an initial review of the Google search warrant return of the Google account belonging to Stephan Sterns. During the initial review, I observed numerous photographs in the return which I had also observed to be located on Stephen Stern's cell phone as well.

On March 4, 2024, the evidence was transferred on a hard drive to Kissimmee Police Detective Mark Morris (Badge number 515)

## Narrative

### \*\*\*\*\*Supplemental Report\*\*\*\*\*

On Wednesday, February 28, 2024, Detective Andrew Calise (EID#: 7774) with the Orange County Sheriff's Office Homicide Unit assisted in investigating in a missing person juvenile. The juvenile was identified as [REDACTED]. The following is Detective Calise's involvement with the case.

Detective Calise was tasked with authoring historical phone orders for [REDACTED] (Mother), Stephan Sterns ([REDACTED]'s boyfriend), and [REDACTED] (Missing Person). Below are the phone numbers associated with each person:

- [REDACTED]
- Stephan Sterns: 407-256-1832
- [REDACTED]

Once the Historical Phone orders were authored, all orders were reviewed and approved by Honorable Judge Whitehead. Once the orders were approved, they were submitted to the phone companies with the assistance of FDLE.

Also, on Wednesday, February 28, 2024, Detective Andrew Calise, along with Orange County Sheriff's Office Sex Crimes Detective Luis Acosta (EID#: 9910), interviewed with [REDACTED]. This interview was conducted at the Orange County Sheriff's Office Central Operations building. The interview was audio recorded and uploaded to evidence.com. The following is a synopsis of the interview. It should be noted Detective Calise did not conduct the entire interview. After answering a few questions, Detective Calise stopped the interview and waited for Detectives from the Kissimmee Police Department. The following is a synopsis of Detective Calise's interview.

During the interview, [REDACTED] confirmed that [REDACTED] lives with her and that her boyfriend of approximately seven years was Stephan Sterns. As the interview continued, [REDACTED] stated that on "rare" occasions, [REDACTED] and Stephan slept in the same bed. According to [REDACTED], the reason for this is so she could get some sleep because sometimes all three of them sleep in the same bed. [REDACTED] also confirmed with Detective Calise that she and Stephan had been sexually intimate. Detective Calise presented [REDACTED] with various images that were recovered from Stephan's cellphone. The first image was a hand placed on the buttocks of a white female. After viewing the image, [REDACTED] identified this hand belonging to Stephan.

Next, Detective Calise showed [REDACTED] a close-up photograph of a white male penis. [REDACTED] viewed the picture but was unable to identify the penis. Detective Calise then presented [REDACTED] with another image of a penis pulled over a pair of pants. Again, [REDACTED] viewed this image and identified the penis as belonging to Stephan. [REDACTED] believed this was Stephan's penis based on the clothing and blanket near the penis.

A few moments later, Detective Calise paused the interview with [REDACTED] and waited for Kissimmee Police Department Detectives to respond so the interview could continue. Detective Calise did not participate in the interview with [REDACTED] once Kissimmee Detectives arrived.

On Thursday, February 29, 2024, Detective Calise, along with other Orange County Sheriff's Office Homicide Detectives, conducted an extensive area canvass near Old Hickory Tree Road. This canvass was met with negative results.

This concludes Detective Calise's involvement with this case.

### Narrative

\*\*\*\*\*Supplemental Report\*\*\*\*\*

**February 28, 2024**

#### Briefing:

On February 28, 2024, at 10:00 a.m., I was briefed regarding the missing person case of [REDACTED].

#### Contact with Kissimmee Police Department:

I was tasked with meeting with Kissimmee Police Department Detective B. Illgen. It was learned the vehicle of Stephan Sterns, a silver 2010 Lincoln MKZ (FL tag number IYL-L82) was observed traveling on Old Hickory Tree Road as it passed Hickory Tree Elementary School located at 2355 Old Hickory Tree Road, St. Cloud, Florida 34772. I was informed the vehicle passed the school on Monday, February 26, 2024, at approximately 1:12 p.m. as it traveled south towards Nolte Road. On Monday, February 26, 2024, at approximately 2:17 p.m., the same vehicle passed the school traveling north towards Interstate 192.

I met with Detective Illgen of the Kissimmee Police Department at the Hickory Tree Elementary School. I made contact with Patricia O'Neil and conducted a sworn audio recorded statement with her outlining the fact that she was the custodian of records for the surveillance video at the school. Patricia O'Neil provided the surveillance video electronically.

#### Canvas

Next, I conducted a canvas along Old Hickory Tree Road. I located a black car tire on the vacant field associated with the Cemex USA located at 2175 Old Hickory Tree Road, St. Cloud, Florida 34722. I contacted Orange County Sheriff's Office Forensics and Investigator C. Marcus responded and collected the tire. It was later learned this vehicle tire was irrelevant to his investigation.

#### Video Surveillance Collection

I located potential business cameras to the north of the vacant lot where the tire was located. The cameras were affixed to the Rocker's Lockers located at 2131 Old Hickory Tree Road, St. Cloud, Florida 34722. I made contact with business representative Brooklyne Deja. Brooklyne Deja was unable to download the video. Digital Forensic Investigator C. Chong responded and collected the DVR to extract the video.

I further located cameras on the Osceola Window and Door's located at 2090 Old Hickory Tree Road Suite 104, St. Cloud, Florida. I made contact with Autumn Bateman and conducted a sworn audio recorded statement with her detailing the video collection. Autumn Bateman was unable to extract the surveillance video and Investigator Chong responded and extracted the video.

#### Towing of Vehicle

At 8:30 p.m. I responded to the Townplace Suites at Flamingo Crossings located at 13295 Hartzog Road, Winter Garden, Florida 34787, in referencing to towing a 2022 Nissan four-door sedan bearing Florida tag number [REDACTED]. I located the vehicle in the parking lot and towed it to the Orange County Sheriff's Office. I followed the vehicle as it was being towed and relinquished custody to Orange County Sheriff's Office Forensic Investigator L. Miller.

**February 29, 2024**

#### Interview with Mariely Alejandro

On February 29, 2024, Mariely Alejandro called the Orange County Sheriff's Office and reported she possibly had information on this case. Kissimmee Police Department Detective C. Smallwood and I responded to her residence, 1369 Boulder Drive, Kissimmee, Florida and conducted an interview with Mariely Alejandro. The following is a general summary of her sworn audio recorded interview:

Mariely Alejandro reported she came to know Stephan Sterns through working with him at Disney. She explained their relationship became intimate around

# Incident Report

December of 2022 and ended in May of 2023. During this time, Mariely Alejandro said Stephan Sterns told her that he was separated from his girlfriend, [REDACTED]. Mariely Alejandro stated Stephan Sterns told her although he was separated from his girlfriend he still slept at [REDACTED]'s residence and specifically in the bed with [REDACTED]. Mariely Alejandro said Stephan Sterns justified this behavior by saying he needed to cuddle with her so she could fall asleep. Mariely Alejandro further recalled a conversation she had with Stephan Sterns where he told her that he woke up in the bed with [REDACTED] with an erection and had to turn around in the bed. Mariely Alejandro felt the comments Stephan Sterns made to her about sleeping with [REDACTED] were inappropriate and she stopped talking to him shortly after they were made.

**March 1, 2024**

**Interview with [REDACTED]**

Detective F. Ramirez and I were tasked with making contact with [REDACTED] at a possible address of [REDACTED]. As I knocked on the door I was greeted by [REDACTED] wife, [REDACTED]. They invited us into the home and agreed to speak to us. [REDACTED] described he was close friends with Stephan Sterns and his daughter was best friends with [REDACTED]. [REDACTED] said he and his family moved to Colorado but just flew back after learning [REDACTED] was missing. [REDACTED] had no information on this case. The interview with [REDACTED] was audio recorded.

### \*\*\*\*\*Supplemental Report\*\*\*\*\*

On February 28, 2024, I responded to [REDACTED] to supervise the execution of a search warrant.

During the search Orange County Forensics was present, photographed the residence, and collected numerous items of clothing and bedding which were identified as being in contact with the victim during sexual abuse. Most of the items were collected from the downstairs bedroom, and divided off sleeping area in the living room. Some additional items were collected from the upstairs bedroom identified with a number 4 on the door.

After Forensics left the residence, a roommate named [REDACTED] arrived and requested items from her bedroom. I escorted her while she collected clothing and toiletries from her room and left the residence.

At approximately 1640 hours, I was notified that Orange County Sheriff's Office Emergency Response Team members located a glove in the wooded area to the north of the apartment. I responded to collect the gloves. The gloves were located approximately 30 feet into the Woodline on the ground. One glove was balled up inside of the other. I photographed the glove and surrounding area before placing them into an evidence envelope and later turned them over to Forensics.

At approximately 1719 hours, Forensics Manager Vanessa Nylander called me and notified me that they located some of [REDACTED]'s belongings in the trash, including a single white Croc. CSI Janiak recalled seeing Crocs in the downstairs bedroom. I reentered the residence and looked in the downstairs bedroom for white Crocs. I located 3 white Croc shoes near the window. One pair of women's size 8, and a single left shoe size 5-7, which matched the right size 5-7 located in the trash. I took photographs of the shoes, packaged the shoe, and later turned it over the forensics as well.

I remained on scene until Kissimmee PD Detectives arrived and took control of the scene.

## Narrative

### \*\*\*\*\*Supplemental Report\*\*\*\*\*

On February 28, 2024, I, Detective Kyle Cole, was tasked with collecting surveillance video regarding this investigation. I responded to 13651 South John Young Parkway (eSmokerOnline Vape Shop) and spoke with an employee who stated the owner, John Withrow, was at a different shop and had access to the video. I went to the other store location, located at 4905 South Orange Avenue, where I met with John and provided him with an evidence submission link via Axon Capture. Using the link John uploaded a video surveillance clip from the 13651 South John Young Parkway store depicting a white male wearing a blue shirt and a black hat entering the store, purchasing items, then leaving shortly after. John also emailed a screenshot of a list of transactions completed by the subject of the photo, Stephan Sterns. The screenshot was later uploaded into evidence.com by John via an Axon Capture link.

After collecting the surveillance video, I was tasked with responding to the Orange County Sheriff's Office Central Operations building to review images located on Stephan's phone by the Orange County Sheriff's Office Digital Forensics Unit. Upon reviewing the contents of Stephan's pictures and videos, I observed several pictures depicting what appeared to be [REDACTED] being penetrated orally and vaginally by a penis. There were pictures of [REDACTED] both awake and asleep with her genitals and breasts exposed as the focal point of the pictures. It should be noted, the penis observed penetrating the victim had distinct marking on it which consisted of bright pinkish-colored skin below the head of the penis until approximately a quarter of the length down the shaft of the penis. Several other pictures capturing this distinct pattern were observed on the phone. Further, as I was reviewing the pictures and videos, I observed several different pieces of clothing to include patterned underwear, shirts, blankets, and sheets. Simultaneously, detectives of the Orange County Sheriff's Office were executing a search warrant at Stephan's home address of [REDACTED]. This address is also where the victim and her mother live. The detectives searching the residence were contacted and confirmed they found the same distinctive clothing worn by both Stephan and the victim in Stephan's room and the victim's room.

I was later tasked with authoring an Infotainment search warrant for the vehicle being driven by Stephan. Stephan's car, a 2010 Lincoln MKZ bearing Florida license plate IYLL82 (VIN: 3LNHL2GC0AR612086), was already sealed and towed by other members of the Orange County Sheriff's Office on February 28, 2024. The search warrant was submitted via a secure electronic filing system on February 28, 2024, at approximately 2051 hours. The search warrant was later signed by the Honorable Judge Reginald K. Whitehead. The signed search warrant was later executed by agents from the Florida Department of Law Enforcement. At the time this supplement is being authored, the results of the search warrant are still pending.

I also authored an Infotainment search warrant for [REDACTED]'s vehicle, a 2022 Nissan Sentra bearing Florida license plate [REDACTED] (VIN: [REDACTED]). The search warrant was submitted via a secure electronic filing system on February 29, 2024, at approximately 1148 hours. The signed search warrant was provided to agents of the Florida Department of Law Enforcement.

I authored a vehicle search warrant for [REDACTED]'s vehicle to search for International Mobile Subscriber Identity (IMSI), Mobile Subscriber Identification Number (MSID), Mobile Identification Number (MIN) and/or instrument bearing the same Electronic Serial Number (ESN), International Mobile Equipment Identity (IMEI), and/or Mobile Equipment Identifier (MEID), or any new IMSI, MSID, MIN, ESN, IMEI and/or MEID. The purpose of the search was to locate one of these identifiers to write another search warrant to recover any historical geolocation data. The search warrant was submitted via a secure electronic filing system on February 29, 2024, at approximately 1820 hours. The search warrant was signed by the Honorable Reginald K. Whitehead. The signed search warrant was provided to agents of the Florida Department of Law Enforcement. They later executed the search warrant which yielded negative results. It was discovered the vehicle had access to Sirius XM with a unique radio identifier (MAJQ3ECP). As such, I authored an investigative subpoena for Sirius XM. At the time this report is authored, the subpoena is still waiting to be signed and served.

This concludes my involvement with this investigation. For additional details, please refer to the other reports submitted under this case number.

## Narrative

\*\*\*\*\*Supplemental Report\*\*\*\*\*

### Background:

On February 26, 2024, Sector IV deputies responded to [REDACTED] in reference to a missing juvenile, later identified as [REDACTED]. [REDACTED] was last seen on February 26, 2024 between 0825-0840 hours when she was dropped off near [REDACTED] by Stephan Sterns. [REDACTED] was then reported missing by her mother, [REDACTED], after discovering [REDACTED] did not attend school that day.

On February 27, 2024, I, Detective Brittany Bradshaw responded to [REDACTED] ([REDACTED]) in reference to follow up interviews.

### Interview with [REDACTED] on February 27, 2024 at 13:05 hours

[REDACTED] is the best friend of [REDACTED], also known as [REDACTED], and they have known each other since they were in fourth grade. She is also close with [REDACTED]'s mother, [REDACTED]. [REDACTED] has never told her anything about running away other than if she did, she would run away to the woods and find a place to stay. [REDACTED] told her she didn't get along with her mom. [REDACTED] had heard from another friend that [REDACTED]'s mom told her she was going to kick her out of the house and disown her when she turned 18 or 19. She talked to [REDACTED] every day on the phone and [REDACTED] would also text her every morning when she woke up. [REDACTED] thought it was odd that she did not receive a text from [REDACTED] on Monday, February 26, 2024. When she called [REDACTED] on the morning of February 26th, there was no answer.

[REDACTED] further stated [REDACTED] only mentioned her biological father briefly but she was "always" on a call with her step-dad, Stephan. Stephan and [REDACTED] were always texting each other or talking on the phone. [REDACTED] loved him and they were really close. Stephan is [REDACTED]'s mom's boyfriend and he has been in her life for a long period of time. Stephen recently moved out of the home but he still visits often. Stephan and [REDACTED]'s mom were also very close. [REDACTED] talks to Stephan at least 2-3 times a week on the phone but also texts with him. She usually talks to him on the phone in the afternoon/night. [REDACTED] described Stephan as "very interested" in [REDACTED] and [REDACTED] would tell him about things going on at school. [REDACTED] never disclosed to her anything inappropriate that Stephan said or did and she has never witnessed anything inappropriate between [REDACTED] and Stephan. Normally [REDACTED]'s mom or grandparents bring her to school. She does not recall a time when Stephan has ever brought [REDACTED] to school.

[REDACTED] stated there are "roommates" that also live in the home with [REDACTED] and her mother. She believes it is people who are close to their family but don't have enough money to live on their own. Last time she talked to [REDACTED] was on Sunday, February 25, 2024 at [REDACTED]'s birthday party. The party took place at [REDACTED]'s grandparent's home. Neither [REDACTED]'s mom nor her mom's boyfriend were in attendance at the birthday party. It was also common for [REDACTED] to talk about getting money for her birthday. [REDACTED] got mad at [REDACTED] for not giving her any money for her birthday and complained because she didn't get enough money for her birthday. [REDACTED] left the party at approximately 1900 hours and did not verbally speak with [REDACTED] again. [REDACTED] stated [REDACTED] does not miss school often but is sick a lot. Once when they were at [REDACTED], [REDACTED] told her it would be cool if they ran into the woods and build a house. [REDACTED] has never told her that she truly wanted to run away but did mention she wanted to get her own house when she is older. [REDACTED] has never tried or threatened to harm herself nor does she ever talk about anyone harming themselves. [REDACTED] stated [REDACTED] allegedly told their mutual friend [REDACTED] that when she turns 13, she was going to leave the house and never come back. [REDACTED] also communicates with her sister and father who living in Washington DC. [REDACTED] believes [REDACTED] is close with her sister. [REDACTED] also talks to different random people through Roblox. She is unaware if [REDACTED] has ever met up with any of the strangers she speaks with. She is also unaware if [REDACTED] has ever engaged in any inappropriate conversations with older men/older women. [REDACTED] has never disclosed anything about sending or receiving inappropriate photos. Her Roblox user name is [REDACTED] and she has Instagram but she does not know her username. [REDACTED] also has a YouTube shorts account under the username [REDACTED]. On her YouTube account, [REDACTED] will post videos of her dancing with her face covered. [REDACTED] had planned on showing her face on her YouTube account once she reached 200 subscribers.

[REDACTED] stated when they would text each other it was through the normal text messages on their iPhones. She is unaware if [REDACTED] had any texting applications on her phone. [REDACTED] did not have a boyfriend but a "crush" named [REDACTED] that goes to school with them. She claims that he does not like [REDACTED] and ignores her text messages. They also do not hang out with each other. [REDACTED] did not disclose that she wanted to skip school on February 26th and has not asked [REDACTED] to skip school with her. She only knows that [REDACTED] takes medication for ADHD and possibly bipolar disorder. She described [REDACTED] as "impulsive", having mood swings and symptoms of bipolar disorder. [REDACTED] last took her medication on February 14, 2024 and would tell everyone about not taking them. [REDACTED] told her she liked not being on the medication because she has more energy when she doesn't take it. She is not aware of [REDACTED] participating in any risky or inappropriate behaviors for her age. She does not know of [REDACTED] hanging out with anyone older outside of school or running away with anyone. She only knows that [REDACTED] is close with her step dad and talks to him a lot.

# Incident Report

█████ stated █████'s mother called her during the evening of February 26, 2024 and asked her if she was with █████ because █████ was missing. █████'s mother also told her she last saw █████ at 0845 hours when she dropped █████ off at the church near the school. She said she dropped her off at the church because █████ wanted to walk to school which is unusual; █████ is typically dropped off in the carline. █████ stated her father went into the woods behind the school during the evening of February 26th in an attempt to locate █████ but was unsuccessful.

### Interview with █████ on February 29, 2024 at 13:02 hours

█████ stated she is the 7th grade school counselor at █████. She met █████ at the beginning of the school year when she was being transferred over to the ESE service department. She was told she has ADHD and has a hard time focusing. She also has anxiety and panic attacks. █████ would conduct "check ins" with █████ at school and has met with her approximately 6 times since the beginning of the school year. Typically █████ will come to her with feelings of panic and being overwhelmed. When she asks █████ what's going on, she will tell her its anxiety and she's overstimulated from being at school. █████ has also said she is dealing with things at home including fighting with her mom. Mom would get upset because █████ is forgetful or doesn't clean up like she is expected to. She disclosed when mom yells at her, it makes her feel overstimulated and then she can't respond the way she wants to. █████ stated they discussed strategies on how to calm herself down and talk to mom when she's calm and how she's feeling.

At each of their "check ins" during December, January, and February, █████ reported that things were improving at home and things were better at school. █████ reported that her mom's boyfriend was living in the home and she didn't like him because he was "weird." When she pressed █████ about why she felt he was "weird", she claimed it was because he ate all their food, hangs out in their living room, and makes her feel uncomfortable. █████ reported in December that mom's boyfriend was moving out of the home and that made her happy. █████ never disclosed having depression or suicidal attempts/thoughts. █████ never disclosed any relationship dynamics between her mom and her mom's boyfriend. She also never disclosed anything inappropriate happening between her and her mother's boyfriend. █████'s mom told █████ that █████ was seeing a therapist weekly. █████'s grades appeared to be stable and seemed to be improving since December when she started to report things were getting better at home and at school. Their last check in was on February 6, 2024 and █████ reported that she was really happy and things were good with mom and at school.

### Interview with █████ on February 29, 2024 at 15:20 hours

█████ stated he is █████. He stated █████ never discussed her home life or personal life with him. She has never disclosed any information about physical, sexual, or mental abuse. She never expressed any thoughts or feelings of suicide. █████ did not have any changes in her behavior. She appeared to be happy and would participate in class. He described her as "normal" and helpful. There hasn't been any change with █████ since the beginning of the school year.

## Narrative

### \*\*\*\*\*Supplemental Report\*\*\*\*\*

On February 29, 2024, I was asked to respond to [REDACTED], Orlando, Florida, 32837 to assist with interviewing teachers and students of [REDACTED].

#### Interview with twenty five year old [REDACTED]

On February 29, 2024 at approximately 1310 hours, I conducted a digitally recorded sworn interview with [REDACTED] in a portable classroom at [REDACTED]. The following is a synopsis of her statement:

[REDACTED] is [REDACTED]'s second period PE teacher. [REDACTED] told me that she knew [REDACTED] "pretty well," and that they had "some" interactions. [REDACTED] stated that [REDACTED] hangs out with [REDACTED] most in class but that she also sees [REDACTED] with [REDACTED] is in the class but has another assigned PE teacher. [REDACTED] told me that she has never had any issues with [REDACTED]. [REDACTED] told me that [REDACTED] always seemed very anxious and anytime she needed to ask or wanted something she brought a "buddy" with her. [REDACTED] recalled how [REDACTED] was shy around authority figures but not everybody. [REDACTED] told me that [REDACTED] got student of the week for February 16th and was nominated by [REDACTED] for doing something "excellent," but not sure what exactly she did. [REDACTED] recalled during a fitness testing at the beginning of the year, [REDACTED] struggled because of her asthma. She walked with [REDACTED] to her locker so she could get her inhaler and told her that she was able to sit out if she needed to. [REDACTED] recalled how, occasionally, her friends would tell her that [REDACTED] needed to go to the counselor and she would go with friends. [REDACTED] did not know why [REDACTED] needed to go to the counselor.

[REDACTED] had not seen any recent changes in behavior. When she heard the description of [REDACTED]'s clothing, she recognized it as something she always wears. [REDACTED] did not see any signs of depression or suicidal inclinations. [REDACTED] does not dress out in class, but she is not sure why. [REDACTED] told me that many kids do not change out because they feel uncomfortable but they still participate. [REDACTED] told me that [REDACTED] had a locker previously and that SRO [REDACTED] asked her to check it and she did not find a lock on it or any items in it. [REDACTED] told me that children will get pulled from her class for various other things like tutoring, and she believed that [REDACTED] was pulled for MTSS intervention with [REDACTED] earlier in the year.

[REDACTED] stressed that [REDACTED] always seemed anxious and she did not think it was normal for [REDACTED] to want to go away on her own since she always needed someone with her. [REDACTED] told me that she met [REDACTED]'s mother once earlier in the year when she was a substitute for another PE teacher.

#### Interview with thirty three year old [REDACTED]

On February 29, 2024 at approximately 1339 hours, I conducted a digitally recorded sworn interview with [REDACTED] in a portable classroom at [REDACTED]. The following is a synopsis of her statement:

[REDACTED] told me that [REDACTED] is in her first period, intensive reading class. [REDACTED] thought she knew [REDACTED] pretty well since she had been in her class since Fall of 2023. [REDACTED] told me that [REDACTED] was on her door decorating team, which she nominated [REDACTED] for "student of the week" for. [REDACTED] told me how [REDACTED] and other students would stay late or come in early to work on the project in the end of January. [REDACTED] told me that the theme of the door was "spreading kindness and love." [REDACTED] did not have any individual conversations with [REDACTED] and said that [REDACTED]'s involvement in door decorating was the closest they were. [REDACTED] believes that [REDACTED] is also friends with a "Garcia," not just [REDACTED].

Sarah Diedrich is an 8th grade student helper, in the same period, and she was not sure if Sara was close with [REDACTED]. [REDACTED] told me that she is aware of what happened from an OCSO media release. [REDACTED] recalled how [REDACTED] was reading a "graphic novel" and [REDACTED] was alarmed that "kissing" was in the book. Additionally, [REDACTED] told me that she heard [REDACTED] and her friends talking about a Lady Gaga lyric and they were alarmed about its sexual meaning. [REDACTED] said that [REDACTED] did not make any disclosures regarding any kind of abuse. [REDACTED] did not believe that [REDACTED]'s mother came to open house nor had they ever met. [REDACTED] had not seen any signs of depression or suicidal ideation in [REDACTED]. [REDACTED] told me that she was "shocked" to hear about [REDACTED]'s conversation regarding living in the woods. [REDACTED] stated that [REDACTED]'s grade was "low" in her class and said that she has had a "D" in every quarter. She stated that [REDACTED] would work in class but she was not able to follow things through to completion. [REDACTED] had not seen any shifts in [REDACTED]'s behavior but believed that [REDACTED]'s behavior had improved since the door decorating competition.

A copy of this interview and a picture of [REDACTED] with the door was placed into evidence.

#### Interview with thirty three year old [REDACTED]

On February 29, 2024 at approximately 1419 hours, I conducted a digitally recorded sworn interview with [REDACTED] in a portable classroom at [REDACTED]. The following is a synopsis of his statement:

[REDACTED] told me that [REDACTED] is in his 7th period English class and has been in there since fall of 2023. [REDACTED] told me that he has had a great relationship with [REDACTED] and he thinks she likes him. [REDACTED] described [REDACTED] as "quieter" who sometimes does her work. [REDACTED] has "sleepy days" where she comes in and puts her head down and does nothing, which he said, "not a lot of kids do." [REDACTED] told me that he only keeps "academic" tabs on [REDACTED] and said that they only had conversations about her grades. [REDACTED] said that they never had any conversations about [REDACTED]'s home life and he did not meet her parents, even though [REDACTED]'s mother was a substitute for him in October of 2023.

[REDACTED] had not seen any recent changes in [REDACTED]'s behavior. [REDACTED] noted that [REDACTED] seemed to not have had as many sleepy days as the beginning

# Incident Report

of the year. [REDACTED] told me that he saw [REDACTED] "fatigued" which he believed may have been a sign of depression, but he did not see anything more overt, nor did he see any signs of suicidal inclinations from [REDACTED]. [REDACTED] told me that [REDACTED]'s grade was "rough" but then she brought them up. He said that she will go through phases where she would not turn anything in. [REDACTED] had not noted any shifts in behavior and recalled how he bid that class farewell on Friday, February 23 and she said that she would "see him on Monday."

[REDACTED] stated that a student came up to him and told him that she wanted to live in the woods when she turned 13. [REDACTED] told me that [REDACTED] seemed "normal" but "quiet" and "tired."

A copy of this interview was placed into evidence.

### Interview with thirteen-year-old [REDACTED]

On February 29, 2024 at approximately 1511 hours, I conducted a digitally recorded sworn interview with [REDACTED] in a conference room at [REDACTED]. Before speaking on the incident, I qualified that [REDACTED] understood the difference between telling the truth and lying, which she did. The following is a synopsis of her statement:

[REDACTED] told me that she met [REDACTED] last year when they were in the 6th grade where they shared one class together. [REDACTED] stated that she and [REDACTED] have three classes together currently and they have become better friends. She told me that [REDACTED] and [REDACTED] would know [REDACTED] the best, as they were her best friends. [REDACTED] recalled how [REDACTED] would come to school crying and "complaining" about her mother. Other times, [REDACTED] would cry and she would say that she "just wanted to cry." [REDACTED] did not note any changes in [REDACTED]'s behavior and [REDACTED] did not talk with her about suicide or depression. [REDACTED] stated that [REDACTED] would occasionally be mean to her and when [REDACTED] asked her why she said that it was because that is how she shows affection. [REDACTED] stated that [REDACTED]'s mother threatened to kick her out. Additionally, [REDACTED] did not like her father. [REDACTED] stated that she did not hear [REDACTED] speak about her mother's boyfriend. [REDACTED] continued to say that [REDACTED] and her did not ever talk about sex, but that they talked about "crushes" including [REDACTED]'s current interest, [REDACTED].

[REDACTED] was upset during this interview and was crying because she "just kind of missed her."

A copy of this interview was placed into evidence.

### Interview with twelve-year-old [REDACTED]

On February 29, 2024 at approximately 1532 hours, I conducted a digitally recorded sworn interview with [REDACTED] in a conference room at [REDACTED]. Before speaking on the incident, I qualified that [REDACTED] understood the difference between telling the truth and lying, which she did. The following is a synopsis of her statement:

[REDACTED] told me that she had recently become close friends with [REDACTED] and that they share two classes in common. She stated that [REDACTED] and [REDACTED] would know [REDACTED] best and they both told her things about [REDACTED], including her mention of wanting to run away when she was thirteen years old and to build a house in the woods. [REDACTED] recalled how [REDACTED] would seem "pretty sad" sometimes, though she noted that other times she seemed happy, particularly at school. [REDACTED] did not note any behavioral changes nor did she discuss depression or suicide with her.

A copy of this interview was placed into evidence.

### Interview with thirteen-year-old [REDACTED]

On February 29, 2024 at approximately 1615 hours, I conducted a digitally recorded sworn interview with [REDACTED] outside of her residence located at [REDACTED]. Before speaking on the incident, I qualified that [REDACTED] understood the difference between telling the truth and lying, which she did. The following is a synopsis of her statement:

[REDACTED] stated that she has known [REDACTED], who she calls "[REDACTED]" since 4th grade. She described [REDACTED] as her best friend and said that they shared everything together. [REDACTED] told me that [REDACTED] and her mother would frequently fight. She described [REDACTED]'s mother as "bipolar." Additionally, she described [REDACTED] as "bipolar" in her behavior and that she was taking unknown medication for ADHD. [REDACTED] told me that [REDACTED] stopped taking her medication on Valentine's Day but an unknown reason. [REDACTED] described [REDACTED] as nice, funny and caring on her medication but "snappy" when she is off medication.

[REDACTED] told me that she did not notice [REDACTED] going through a depressive phase, but that [REDACTED] said that she was going through one earlier in the year. Additionally, [REDACTED] did not show any interest in wanting to hurt herself or anyone else. [REDACTED] stated that [REDACTED] was upset at her birthday party because she advertised it well but that not many people showed up nor did many bring presents.

[REDACTED] recalled how [REDACTED] had a "crush" on [REDACTED] in school and that she asked him for his phone number. [REDACTED] told me that [REDACTED] would try and talk to him more over the phone but that he did not respond. [REDACTED] told me that [REDACTED] had two previous boyfriend "[REDACTED]" who was expelled for breaking another child's elbow and [REDACTED]. She described both relationships as "over distance" and "a lot of texting." [REDACTED] told me that she was not allowed to have social media but that [REDACTED]'s YouTube channel was [REDACTED], which she showed me. Additionally, [REDACTED] showed me [REDACTED] Discord ([REDACTED]).

[REDACTED] emphasized that [REDACTED]'s mention of living in the woods was only if "World War 3" were to happen. She stated that she did not ever notice any bruising on [REDACTED] but noted how she occasionally came to school with red makeup on, which made it look like she was crying. [REDACTED] told me that she would go to [REDACTED]'s "every weekend," but she did not ever stay the night because of her parents own rules. [REDACTED] told me that she met Stefan on one occasion, even though he and [REDACTED]'s mother had been together her entire life. [REDACTED] stated that he recently moved out of the residence for an unknown reason and when she asked [REDACTED] why he did she "ignored the question." [REDACTED] told me that [REDACTED] and Stefan were very close and that they would communicate

frequently. Whenever she asked [REDACTED] about it, she said that they just had a close relationship. [REDACTED] told me that she received two pictures of Stefan that [REDACTED] had sent her. She described them as screenshots that [REDACTED] appeared to have taken during a time when they were FaceTiming, however, [REDACTED] was not able to locate the photos.

[REDACTED] told me that [REDACTED] typically got her menstrual cycle two days before she did, except for last month when [REDACTED] got hers a "week or two" after [REDACTED] got hers. [REDACTED] told me that they did not have a conversation as to why her menstrual cycle was late. [REDACTED] believed [REDACTED] was a virgin and she did not ever see or hear anything to the contrary. [REDACTED] stated that [REDACTED]'s mother was never "freaking out" and she thought that it was weird that she said that she dropped [REDACTED] off to school when initially Stefan said that he did. [REDACTED] was "shocked" when saw the news about Stefan's arrest though she said that she thought "crossed her mind" once [REDACTED] had gone missing. [REDACTED] noted how she would always receive messages in the morning from [REDACTED], but she did not on Monday, February 26, 2023, which alarmed her. She said that even when [REDACTED] would oversleep, she would still receive messages. [REDACTED] thought something had happened once she did not receive anything from [REDACTED].

On Friday, March 1, 2024, at noon, I, Detective Latasha Davila, facilitated the towing of a silver Lincoln MKZ bearing Florida tag IYLL82 from 1551 College Park Business Center Road, Orlando, Florida (ESST Building) to 2500 West Colonial Drive, Orlando, Florida (Orange County Sheriff's Office). I met with an Ace Wrecker driver at the ESST Building where they collected the silver Lincoln, which was secured within a vehicle bay, on a flat bed tow truck. I followed the tow truck to the Orange County Sheriff's Office, where the vehicle was turned over to Crime Scene Investigator Shea Janiak. This concludes my involvement in this case.

### \*\*\*\*\*Supplemental Report\*\*\*\*\*

On February 27, 2024, at approximately 1540 hours, I, Detective L. Acosta (EID 9910), responded to Osprey Park, located at 5100 West Town Center Boulevard, Orlando, Florida, to assist in a missing juvenile investigation. The following is a synopsis of my involvement in this case:

On February 27, 2024, Detective M. Tagler (EID 8601) and I responded to [REDACTED] to make contact with Stephan Sterns and [REDACTED]. Detective Tagler and I conducted digitally-recorded interviews with both Stephan and [REDACTED]. Stephan provided verbal consent for Detective Tagler and I to review his cell phone in front of him. It should be noted, Stephan's cell phone contained only phone calls, text messages, and other data from the last day. Stephan indicated he accidentally factory reset his cell phone on February 26, 2024, while attempting to update his phone. Stephan provided verbal consent for his cell phone to be taken by detectives for further examination.

While on scene, Detective Tagler and I reviewed surveillance video from the [REDACTED] Orange County Sheriff's Office Violent Crimes Unit (VCS) continued the review of surveillance video.

On February 28, 2024, at approximately 0130 hours, I accompanied Stephan's vehicle, which was being towed, to 2500 West Colonial Drive, Orlando, Florida (Central Operations). On February 28, 2024, at approximately 0240 hours, I submitted Stephan's phone, described as a black Samsung cell phone, to our Digital Forensics Unit located at Central Operations.

On February 28, 2024, at approximately 1512 hours, I transported Stephan from his hotel, located at 13295 Hartzog Road, Winter Garden, Florida (TownePlace Suites Orlando at Flamingo Crossings), to Central Operations.

On March 1, 2024, I reviewed and collected video surveillance from TownePlace Suites Orlando at Flamingo Crossings. The video surveillance revealed the following:

On February 28, 2024, at approximately 0213 hours, Stephan, [REDACTED], and Stephan's father check into the hotel at the front desk. Stephan and [REDACTED] are given room #239 and Stephan's father is given room #203. On February 28, 2024, at approximately 0442 hours, Stephan exits the hotel through the main front entrance. On February 28, 2024, at approximately 0728 hours, Stephan's father exits the hotel through the main front entrance. On February 28, 2024, at approximately 0954 hours, [REDACTED] exits the hotel to walk her dog through the main front entrance, and returns at 1003 hours. On February 28, 2024, at approximately 1050 hours, Stephan's father re-enters the hotel through the main front entrance. On February 28, 2024, at approximately 1055 hours, Stephan re-enters the hotel through the main front entrance.

On February 28, 2024, at approximately 1507 hours, [REDACTED] checks out of the hotel at the front desk. On February 29, 2024, at approximately 0819 hour, Stephan's father checks out of the hotel at the front desk.

Surveillance footage from the times Stephan exits and enters the hotel through the main front entrance were uploaded into Evidence.com. Lock interrogations for room #239 and room #203 for the period Stephan, [REDACTED], and Stephan's father were checked into the hotel, were also uploaded into Evidence.com.

This concludes my involvement in this case.

**"PROCEDURES FOR EMERGENCY ARREST AND SEARCH WARRANTS"**

"True emergencies are rare and most warrants should be handled by a judge during normal court hours. Warrants should be sought outside of normal court hours only where a suspect would escape or evidence would be lost if immediate action is not taken. The suspect's location should be specifically known at the time the warrant is sought. Alternatively, an emergency warrant can be sought if the suspect's identity is known but his/her location is unknown and the suspect is a threat to the safety and welfare of a citizen or the community. Emergency warrants of these types should be sought only when law enforcement is waiting to immediately proceed on the search or arrest warrant." ~ Memorandum by the Chief Judge, November 9, 2015

which is evidence of a felony violation of the laws of the State of Florida relating to **Interference with Child Custody**, to-wit: Florida Statute **787.03(1)**, is currently being kept in certain property in Osceola County, Florida, which property is believed to be under the control of **Stephen Sterns**, or persons unknown and which property has, or is located at, the unique address of [REDACTED] [REDACTED] Osceola County, Florida, and is particularly described and can be located as follows:

**DESCRIPTION:**

[REDACTED]

**DIRECTIONS:**

From the intersection of North Highway 170 and West Lake Brown Memorial Highway [REDACTED]

[REDACTED]

Your affiant, **Detective Matthew Chiang; 10015**, is and has been since **February 2021**, a duly sworn **Deputy Sheriff** for the **Sheriff of Orange County**.

**Detective Chiang** is a **Deputy Sheriff** with the **Orange County Sheriffs Office Sex Crimes Unit**. **Detective Chiang** is law enforcement officer of the **State of Florida** in that **Detective Chiang** is empowered by law to conduct investigations of and to make arrests for offenses enumerated within the meanings of **Florida State Statutes**.

**Detective Chiang** has been employed by the **Orange County Sheriff's Office** since **February 2021**. **Detective Chiang** has received training pertaining to investigating **drug/narcotics investigations, aggravated persons crimes (murder, attempted murder, home invasion, robbery, sexual battery) etc-**in addition to the nexus between the before mentioned crimes and **money laundering** as well as **additional related offenses**.

**Detective Chiang's** training and experience as a **Deputy Sheriff** form the basis of the opinions and conclusions set forth below, which I drew from the facts set forth herein.

As a result of your affiant's training and experience, your affiant has probable cause to believe the following:

On **February 26, 2024** at approximately **2000 hours**, the **13-year old victim, [REDACTED]**, was reported missing by her mother, **[REDACTED]**.

**[REDACTED]** advised **[REDACTED]**'s step-father, **Stephan Sterns**, picked her up from home and dropped her off at **[REDACTED]**, **[REDACTED]**, **[REDACTED]** on **February 26, 2024**. **[REDACTED]** then went to pick up **[REDACTED]** from school at dismissal and learned **[REDACTED]** never showed to school.

An interview was conducted with **[REDACTED]**'s step father, **Stephan Sterns**, who advised he picked **[REDACTED]** up and dropped her off in front of **Peace United Methodist Pre-School, 13502 Town Loop Blvd, Orlando, FL**, which was down the street from the school, at **0840 hours**. **[REDACTED]** begins class at **0930 hours**. A License Plate Reader captured **Stephan's** vehicle with Florida tag **"IYLL82"** driving away from the school at **0810 hours**. During the interview with **Stephan**, he provided consent to search his phone, however he stated had accidentally performed a factory reset on his phone on **February 26, 2024**, the same day **[REDACTED]** went missing. **Stephan** provided his phone number to be **407-256-1832**.

After an extensive canvass of the area and interviews with **[REDACTED]**'s family and friends, it was unusual for **[REDACTED]** to be dropped off down the street from the school and not stay in communication with family and friends.

Based on the totality of the circumstances, It is believed a suspect has intentionally interfered with a parent or guardian's custodial rights to a minor.

Your affiant requests this search warrant to search the apartment **[REDACTED]** was last known to be located at and obtain evidence to assist in this investigation.

Based on the foregoing and your affiant's knowledge, training and experience, **Detective Matthew**

**Chiang; 10015** has probable cause to believe that **Items of value** are specified as; weapons including, knives, blunt objects, firearms, ammunition for firearms, projectiles, casings, fingerprints, blood, hair, DNA, fibers, other items of serology to include clothing and/or other items that could have come into contact with the victim or suspect at the time of the incident; cellular devices and the data contained within to include but not limited to video, images, contacts, text messages, voicemails, web information, call logs, owner information, application database files, GPS locations. Infotainment systems that contain digital logs providing information related to geolocation information, Bluetooth connectivity history, contact information, call history, and any other device information provided by a digital device connection by searching any electronic devices capable of storing digital data, to include the infotainment center, by retrieving said digital data from these devices., which is evidence of a criminal violation under Florida State Statutes 787.03(1), to-wit: **Interference with Child Custody**, is currently being kept at the location whose address is [REDACTED].

**WHEREFORE**, your affiant makes this affidavit and requests the issuance of a Search Warrant in due form of law authorizing a search of the above-described property by officers of the law for evidence heretofore described and for the seizure and safekeeping of said evidence, subject to the order of a Court having jurisdiction thereof.

Your affiant also requests authorization for use of a powered aerial vehicle in accordance with F.S.S. 934.50 during the execution of the warrant in the interest of officer safety to prevent an ambush or to locate anyone hiding in the residence prior to law enforcement making entry.

**“PROCEDURES FOR EMERGENCY ARREST AND SEARCH WARRANTS”**

“True emergencies are rare and most warrants should be handled by a judge during normal court hours. Warrants should be sought outside of normal court hours only where a suspect would escape or evidence would be lost if immediate action is not taken. The suspect’s location should be specifically known at the time the warrant is sought. Alternatively, an emergency warrant can be sought if the suspect’s identity is known but his/her location is unknown and the suspect is a threat to the safety and welfare of a citizen or the community. Emergency warrants of these types should be sought only when law enforcement is waiting to immediately proceed on the search or arrest warrant.” ~ Memorandum by the Chief Judge, November 9, 2015

which is evidence of a felony violation of the laws of the State of Florida relating to **Interference with Child Custody**, to-wit: Florida Statute **787.03(1)**, is currently being kept in certain property in Orange County, Florida, which property is believed to be under the control of **Orange County Sheriff's Office**, or persons unknown and which property has, or is located at, the unique address of **2500 West Colonial Drive, Orlando**, Orange County, Florida, and is particularly described and can be located as follows:

**DESCRIPTION:**

**Orange County Sheriff's Office Central Operations, 2500 W. Colonial Drive, Orlando, FL 32804**

**DIRECTIONS:**

**From the intersection of N. Tampa Avenue and W. Colonial Drive, travel westbound approximately .4 miles. Make a southbound turn onto Sheriff's Central Complex and arrive at 2500 W. Colonial Drive.**

Your affiant, **Kyle Cole; 8656**, is and has been since **August 10, 2017**, a duly sworn **Deputy Sheriff** for the **Sheriff of Orange County**.

I have been a sworn law enforcement officer for the Orange County Sheriff's Office since August 10, 2017. I have been trained in a variety of law enforcement techniques such as use of force, vehicle operations, firearms training, advanced interviewing, and investigations. I have come to investigate numerous sexual related crimes involving children and adults. I have authored several arrest and search warrants throughout my tenure. I am currently assigned as a Detective to the Criminal Investigations Division Sex Crimes Unit.

As a result of your affiant's training and experience, your affiant has probable cause to believe the following: On February 26, 2024 at approximately 2000 hours, a 13-year old victim was reported missing by her mother.

The mother advised her daughter's step-father, Stephan Sterns, picked her up from home and dropped her off at [REDACTED], [REDACTED] on February 26, 2024. The mother then went to pick up the victim from school at dismissal and learned the victim did not attend classes.

An interview was conducted with the victim's step father, Stephan Sterns, who advised he transported the victim from her residence and dropped her off in front of Peace United Methodist Pre-School, 13502 Town Loop Blvd, Orlando, FL, which was down the street from the school, at 0840 hours. [REDACTED] begins class at 0930 hours. A License Plate Reader captured Stephan's vehicle with Florida tag "IYLL82" driving away from the school at 0810 hours. During the interview with Stephan, he provided consent to search his phone, however he stated he had accidentally performed a factory reset on his phone on February 26, 2024, the same day the victim went missing. Stephan provided his phone number to be 407-256-1832.

After an extensive canvass of the area and interviews with the victim's family and friends, it was learned it was unusual for the victim to be dropped off down the street from the school and not stay in communication with family and friends.

Upon reviewing the contents of Stephan's phone, several images and videos were located which depicted the missing juvenile with her breasts, vagina, and anal opening as the focal point of the pictures/videos. There were also pictures and videos depicting the missing juvenile's vagina and mouth being penetrated by a penis. As such, the files depict the sexual performance of a child. Your affiant has probable cause to believe Stephan was in possession of material depicting the sexual performance of a child.

It should be noted, the penis observed penetrating the victim had distinct marking on it which consisted of bright pinkish-colored skin below the head of the penis until approximately a quarter of the length down the shaft of the penis. Several other pictures capturing this distinct pattern were observed on the phone. Further, as your affiant was reviewing the pictures and videos, I was observing several different pieces of clothing to include patterned underwear, shirts, blankets, and sheets. Simultaneously, detectives of the Orange County Sheriff's Office were executing a search warrant at Stephan's home address of [REDACTED]. This address is also where the victim and her mother live. The detectives searching the residence were contacted and confirmed they found the same distinctive clothing worn by both Stephan and the victim in Stephan's room and the victim's room. Based on the totality of the circumstances, your affiant has probable cause to believe Stephan committed a sexual battery (familial/custodial authority) on the victim. It should also be noted there were

**pictures and videos collected on several different dates over the course of approximately two years.**

Based on the foregoing and your affiant's knowledge, training and experience, Kyle Cole; 8656 has probable cause to believe that **1. 2010 Lincoln MKZ bearing Florida license plate IYLL82 (VIN: 3LNHL2GC0AR612086)**

**2. Infotainment System and related digital storage media associated with the above described vehicle. The Infotainment System consists of a computer, attached video screen, and digital storage media enclosed in a box which is installed in the vehicle.**

**The following information is located within the Infotainment System, stored on digital media within the system.**

- a. Live and deleted user attribution data including, but not limited to, user accounts, e-mail accounts, passwords, PIN codes, patterns, methods of payment, account names, user names, screen names, remote data storage accounts, documents, files, metadata, log files, user voice profiles and other biometric identifiers or any other information and evidence that may demonstrate attribution to a particular user or users;**

#### NARRATIVE:

On Friday, March 1, 2024 at approximately 1651 hours, I was notified of a death investigation by Forensic Supervisor [REDACTED] Seda and was requested to respond to 5670 Hickory Tree Road (**Location 1**). I arrived on scene at approximately 1823 hours and met with Forensic Supervisor [REDACTED] Seda and Kissimmee Police Department Detective Mark Morris. Detective Morris advised that a missing person investigation was initiated for [REDACTED] (**Decedent**) on Monday, February 26, 2024. A search was initiated and on this date Osceola County Sheriff's Office search team located the missing individual deceased at the location mentioned above.

After conducting a scene walk-through with Forensic Supervisor [REDACTED] Seda and conferring with Detective Morris, I photographically documented the scene, processed for latent fingerprints, and items of evidentiary value were collected.

Forensic Supervisor [REDACTED] Seda contacted Forensic Technician Hien Nguyen, who responded to the scene and assisted with FARO 3D scanning. Please refer to her supplement report for further information.

On this same date, at approximately 2127 hours, Medicolegal Investigator Kiersien Robinson from the District Nine Medical Examiner's Office arrived on scene and took possession of the victim.

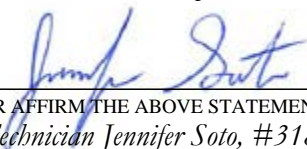

On Monday, March 4, 2023, Forensic Technician Hien Nguyen arrived at the District Nine Medical Examiner's Office (**Location 2**) to collect major case prints from the decedent. Refer to her report for further information.

#### OBSERVATIONS:

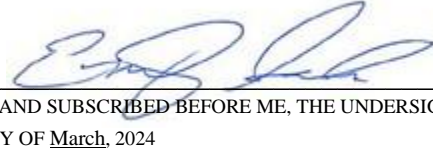

I arrived on scene at approximately 1823 hours on March 1, 2024, and observed the scene to be secured with crime scene tape and a crime scene contamination log was initiated. The scene consisted of a private property west of Hickory Tree Road and tire fragments were observed east of Hickory Tree Road (**Markers 1 and 2**).

The property where the decedent was located consisted of a fence and gate enclosing the open field. The gate was observed opened. A row of bamboo trees was observed southwest of the gate. The decedent was observed on the north end of the trees.

The decedent was found in between the bamboo trees and covered with dead vegetation. She was observed in a prone position with her head face down and facing north. Both her legs were observed bent at the knees and facing south. She was observed wearing a green hoodie with the hood covering her head, blue jeans, and white socks.

---

Medicolegal Investigator Kiersien Robinson from District Nine Medical Examiner's Office arrived at approximately 2127 hours and took custody of the decedent. Once the body was repositioned for further documentation, she was observed in a state of decomposition with visible insect activity around her mouth, left eye, ears, and right hand. Discoloration was observed on her face, neck, torso, back, and hands.

#### **PHOTOGRAPHS:**

A series of 192 photographs were taken using the Canon EOS Rebel T7i digital camera, LENS: EF-S 18-135mm, FLASH: Electronic. The images consisted of overall, mid-range, and close-up views of the scene, decedent, and items of evidentiary value. The images were digitally uploaded to DigitalOnQ (Item 3).

#### **LATENT FINGERPRINT PROCESSING:**

The following areas of the metal gate from the property were processed for latent fingerprints using the dusting method with black fingerprint powder:

Location	Results
<i>Exterior</i>	
North gate – Top three bars	Negative
South gate – Top three bars	Negative
<i>Interior</i>	
North gate – Top three bars	Negative
South gate – Top three bars	Negative

On 2/26/2024 at approximately 2355 hours, I, Officer Clark #909, responded to [REDACTED] in reference to an attempt to locate in reference to a missing juvenile case (report #24-011313) the Orange County Sheriffs Office are working (KPD event #2402260405).

Prior to arrival, I was advised that the Orange County Sheriffs Office (OCSO) is working on a missing juvenile whose primary residence is the aforementioned address. I was advised by LT Ortiz #534 to return to the aforementioned address and make contact with the family, again, and advise if [REDACTED] returned home.

Upon arrival, I spoke with [REDACTED] ([REDACTED]'s mother) and Stephan Sterns ([REDACTED]'s boyfriend) who both provided me with a verbal statement summarized as follows: On the morning of 2/27/2024, Stephan took [REDACTED] to school in a silver 2010 Lincoln MKZ (TYLL82-FL). Stephan dropped [REDACTED] off a block away from school due to her not wanting to be seen in an old Lincoln. They stated that [REDACTED] forgot her phone at home, and that [REDACTED] has ADHD and is usually forgetful. They stated that [REDACTED] did not take any personal items or leave any notes hinting to her running away. They stated they have not had any recent arguments. [REDACTED] and I looked through [REDACTED]'s cellphone, including her recently deleted messages, which did not contain anything suspicious or hinting to her wanting to run away. There was a text message [REDACTED] sent to a friend, stating when she turns 18 years old, she wants to live in the woods.

[REDACTED] and Stephan allowed me to search the residence with negative results for [REDACTED]. Stephan took me to each family member's vehicles outside of the residence with negative results for [REDACTED] inside any vehicles. I observed a handgun in the rear back pocket of the driver's seat in the Lincoln MKZ, which Stephan stated he usually leaves it in the vehicle. Stephan also advised me not to pay attention to the donut tire on his vehicle, due to him recently catching a flat tire earlier that day.

[REDACTED] provided me with her sister's address, [REDACTED] which is within walking distance from [REDACTED].

I responded to [REDACTED] and spoke with [REDACTED]'s sister who stated she has not seen [REDACTED] since her birthday party on 2/26/2024. She allowed me to search her residence with negative results for [REDACTED]. She allowed me to look in her vehicle as well as inside of a utility van belonging to [REDACTED]'s grandfather. The utility van has been turned into an RV, which also had negative results for [REDACTED].

On 2/27/2024, at approximately 2301 hours, I responded back out to [REDACTED] to meet with multiple detectives and their supervisors from OCSO while they interviewed [REDACTED]'s family again.

Officer Owens #914 and I stood by the aforementioned address until properly relieved.

This report is also related to KPD case #24-001896.

This report will be forwarded to the Records Division.

A portion of this incident was captured on my Department issued body worn camera. The body worn camera and its footage is maintained by the Kissimmee Police Department.

**“PROCEDURES FOR EMERGENCY ARREST AND SEARCH WARRANTS”**

“True emergencies are rare and most warrants should be handled by a judge during normal court hours. Warrants should be sought outside of normal court hours only where a suspect would escape or evidence would be lost if immediate action is not taken. The suspect’s location should be specifically known at the time the warrant is sought. Alternatively, an emergency warrant can be sought if the suspect’s identity is known but his/her location is unknown and the suspect is a threat to the safety and welfare of a citizen or the community. Emergency warrants of these types should be sought only when law enforcement is waiting to immediately proceed on the search or arrest warrant.” ~ *Memorandum by the Chief Judge, November 9, 2015*

**AFFIRMATION OF WARRANT EXIGENCY**

**Lieutenant Charles Denmark** has approved this application for an arrest warrant, and affirms the emergency nature of the warrant is as outlined above.

Comes now the affiant, **Detective Matthew Chiang; 10015**, a sworn law enforcement officer, to-wit: a **Deputy Sheriff** for the **Sheriff of Orange County**, submitted via a secure electronic file system before the below signed **Judge, in and for Osceola County, Florida, Ninth Judicial Circuit**, who makes this application and states under oath that affiant has probable cause to believe that evidence, to-wit:

**Items of value are specified as; weapons including, knives, blunt objects, firearms, ammunition for firearms, projectiles, casings, fingerprints, blood, hair, DNA, fibers, other items of serology to include clothing and/or other items that could have come into contact with the victim or suspect at the time of the incident; cellular devices and the data contained within to include but not limited to video, images, contacts, text messages, voicemails, web information, call logs, owner information, application database files, GPS locations. Infotainment systems that contain digital logs providing information related to geolocation information, Bluetooth connectivity history, contact information, call history, and any other device information provided by a digital device connection by searching any electronic devices capable of storing digital data, to include the infotainment center, by retrieving said digital data from these devices.**

which is evidence of a felony violation of the laws of the State of Florida relating to **Interference with Child Custody**, to-wit: Florida Statute **787.03(1)**, is currently being kept in certain property in Osceola County, Florida, which property is believed to be under the control of **Stephen Sterns**, or persons unknown and which property has, or is located at, the unique address of [REDACTED], [REDACTED], Osceola County, Florida, and is particularly described and can be located as follows:

DESCRIPTION:

DIRECTIONS:

[REDACTED]

Your affiant, **Detective Matthew Chiang; 10015**, is and has been since **February 2021**, a duly sworn **Deputy Sheriff** for the **Sheriff of Orange County**.

**Detective Chiang** is a **Deputy Sheriff** with the **Orange County Sheriffs Office Sex Crimes Unit**. **Detective Chiang** is law enforcement officer of the **State of Florida** in that **Detective Chiang** is empowered by law to conduct investigations of and to make arrests for offenses enumerated within the meanings of **Florida State Statutes**.

**Detective Chiang** has been employed by the **Orange County Sheriff's Office** since **February 2021**. **Detective Chiang** has received training pertaining to investigating **drug/narcotics investigations, aggravated persons crimes (murder, attempted murder, home invasion, robbery, sexual battery) etc-**in addition to the nexus between the before mentioned crimes and **money laundering** as well as **additional related offenses**.

**Detective Chiang's** training and experience as a **Deputy Sheriff** form the basis of the opinions and conclusions set forth below, which I drew from the facts set forth herein.

As a result of your affiant's training and experience, your affiant has probable cause to believe the following:

On **February 26, 2024** at approximately **2000 hours**, the **13-year old victim, [REDACTED]**, was reported missing by her mother, **[REDACTED]**.

**[REDACTED]** advised **[REDACTED]'s** step-father, **Stephan Sterns**, picked her up from home and dropped her off at **[REDACTED]** on **February 26, 2024**. **[REDACTED]** then went to pick up **[REDACTED]** from school at dismissal and learned **[REDACTED]** never showed to school.

An interview was conducted with **[REDACTED]'s** step father, **Stephan Sterns**, who advised he picked **[REDACTED]** up and dropped her off in front of **Peace United Methodist Pre-School, 13502 Town Loop Blvd, Orlando, FL**, which was down the street from the school, at **0840 hours**. **[REDACTED]** begins class at **0930 hours**. A License Plate Reader captured **Stephan's** vehicle with Florida tag **"IYLL82"** driving away from the school at **0810 hours**. During the interview with **Stephan**, he provided consent to search his phone, however he stated had accidentally performed a factory reset on his phone on **February 26, 2024**, the same day **[REDACTED]** went missing. **Stephan** provided his phone number to be **407-256-1832**.

After an extensive canvass of the area and interviews with **[REDACTED]'s** family and friends, it was unusual for **[REDACTED]** to be dropped off down the street from the school and not stay in communication with family and friends.

Based on the totality of the circumstances, It is believed a suspect has intentionally interfered with a parent or guardian's custodial rights to a minor.

Your affiant requests this search warrant to search the apartment **[REDACTED]** was last known to be located at and obtain evidence to assist in this investigation.

Based on the foregoing and your affiant's knowledge, training and experience, **Detective Matthew**

**Chiang; 10015** has probable cause to believe that **Items of value are specified as; weapons including, knives, blunt objects, firearms, ammunition for firearms, projectiles, casings, fingerprints, blood, hair, DNA, fibers, other items of serology to include clothing and/or other items that could have come into contact with the victim or suspect at the time of the incident; cellular devices and the data contained within to include but not limited to video, images, contacts, text messages, voicemails, web information, call logs, owner information, application database files, GPS locations. Infotainment systems that contain digital logs providing information related to geolocation information, Bluetooth connectivity history, contact information, call history, and any other device information provided by a digital device connection by searching any electronic devices capable of storing digital data, to include the infotainment center, by retrieving said digital data from these devices., which is evidence of a criminal violation under Florida State Statutes 787.03(1), to-wit: Interference with Child Custody, is currently being kept at the location whose address is [REDACTED].**

**WHEREFORE**, your affiant makes this affidavit and requests the issuance of a Search Warrant in due form of law authorizing a search of the above-described property by officers of the law for evidence heretofore described and for the seizure and safekeeping of said evidence, subject to the order of a Court having jurisdiction thereof.

Your affiant also requests authorization for use of a powered aerial vehicle in accordance with F.S.S. 934.50 during the execution of the warrant in the interest of officer safety to prevent an ambush or to locate anyone hiding in the residence prior to law enforcement making entry.

**s/Detective Matthew Chiang; 10015**

**AFFIDAVIT FOR SEARCH WARRANT**

**STATE OF FLORIDA  
COUNTY OF ORANGE**

Comes now the affiant, **Kyle Cole; 8656**, a sworn law enforcement officer, to-wit: a **Deputy Sheriff** for the **Sheriff of Orange County**, submitted via a secure electronic file system before the below signed **Judge, in and for Orange County, Florida, Ninth Judicial Circuit**, who makes this application and states under oath that affiant has probable cause to believe that evidence, to-wit:

1. **2010 Lincoln MKZ bearing Florida license plate IYLL82 (VIN: 3LNHL2GC0AR612086)**
2. **Infotainment System and related digital storage media associated with the above described vehicle. The Infotainment System consists of a computer, attached video screen, and digital storage media enclosed in a box which is installed in the vehicle.**

The following information is located within the Infotainment System, stored on digital media within the system.

- a. **Live and deleted user attribution data including, but not limited to, user accounts, e-mail accounts, passwords, PIN codes, patterns, methods of payment, account names, user names, screen names, remote data storage accounts, documents, files, metadata, log files, user voice profiles and other biometric identifiers or any other information and evidence that may demonstrate attribution to a particular user or users;**
- b. **Live and deleted historical navigation data tracks, routes, and waypoints, GPS fixes, favorites, past journeys, trip logs, and user entered data, Latitude, Longitude, and Altitude coordinates, and related dates and times;**
- c. **Live and deleted logs, records, documents, and other digital information that may constitute evidence, contraband, fruits, and/or instrumentalities of violations of crimes, including but not limited to the crime(s) listed;**
- d. **Live and deleted contact lists, call logs, text messages and multimedia messages (SMS and MMS messages), e-mails, chats, video conference communication data, contact information, installed application information including their content and any other**

**information which can be used to identify potentially associated persons;**

**e. Live and deleted passwords, password files, PIN codes, encryption codes, or other information necessary to access the digital device or data stored on the digital device such as hidden file applications;**

**f. Live and deleted documents, programs, pictures, videos, audio files, text files, databases, application data, calendar entries, user dictionaries, malware, viruses, tracking or other remote monitoring software, and any associated metadata;**

**g. Live and deleted web browser history, web browser bookmarks, temporary Internet files, cookies, searched items, downloaded and uploaded files, social networking websites or applications;**

**h. Live and deleted data stored on removable media such as Subscriber Identity Modules (SIM cards), flash memory storage devices such as Secure Digital (SD) and Micro SD media cards and any associated wireless devices (Bluetooth, Wi-Fi, or other technology);**

**i. I also understand that in order to successfully complete a forensic extraction from an Infotainment System it may be necessary to repair the device, replace the screen, replace the chassis, reconnect wires, or replace a battery. I also understand that it may be necessary to employ advanced forensic processes to bypass locked display screens and other data access restrictions. Advanced processes may include, but are not limited to, potentially destructive processes such as gaining root and/or Super user level access, JTAG, ISP-JTAG and chip-off.**

**j. The executing law enforcement officer(s) may enlist the aid of a law enforcement computer forensic laboratory and/or certified digital evidence examiner(s) in the searching, viewing, photographing, recording, copying, forensic imaging, and analysis of any and all of the information described.**

which is evidence of a felony violation of the laws of the State of Florida relating to **Interference with Child Custody**, to-wit: Florida Statute **787.03(1)**, is currently being kept in certain property in Orange County, Florida, which property is believed to be under the control of **Orange County Sheriff's Office**, or persons unknown and which property has, or is located at, the unique address of **2500 West Colonial Drive, Orlando**, Orange County, Florida, and is particularly described and can be located as follows:

**DESCRIPTION:**

**Orange County Sheriff's Office Central Operations, 2500 W. Colonial Drive, Orlando, FL 32804**

**DIRECTIONS:**

**From the intersection of N. Tampa Avenue and W. Colonial Drive, travel westbound approximately .4 miles. Make a southbound turn onto Sheriff's Central Complex and arrive at 2500 W. Colonial Drive.**

Your affiant, **Kyle Cole; 8656**, is and has been since **August 10, 2017**, a duly sworn **Deputy Sheriff** for the **Sheriff of Orange County**.

**I have been a sworn law enforcement officer for the Orange County Sheriff's Office since August 10, 2017. I have been trained in a variety of law enforcement techniques such as use of force, vehicle operations, firearms training, advanced interviewing, and investigations. I have come to investigate numerous sexual related crimes involving children and adults. I have authored several arrest and search warrants throughout my tenure. I am currently assigned as a Detective to the Criminal Investigations Division Sex Crimes Unit.**

**As a result of your affiant's training and experience, your affiant has probable cause to believe the following: On February 26, 2024 at approximately 2000 hours, a 13-year old victim was reported missing by her mother.**

**The mother advised her daughter's step-father, Stephan Sterns, picked her up from home and dropped her off at [REDACTED], [REDACTED], [REDACTED] on February 26, 2024. The mother then went to pick up the victim from school at dismissal and learned the victim did not attend classes.**

**An interview was conducted with the victim's step father, Stephan Sterns, who advised he transported the victim from her residence and dropped her off in front of Peace United Methodist Pre-School, 13502 Town Loop Blvd, Orlando, FL, which was down the street from the school, at 0840 hours. [REDACTED] begins class at 0930 hours. A License Plate Reader captured Stephan's vehicle with Florida tag "IYLL82" driving away from the school at 0810 hours. During the interview with Stephan, he provided consent to search his phone, however he stated he had accidently performed a factory reset on his phone on February 26, 2024, the same day the victim went missing. Stephan provided his phone number to be 407-256-1832.**

**After an extensive canvass of the area and interviews with the victim's family and friends, it was learned it was unusual for the victim to be dropped off down the street from the school and not stay in communication with family and friends.**

**Upon reviewing the contents of Stephan's phone, several images and videos were located which depicted the missing juvenile with her breasts, vagina, and anal opening as the focal point of the pictures/videos. There were also pictures and videos depicting the missing juvenile's vagina and mouth being penetrated by a penis. As such, the files depict the sexual performance of a child. Your affiant has probable cause to believe Stephan was in possession of material depicting the sexual performance of a child.**

**It should be noted, the penis observed penetrating the victim had distinct marking on it which consisted of bright pinkish-colored skin below the head of the penis until approximately a quarter of the length down the shaft of the penis. Several other pictures capturing this distinct pattern were observed on the phone. Further, as your affiant was reviewing the pictures and videos, I was observing several different pieces of clothing to include patterned underwear, shirts, blankets, and sheets. Simultaneously, detectives of the Orange County Sheriff's Office were executing a search warrant at Stephan's home address of [REDACTED]. This address is also where the victim and her mother live. The detectives searching the residence were contacted and confirmed they found the same distinctive clothing worn by both Stephan and the victim in Stephan's room and the victim's room. Based on the totality of the circumstances, your affiant has probable cause to believe Stephan committed a sexual battery (familial/custodial authority) on the victim. It should also be noted there were**

**pictures and videos collected on several different dates over the course of approximately two years.**

Based on the foregoing and your affiant's knowledge, training and experience, Kyle Cole; 8656 has probable cause to believe that **1. 2010 Lincoln MKZ bearing Florida license plate IYLL82 (VIN: 3LNHL2GC0AR612086)**

**2. Infotainment System and related digital storage media associated with the above described vehicle. The Infotainment System consists of a computer, attached video screen, and digital storage media enclosed in a box which is installed in the vehicle.**

**The following information is located within the Infotainment System, stored on digital media within the system.**

**a. Live and deleted user attribution data including, but not limited to, user accounts, e-mail accounts, passwords, PIN codes, patterns, methods of payment, account names, user names, screen names, remote data storage accounts, documents, files, metadata, log files, user voice profiles and other biometric identifiers or any other information and evidence that may demonstrate attribution to a particular user or users;**

**b. Live and deleted historical navigation data tracks, routes, and waypoints, GPS fixes, favorites, past journeys, trip logs, and user entered data, Latitude, Longitude, and Altitude coordinates, and related dates and times;**

**c. Live and deleted logs, records, documents, and other digital information that may constitute evidence, contraband, fruits, and/or instrumentalities of violations of crimes, including but not limited to the crime(s) listed;**

**d. Live and deleted contact lists, call logs, text messages and multimedia messages (SMS and MMS messages), e-mails, chats, video conference communication data, contact information, installed application information including their content and any other information which can be used to identify potentially associated persons;**

**e. Live and deleted passwords, password files, PIN codes, encryption codes, or other information necessary to access the digital device or data stored on the digital device such as hidden file applications;**

**f. Live and deleted documents, programs, pictures, videos, audio files, text files, databases, application data, calendar entries, user dictionaries, malware, viruses, tracking or other remote monitoring software, and any associated metadata;**

**g. Live and deleted web browser history, web browser bookmarks, temporary Internet files, cookies, searched items, downloaded and uploaded files, social networking websites or applications;**

**h. Live and deleted data stored on removable media such as Subscriber Identity Modules (SIM cards), flash memory storage devices such as Secure Digital (SD) and Micro SD media cards and any associated wireless devices (Bluetooth, Wi-Fi, or other technology);**

i. I also understand that in order to successfully complete a forensic extraction from an Infotainment System it may be necessary to repair the device, replace the screen, replace the chassis, reconnect wires, or replace a battery. I also understand that it may be necessary to employ advanced forensic processes to bypass locked display screens and other data access restrictions. Advanced processes may include, but are not limited to, potentially destructive processes such as gaining root and/or Super user level access, JTAG, ISP-JTAG and chip-off.

j. The executing law enforcement officer(s) may enlist the aid of a law enforcement computer forensic laboratory and/or certified digital evidence examiner(s) in the searching, viewing, photographing, recording, copying, forensic imaging, and analysis of any and all of the information described. , which is evidence of a criminal violation under Florida State Statutes 787.03(1), to-wit: **Interference with Child Custody**, is currently being kept at the location whose address is **2500 West Colonial Drive, Orlando**.

**WHEREFORE**, your affiant makes this affidavit and requests the issuance of a Search Warrant in due form of law authorizing a search of the above-described property by officers of the law for evidence heretofore described and for the seizure and safekeeping of said evidence, subject to the order of a Court having jurisdiction thereof.

Your affiant also requests authorization for use of a powered aerial vehicle in accordance with F.S.S. 934.50 during the execution of the warrant in the interest of officer safety to prevent an ambush or to locate anyone hiding in the residence prior to law enforcement making entry.

**Emergency Warrant Request Cover Sheet**

Officers of Kissimmee Police Department are waiting to immediately, directly, instantly, and at once, without delay, proceed on this search/arrest warrant.

In compliance with the Ninth Judicial Circuit's Warrant Signing Procedure, this cover sheet is attached to the request for emergency arrest/Search warrant.

The Kissimmee Police Department recognizes that an "emergency" is "an unforeseen combination of circumstances that calls for immediate action and that law enforcement should seek emergency duty judge intervention only in rare and extreme circumstances where the law or totality of the circumstances requires immediate action and that it must appear that urgent circumstances are present and that lack of immediate action would result in the loss of evidence or the imminent escape of a suspect."

The location of the suspect is 2500 West Colonial Drive Orlando Fl 32804 and the facts justifying the emergency are in custody.

The suspect is known but the location of the suspect is unknown, the facts justifying the emergency and the threat to the safety and welfare of a citizen is great are: JUSTIFICATION.

Watch Commander Erika Castellucci has reviewed this warrant and affirmed the emergency nature of the warrant.

**DNA Genetic Material (buccal cells) from Stephan Michael Sterns**

**Blood, saliva, or epithelial cells to be collected from Stephan Michael Sterns**

**Photographs and swabs of Stephan Michael Stern's penis**

**Clothing worn by Stephan Michael Stern**

that is believed to be evidence of a **felony** criminal violation of the laws of the State of Florida, to-wit: **Florida Statutes 794.011(4)(B) and 827.071(5)(a)** prohibiting the **crime(s) of Sexual Battery Possession of Material Depicting Sexual Performance of a Child** currently exists within **Orange County**, Florida, which is presently believed to be under the control of **Stephan Michael Sterns**, and that the laws relating to said offenses are possessed on a person, who is more specifically described as follows:

**Stephan Michael Sterns**

Social Security: [REDACTED]

DOB: **04/25/1986**

**White/ Male, Black Hair, Brown Eyes**

**6'02**

The applicant, **Detective Brian Moore**, is a duly sworn law enforcement officer for the City of Kissimmee Police Department since **April, 2018**. Your Applicant is currently assigned to the **Criminal Investigations Division** with the responsibility of responding to and investigating crimes to include, but not limited to **investigating miscellaneous felony crimes, to include: Homicide, Robbery, Sexual Battery, Auto Theft Investigations, Narcotics Investigations, Pawn Shop Investigations, Burglaries, Criminal Mischiefs, Frauds.**

Your Applicant is currently assigned to the **Criminal Investigations Division**, since July of 2022. The applicant has received formal and practical training from local and state law enforcement agencies. Your affiant graduated the **Valencia Criminal Justice Academy** in 2017, which consisted of 720 hours of training. Your affiant has had training in **Criminal Law, Speed Measurement, Breath Tech Operator, DUI Trial Preparation, Field Training Officer Course, Interviews and Interrogations, Crisis Intervention, Instructor Techniques, Cultural Diversity & De-Escalation, Adult Sex Crimes and First Line Supervision.**

The applicant has testified in county court. The applicant has assisted in the execution of search warrants during his tenure with the Kissimmee Police Department. The applicant has assisted in undercover operations. As a result of the applicant's investigation, the following specific information and evidence are known which establishes your applicant's probable cause to support this application:

On February 26, 2024 at approximately 2000 hours, a 13-year old victim was reported missing by her mother. According to Orange County Deputy Sheriff Kyle Cole, Badge # 8656, (hereinafter DS Cole), DS Cole has found the following during the missing person investigation and reported such information to your Affiant. DS Cole has been a sworn law enforcement officer for the Orange County Sheriff's Office since August 10, 2017. DS Cole has been trained in a variety of law enforcement techniques such as use of force, vehicle operations, firearms training, advanced interviewing, and investigations. I have come to investigate numerous sexual related crimes involving children and adults. DS Cole has authored several arrest and search warrants throughout my tenure. DS Cole is currently assigned as a Detective to the Criminal Investigations Division Sex Crimes Unit

The mother advised her daughter's step-father, Stephan Sterns, picked her up from home and dropped her off at [REDACTED], [REDACTED] L on February 26, 2024. The mother then went to pick up the victim from school at dismissal and learned the victim did not attend classes.

An interview was conducted with the victim's step father, Stephan Sterns, who advised he transported the victim from her residence and dropped her off in front of Peace United Methodist Pre-School, 13502 Town Loop Blvd, Orlando, FL, which was down the street from the school, at 0840 hours. [REDACTED] begins class at 0930 hours. A License Plate Reader captured Stephan's vehicle with Florida tag "IYLL82" driving away from the school at 0810 hours. During the interview with Stephan, he provided consent to search his phone, however he stated he had accidentally performed a factory reset on his phone on February 26, 2024, the same day the victim went missing. Stephan provided his phone number to be 407-256-1832.

After an extensive canvass of the area and interviews with the victim's family and friends, it was learned it was unusual for the victim to be dropped off down the street from the school and not stay in communication with family and friends.

Upon review of the contents of Stephan's phone, several images and videos were located which depicted the missing juvenile with her breasts, vagina, and anal opening as the focal point of the pictures/videos. There were also pictures and videos depicting the missing juvenile's vagina and mouth being penetrated by a penis. As such, the files depict the sexual performance of a child. DS Cole has probable cause to believe Stephan was in possession of material depicting the sexual performance of a child. DS Cole has reported the same to your Affiant.

According to DS Cole, the penis observed penetrating the victim had distinct marking on it which consisted of bright pinkish-colored skin below the head of the penis until approximately a quarter of the length down the shaft of the penis. Several other pictures capturing this distinct pattern were observed on the phone. Further, as DS Cole was reviewing the pictures and videos, DS Cole observed several different pieces of clothing to include patterned underwear, shirts, blankets, and sheets. Simultaneously, detectives of the Orange County Sheriff's Office were executing a search warrant at Stephan's home address of [REDACTED] [REDACTED]. This address is also where the victim and her mother live. The detectives searching the residence were contacted and confirmed they found the same distinctive clothing worn by both Stephan and the victim in Stephan's room and the victim's room. Based on the totality of the circumstances, your affiant has probable cause to believe Stephan committed a sexual battery (familial/custodial authority) on the victim. It should also be noted there were pictures and videos collected on several different dates over the course of approximately two years.

Due to Stephan being the last person seen with the victim and it is known there was ongoing sexual abuse between the two, your affiant is requesting a search warrant for the above described items.

A search warrant is requested to collect evidence related to the **Sexual Battery Possession of Material Depicting Sexual Performance of a Child**.

**WHEREFORE**, applicant makes this **Application and Affidavit for Search Warrant** and requests the issuance of a **Search Warrant** in due form of law authorizing a search of the above-described property, by officers of the law, for the evidence described above, and for the seizure and safekeeping of said evidence subject to any subsequent order of a Court having proper jurisdiction.

On February 26, 2024, at approximately 2000 hours, [REDACTED], a 13-year old was reported missing to the Orange County Sheriff's Office by her mother, [REDACTED] (Orange County case 24-011313).

[REDACTED] completed a sworn written statement to Orange County deputies to the following: [REDACTED] stated on 02/26/2024, at approximately 0800 hours, she saw [REDACTED] getting ready for school. [REDACTED] stated Stephan Sterns took her to school and dropped her off close to the school. [REDACTED] said Stephan dropped [REDACTED] off on Town Loop Boulevard between Town Center Boulevard and Hunters Park Lane. [REDACTED] said Stephan dropped her off between 0830 hours and 0845 hours. [REDACTED] stated [REDACTED] never made it to school. [REDACTED] went to [REDACTED] around 1600 hours to pick [REDACTED] up and she never came out of the school. [REDACTED] stated she searched around the area and then went to her mother's office but could not locate her.

Deputy Joseph from the Orange County Sheriff's Office contacted the on-call Domestic Crimes Detective, who investigate missing persons, who advised to send the report to the Missing Persons squad.

On February 27, 2024, Detective Hunt from the Orange County Sheriff's Office received information that [REDACTED] did not report to school on the previous day. Therefore, Detective Hunt began his investigation. Detective Hunt interviewed [REDACTED] and Stephan during the initial phase of this investigation. During these interviews, Detective Hunt noticed some inconsistencies.

Detective Tagler with the Orange County Sheriff's Office was also asked to assist with interviewing Stephan during this case. Detective Tagler would eventually become the lead investigator for the Orange County Sheriff's Office case. Detective Tagler contacted Stephan at [REDACTED]. Detective Tagler was provided locations where Stephan's vehicle (2010 silver Lincoln MKZ, bearing FL tag IYLL82) had been seen during the time Stephan stated he dropped off [REDACTED] at school. Detective Tagler confronted Stephan about his locations during the interview, but Stephan would provide answers that did not match up to his vehicle location. Stephan provided consent to search his phone, however he stated had accidentally performed a factory reset on his phone on 02/26/2024. Detective Tagler asked Stephan a second time if he consented to the download of his phone and he agreed and provided his passcode. Detective Tagler then proceeded to the security gate at [REDACTED] to review video. Upon reviewing the security video, Detective Tagler observed Stephan's vehicle exiting the complex with a female wearing a green sweater in the front passenger seat. The female was slumped over to her left, which is an abnormal way for a person to be seated in a vehicle. At that point, Detective Tagler decided to secure the residence at [REDACTED] for a search warrant.

The Kissimmee Police Department was notified and asked to assist with this case. Detective Smallwood responded to

assist Orange County in the search. The decision was made to have patrol officers from the Kissimmee Police Department secure the location for the search warrant to be executed on 02/28/2024.

On February 28, 2024, I, Detective Mark Morris, was called and asked to respond to [REDACTED] to assist Orange County in executing the search warrant for their missing person case.

Upon my arrival I contacted Orange County deputies who were waiting for their forensics unit to arrive to execute the search warrant. While Orange County was serving a search warrant on the premises, a subsequent search warrant was executed on Stephan's cellular phone. Upon reviewing the contents of Stephan's phone, it was discovered several images were saved in a Google Drive. A separate search warrant was served to Google and upon the receipt of the contents of Stephan's Google Drive, several images and videos were located which depicted an apparent child with her breasts, vagina, and anal opening as the focal point of the pictures/videos. There were also pictures and videos depicting an apparent child's vagina and mouth being penetrated by a penis. The child was later identified as [REDACTED] whose date of birth is [REDACTED].

During this time, it was also discovered Stephan did not drop [REDACTED] off at school as he previously stated. Based upon the contents of Stephan's Google Drive and the suspicious nature of [REDACTED] going missing, it was decided that I become the lead investigator from the Kissimmee Police Department.

Corporal Illgen and I responded to the Orange County Sheriff's Office, where deputies had already arranged for [REDACTED] and Stephan to be transported there for a press conference. I was shown the contents of Stephan's Google Drive, where one folder that appeared dedicated to [REDACTED], contained over 1700 files. A majority of these photographs and videos showed [REDACTED] in different sexual positions. Based upon these images, Orange County Detective's began to author an arrest warrant for Stephan. Due to the fact that most of these images appeared to have occurred at the residence of [REDACTED] location, probable cause was provided to Detective Moore of the Kissimmee Police Department. Detective Moore wrote the arrest warrant charging Stephan with sexual battery and possession of child pornography.

While the arrest warrant was being written and obtained by Detective Moore, at approximately 1645 hours, I contacted [REDACTED] in a conference room at the sheriff's office. [REDACTED] was asked questions about [REDACTED] being missing and the dynamics of the household. [REDACTED] stated her and Stephan had been dating on and off for approximately seven years. Stephan had moved out of the home in the later part of 2023 (November/December). [REDACTED] stated while they were together they would either all sleep in the same bed or [REDACTED] would sleep with her when Stephan was not there. When asked if it was normal that Stephan and [REDACTED] to sleep together without her being there and she said

yes. [REDACTED] stated if she needed a good night sleep due to her anxiety, she would ask them to sleep in a different bedroom. Orange County Detective's had previously shown [REDACTED] photographs of Stephan's penis for identification purposes. [REDACTED] did not want believe [REDACTED] and Stephan were engaged in sexual activity. [REDACTED] asked to see the image of Stephan and [REDACTED]. I pulled out a printed picture from Stephan's Google Drive that showed [REDACTED] with Stephan's penis in her mouth. [REDACTED] said she didn't recognize anything in the picture, as if she was in denial. However, she became visibly upset. I asked [REDACTED] additional questions unrelated to this particular case. I excused myself and told her that I was going to speak with Stephan.

I contacted Stephan in an interview room at the Sheriff's Office. Stephan was asleep when I entered the room along with Corporal Illgen. After introducing ourselves, I explained the reason why we were there speaking with him. I read Stephan his Miranda Warnings which we waived and agreed to speak with us. Stephan stated he had known [REDACTED] for several years and they dated for most of that time. I asked Stephan what the sleeping arrangements were within the [REDACTED] me. Stephan stated [REDACTED] typically sleeps with [REDACTED] in [REDACTED]'s bed. Stephan stated [REDACTED] wanted them all to sleep in the same bed when he returned from being away for several months. Stephan stated [REDACTED] always needed human contact when going to sleep, Stephan referred to it as "snuggling". As the interview went on, I asked Stephan if [REDACTED] has ever been sexually active with anyone in the past. Stephan stated there was an incident when she was much younger. Stephan said [REDACTED] did something with a phone or camera, but she wasn't scolded for it. Stephan said she was very young when this happened. I asked Stephan if he provided Orange County deputies consent to search through his phone and he stated yes. I asked Stephan if he had a Google account and he stated he did. When I asked Stephan if he saved pictures to that account, he said sometimes. Stephan stated he did have pictures of him and [REDACTED] saved to that account. When I asked Stephan about all the pictures he had saved, Stephan then asked if he should be talking to a lawyer. Shortly after that, Stephan requested an attorney. Stephan was arrested for sexual battery (familial/custodial authority) when the victim was under 12 years old and possession of child pornography. A search warrant was obtained to collect DNA from Stephan. This warrant was executed by Orange County detectives and forensic unit.

I was able to search through Stephan's Google account and observed the following videos/images:

File name: 20190702\_205542-1fmeiswnlgr6

Description: Video file depicting a pre-pubescent female resembling [REDACTED], who would have been 8 years and 4 months old. [REDACTED] is laying next to Stephan in a bed watching cartoons on the television. Stephan is asking [REDACTED] to put his penis in her mouth for three seconds as he counts. Stephan states [REDACTED] would not be able to play with a phone unless she did it.

On 2/26/2024 at approximately 2355 hours, I, Officer Clark #909, responded to [REDACTED] [REDACTED] in reference to an attempt to locate in reference to a missing juvenile case (report #24-011313) the Orange County Sheriffs Office are working (KPD event #2402260405).

Prior to arrival, I was advised that the Orange County Sheriffs Office (OCSO) is working on a missing juvenile whose primary residence is the aforementioned address. I was advised by LT Ortiz #534 to return to the aforementioned address and make contact with the family, again, and advise if [REDACTED] ([REDACTED]) returned home.

Upon arrival, I spoke with [REDACTED] ([REDACTED] s mother) and Stephan Sterns ([REDACTED] s boyfriend) who both provided me with a verbal statement summarized as follows: On the morning of 2/27/2024, Stephan took [REDACTED] to school in a silver 2010 Lincoln MKZ (IYLL82-FL). Stephan dropped [REDACTED] off a block away from school due to her not wanting to be seen in an old Lincoln. They stated that [REDACTED] forgot her phone at home, and that [REDACTED] has ADHD and is usually forgetful. They stated that [REDACTED] did not take any personal items or leave any notes hinting to her running away. They stated they have not had any recent arguments. [REDACTED] and I looked through [REDACTED] s cellphone, including her recently deleted messages, which did not contain anything suspicious or hinting to her wanting to run away. There was a text message [REDACTED] sent to a friend, stating when she turns 18 years old, she wants to live in the woods.

[REDACTED] and Stephan allowed me to search the residence with negative results for [REDACTED]. Stephan took me to each family member s vehicles outside of the residence with negative results for [REDACTED] inside any vehicles. I observed a handgun in the rear back pocket of the driver s seat in the Lincoln MKZ, which Stephan stated he usually leaves it in the vehicle. Stephan also advised me not to pay attention to the donut tire on his vehicle, due to him recently catching a flat tire earlier that day.

[REDACTED] provided me with her sister s address, [REDACTED], which is within walking distance from [REDACTED]

I responded to [REDACTED] and spoke with [REDACTED] s sister who stated she has not seen [REDACTED] since her birthday party on 2/26/2024. She allowed me to search her residence with negative results for [REDACTED]. She allowed me to look in her vehicle as well as inside of a utility van belonging to [REDACTED] s grandfather. The utility van has been turned into an RV, which also had negative results for [REDACTED].

On 2/27/2024, at approximately 2301 hours, I responded back out to [REDACTED] to meet with multiple detectives and their supervisors from OCSO while they interviewed [REDACTED] s family again.

Officer Owens #914 and I stood by the aforementioned address until properly relieved.

This report is also related to KPD case #24-001896.

This report will be forwarded to the Records Division.

A portion of this incident was captured on my Department issued body worn camera. The body worn camera and its footage is maintained by the Kissimmee Police Department.

On February 27, 2024 at approximately 2209, officers of the Kissimmee Police Department responded to [REDACTED] Apt [REDACTED] in reference to a mutual aid with the Orange County Sheriff's Office.

The Orange County Sheriff's Office was working on a missing person's case that was initiated in their jurisdiction. During their investigation, the Orange County's Sexual Assault Unit joined their investigation to assist with the sexual allegations that were discovered. The Orange County Sexual Assault Unit drafted a DNA warrant along with an arrest warrant for Stephan Michael Sterns however after further investigation, it was discovered that the incident location of the sexual battery occurred in the Kissimmee Police Department's jurisdiction. The investigation was then transferred over to Detective Mark Morris as the lead detective. I, Detective Moore ID#804 was provided with Orange Counties drafted warrants to transfer over into our format in order to submit the warrants through the eWarrants system. I submitted both DNA and arrest warrants which were approved and signed by the Honorable Judge Reginald Whitehead on February 28, 2024. I went to the Osceola County Communications Center and had the arrest warrant entered. Stephan was transported by an Orange County Deputy to the Osceola County Jail where he is being held with no bond.

This report will be forwarded to the SAO.

On February 26, 2024, at approximately 2000 hours, [REDACTED], a 13-year old was reported missing to the Orange County Sheriff's Office by her mother, [REDACTED] (Orange County case 24-011313).

[REDACTED] provided a sworn written statement to Orange County deputies summarized as follows: On 02/26/2024, at approximately 0800 hours, [REDACTED] saw [REDACTED] getting ready for school. [REDACTED] stated Stephan Sterns took her to school and dropped her off about a block away from the school. [REDACTED] said Stephan dropped [REDACTED] off on Town Loop Boulevard between Town Center Boulevard and Hunters Park Lane. [REDACTED] said Stephan dropped her off between 0830 hours and 0845 hours. [REDACTED] went to [REDACTED] around 1600 hours to pick [REDACTED] up but she never came out of the school. [REDACTED] stated she checked the area and then went to her mother's office, which is located near the school, but could not locate her.

Deputy Joseph from the Orange County Sheriff's Office contacted the on-call Domestic Crimes Detective, who investigate missing persons, who advised to send the report to the Missing Persons squad.

On February 27, 2024, Detective Hunt from the Orange County Sheriff's Office was assigned the case. Therefore, Detective Hunt began his investigation. Detective Hunt interviewed [REDACTED] and Stephan during the initial phase of his investigation. During these interviews, Detective Hunt noticed some inconsistencies in their statements.

Later, Detective Tagler with the Orange County Sheriff's Office arrived on scene and was asked to assist with interviewing Stephan. Detective Tagler would eventually become the lead investigator for the Orange County Sheriff's Office case. Detective Tagler interviewed Stephan at [REDACTED]. See Detective Tagler's supplement for further details.

On February 27, 2024, at approximately 2100 hours, I, Detective Smallwood responded to [REDACTED] to assist Detective Hunt and the Orange County Sheriff's Office with the investigation. At the time of my arrival, [REDACTED], Stephan, and their roommates were out of the residence and the residence was secured pending a search warrant.

On February 28, 2024, the search warrant for the residence was executed. During the execution of the warrant, information was discovered from Stephan's cellphone and it was also discovered Stephan never dropped [REDACTED] off at school. At that time, Detective Morris was assigned as the lead investigator on the case and the investigation was turned over to the Kissimmee Police Department.

This report will be forwarded to the State Attorney's Office.

**CI: Sexual Battery Victim under 12 years (Familial) FSS: 794.011(8)(C)**

Your affiant, Detective Brian Moore, ID# 804, is a sworn law enforcement officer employed by the Kissimmee Police Department, and has been employed by said agency since 04/09/2018. Your affiant currently investigates crimes in the City of Kissimmee, Florida.

**YOUR AFFIANT, IN THE COURSE OF HIS/ HER OFFICIAL DUTIES, HAS COME TO INVESTIGATE:**

On February 26, 2024 at approximately 2000 hours, [REDACTED], a 13-year old was reported missing by her mother.

The mother advised her daughter's step-father, Stephan Sterns, picked her up from home and dropped her off at [REDACTED] on February 26, 2024. The mother then went to pick up [REDACTED] from school at dismissal and learned [REDACTED] never showed to school.

An interview was conducted with Stephan. During the interview with Stephan, he provided consent to search his phone, however he stated had accidentally performed a factory reset on his phone on February 26, 2024.

SCANNED

Upon reviewing the contents of Stephan's phone, several images and videos were located which depicted an apparent child with her breasts, vagina, and anal opening as the focal point of the pictures/videos. There were also pictures and videos depicting an apparent child's vagina and mouth being penetrated by a penis. The child was later identified as [REDACTED], whose date of birth is 0[REDACTED]. Meta data from the images and photographs described above shows that in August of 2022 Stephan inserted his penis into the victim's mouth. A warrant was previously obtained for a sexual act that occurred after the victim turned 12 years old. This warrant is to charge the act that occurred before on August 2022 when the victim was 11 years old.

Further, as your affiant was reviewing the images from the August 2022 incident, your affiant observed the characteristics of the room where the incident occurred. Previously, detectives of the Orange County Sheriff's Office (OCSO) were executing a search warrant at Stephan's home address of [REDACTED] [REDACTED] (residence). This address is also where the victim, her mother, and Stephan live. OCSO took images of the layout of the residence. Based upon a review of the images from Orange County Sheriff's Office's (OCSO) execution of the search warrant at the residence, the room pictured in the images from the August 2022 incident matches one of the rooms in the residence. Based on the totality of the circumstances, your affiant has probable cause to believe Stephan committed a sexual battery (familial/custodial authority) on the victim when the victim was under 12 years old.

Officers of Kissimmee Police Department are waiting to immediately, directly, instantly, and at once, without delay, proceed on this search/arrest warrant.

In compliance with the Ninth Judicial Circuit's Warrant Signing Procedure, this cover sheet is attached to the request for emergency arrest/Search warrant.

The Kissimmee Police Department recognizes that an "emergency" is "an unforeseen combination of circumstances that calls for immediate action and that law enforcement should seek emergency duty judge intervention only in rare and extreme circumstances where the law or totality of the circumstances requires immediate action and that it must appear that urgent circumstances are present and that lack of immediate action would result in the loss of evidence or the imminent escape of a suspect."

The location of the suspect is 2500 West Colonial Drive Orlando Fl 32804 and the facts justifying the emergency are in custody.

The suspect is known but the location of the suspect is unknown, the facts justifying the emergency and the threat to the safety and welfare of a citizen is great are: JUSTIFICATION.

Digitally appears the affiant, Detective Brian Moore, ID# 804, a sworn law enforcement officer, to wit: an Officer for the Kissimmee Police Department, who makes this affidavit and states under oath that affiant has probable cause to believe that certain laws have been violated in Osceola County, Florida, and that on/between 03/20/2022 to 12/03/2023, the Defendant, Stephan Michael Sterns, did violate Florida State Statute(s), and commit the offense(s) of:

- C1: Sexual Battery (Familial/Custodial Authority) FSS: 794.011(8)(B)
- C2: Possession of Material Sexual Performance by Child FSS: 827.071(5)(A)

Your affiant, Detective Brian Moore, ID# 804, is a sworn law enforcement officer employed by the Kissimmee Police Department, and has been employed by said agency since 04/09/2018. Your affiant currently investigates crimes in the City of Kissimmee, Florida.

YOUR AFFIANT, IN THE COURSE OF HIS/ HER OFFICIAL DUTIES, HAS COME TO INVESTIGATE:

On February 26, 2024 at approximately 2000 hours, A 13-year old victim was reported missing by her mother.

The mother advised her daughter's step-father, Stephan Sterns, picked her up from home and dropped her off at [REDACTED] on February 26, 2024. The mother then went to pick up the victim from school at dismissal and learned the victim never showed to school.

An interview was conducted with the victim's step father, Stephan Sterns, who advised he picked the victim up and dropped her off in front of Peace United Methodist Pre-School, 13502 Town Loop Blvd, Orlando, FL, which was down the street from the school, at 0840 hours. [REDACTED] begins class at 0930 hours. A License Plate Reader captured Stephan's vehicle with Florida tag "TYLL82" driving away from the school at 0810 hours. During the interview with Stephan, he provided consent to search his phone, however he stated had accidentally performed a factory reset on his phone on February 26, 2024, the same day the victim went missing. Stephan provided his phone number to be 407-256-1832.

After an extensive canvass of the area and interviews with the victim's family and friends, it was unusual for the victim to be dropped off down the street from the school and not stay in communication with family and friends.

Upon reviewing the contents of Stephan's phone, several images and videos were located which depicted the missing juvenile with her breasts, vagina, and anal opening as the focal point of the pictures/videos. There were also pictures and videos depicting the missing juvenile's vagina and mouth being penetrated by a penis. As such, the files depict the sexual performance of a child. Your affiant has probable cause to believe Stephan was in possession of material depicting the sexual performance of a child.

It should be noted, the penis observed penetrating the victim had distinct marking on it which consisted of bright pinkish-colored skin below the head of the penis until approximately a quarter of the length down the shaft of the penis. Several other pictures capturing this distinct pattern were observed on the phone. Further, as your affiant was reviewing the pictures and videos, I was observing several different pieces of clothing to include patterned underwear, shirts, blankets, and sheets. Simultaneously, detectives of the Orange County Sheriff's Office were executing a search warrant at Stephan's home address of [REDACTED] [REDACTED] [REDACTED]. This address is also where the victim and her mother live. The detectives searching the residence were contacted and confirmed they found the same distinctive clothing both in Stephan's room and the victim's room. Based on the totality of the circumstances, your affiant has probable cause to believe Stephan committed a sexual battery (familial/custodial authority) on the victim.

On February 26, 2024 at approximately 2000 hours, a 13-year old victim was reported missing by her mother. According to Orange County Deputy Sheriff Kyle Cole, Badge # 8656, (hereinafter DS Cole), DS Cole has found the following during the missing person investigation and reported such information to your Affiant. DS Cole has been a sworn law enforcement officer for the Orange County Sheriff's Office since August 10, 2017. DS Cole has been trained in a variety of law enforcement techniques such as use of force, vehicle operations, firearms training, advanced interviewing, and investigations. I have come to investigate numerous sexual related crimes involving children and adults. DS Cole has authored several arrest and search warrants throughout my tenure. DS Cole is currently assigned as a Detective to the Criminal Investigations Division Sex Crimes Unit

The mother advised her daughter's step-father, Stephan Sterns, picked her up from home and dropped her off at [REDACTED], [REDACTED] on February 26, 2024. The mother then went to pick up the victim from school at dismissal and learned the victim did not attend classes.

An interview was conducted with the victim's step father, Stephan Sterns, who advised he transported the victim from her residence and dropped her off in front of Peace United Methodist Pre-School, 13502 Town Loop Blvd, Orlando, FL, which was down the street from the school, at 0840 hours. [REDACTED] begins class at 0930 hours. A License Plate Reader captured Stephan's vehicle with Florida tag "IYLL82" driving away from the school at 0810 hours. During the interview with Stephan, he provided consent to search his phone, however he stated he had accidentally performed a factory reset on his phone on February 26, 2024, the same day the victim went missing. Stephan provided his phone number to be 407-256-1832.

After an extensive canvass of the area and interviews with the victim's family and friends, it was learned it was unusual for the victim to be dropped off down the street from the school and not stay in communication with family and friends.

Upon review of the contents of Stephan's phone, several images and videos were located which depicted the missing juvenile with her breasts, vagina, and anal opening as the focal point of the pictures/videos. There were also pictures and videos depicting the missing juvenile's vagina and mouth being penetrated by a penis. As such, the files depict the sexual performance of a child. DS Cole has probable cause to believe Stephan was in possession of material depicting the sexual performance of a child. DS Cole has reported the same to your Affiant.

According to DS Cole, the penis observed penetrating the victim had distinct marking on it which consisted of bright pinkish-colored skin below the head of the penis until approximately a quarter of the length down the shaft of the penis. Several other pictures capturing this distinct pattern were observed on the phone. Further, as DS Cole was reviewing the pictures and videos, DS Cole observed several different pieces of clothing to include patterned underwear, shirts, blankets, and sheets. Simultaneously, detectives of the Orange County Sheriff's Office were executing a search warrant at Stephan's home address of [REDACTED] [REDACTED]. This address is also where the victim and her mother live. The detectives searching the residence were contacted and confirmed they found the same distinctive clothing worn by both Stephan and the victim in Stephan's room and the victim's room. Based on the totality of the circumstances, your affiant has probable cause to believe Stephan committed a sexual battery (familial/custodial authority) on the victim. It should also be noted there were pictures and videos collected on several different dates over the course of approximately two years.

Due to Stephan being the last person seen with the victim and it is known there was ongoing sexual abuse between the two, your affiant is requesting a search warrant for the above described items.

**CITY OF KISSIMMEE POLICE DEPARTMENT**

8 N. STEWART AVENUE - KISSIMMEE, FLORIDA 34741 - 407.847.0176

**Emergency Warrant Request Cover Sheet**

Officers of Kissimmee Police Department are waiting to immediately, directly, instantly, and at once, without delay, proceed on this search/arrest warrant.

In compliance with the Ninth Judicial Circuit's Warrant Signing Procedure, this cover sheet is attached to the request for emergency arrest/Search warrant.

The Kissimmee Police Department recognizes that an "emergency" is "an unforeseen combination of circumstances that calls for immediate action and that law enforcement should seek emergency duty judge intervention only in rare and extreme circumstances where the law or totality of the circumstances requires immediate action and that it must appear that urgent circumstances are present and that lack of immediate action would result in the loss of evidence or the imminent escape of a suspect."

The location of the suspect is 2500 West Colonial Drive Orlando Fl 32804 and the facts justifying the emergency are in custody.

The suspect is known but the location of the suspect is unknown, the facts justifying the emergency and the threat to the safety and welfare of a citizen is great are: JUSTIFICATION.

Watch Commander Erika Castellucci has reviewed this warrant and affirmed the emergency nature of the warrant.

**APPLICATION and AFFIDAVIT for SEARCH WARRANT**

Digitally appeared the applicant, **Detective Brian Moore**, a sworn law enforcement officer, to-wit: a lawfully sworn **Police Officer for the City of Kissimmee**, assigned to the **Criminal Investigations Division**, Kissimmee, Osceola County, Florida, who makes this written **Application and Affidavit for Search Warrant** and states under oath that the Applicant has probable cause to believe that certain **evidence**, to-wit:

**DNA Genetic Material (buccal cells) from Stephan Michael Sterns**

**Blood, saliva, or epithelial cells to be collected from Stephan Michael Sterns**

**Photographs and swabs of Stephan Michael Stern's penis**

**Clothing worn by Stephan Michael Stern**

that is believed to be evidence of a **felony** criminal violation of the laws of the State of Florida, to-wit: **Florida Statutes 794.011(4)(B) and 827.071(5)(a)** prohibiting the **crime(s) of Sexual Battery Possession of Material Depicting Sexual Performance of a Child** currently exists within **Orange County**, Florida, which is presently believed to be under the control of **Stephan Michael Sterns**, and that the laws relating to said offenses are possessed on a person, who is more specifically described as follows:

**Stephan Michael Sterns**

Social Security: **██████████**

DOB: **04/25/1986**

**White/ Male, Black Hair, Brown Eyes**

**6'02**

The applicant, **Detective Brian Moore**, is a duly sworn law enforcement officer for the City of Kissimmee Police Department since **April, 2018**. Your Applicant is currently assigned to the **Criminal Investigations Division** with the responsibility of responding to and investigating crimes to include, but not limited to **investigating miscellaneous felony crimes, to include: Homicide, Robbery, Sexual Battery, Auto Theft Investigations, Narcotics Investigations, Pawn Shop Investigations, Burglaries, Criminal Mischiefs, Frauds.**

Your Applicant is currently assigned to the **Criminal Investigations Division**, since **July of 2022**. The applicant has received formal and practical training from local and state law enforcement agencies. Your affiant graduated the **Valencia Criminal Justice Academy** in 2017, which consisted of **720 hours** of training. Your affiant has had training in **Criminal Law, Speed Measurement, Breath Tech Operator, DUI Trial Preparation, Field Training Officer Course, Interviews and Interrogations, Crisis Intervention, Instructor Techniques, Cultural Diversity & De-Escalation, Adult Sex Crimes and First Line Supervision.**

The applicant has testified in county court. The applicant has assisted in the execution of search warrants during his tenure with the Kissimmee Police Department. The applicant has assisted in undercover operations. As result of the applicant's investigation, the following specific information and evidence are known which establishes your applicant's probable cause to support this application:

On February 26, 2024 at approximately 2000 hours, a 13-year old victim was reported missing by her mother. According to Orange County Deputy Sheriff Kyle Cole, Badge # 8656, (hereinafter DS Cole), DS Cole has found the following during the missing person investigation and reported such information to your Affiant. DS Cole has been a sworn law enforcement officer for the Orange County Sheriff's Office since August 10, 2017. DS Cole has been trained in a variety of law enforcement techniques such as use of force, vehicle operations, firearms training, advanced interviewing, and investigations. I have come to investigate numerous sexual related crimes involving children and adults. DS Cole has authored several arrest and search warrants throughout my tenure. DS Cole is currently assigned as a Detective to the Criminal Investigations Division Sex Crimes Unit

The mother advised her daughter's step-father, Stephan Sterns, picked her up from home and dropped her off at [REDACTED], [REDACTED] on February 26, 2024. The mother then went to pick up the victim from school at dismissal and learned the victim did not attend classes.

An interview was conducted with the victim's step father, Stephan Sterns, who advised he transported the victim from her residence and dropped her off in front of Peace United Methodist Pre-School, 13502 Town Loop Blvd, Orlando, FL, which was down the street from the school, at 0840 hours. [REDACTED] begins class at 0930 hours. A License Plate Reader captured Stephan's vehicle with Florida tag "IYLL82" driving away from the school at 0810 hours. During the interview with Stephan, he provided consent to search his phone, however he stated he had accidentally performed a factory reset on his phone on February 26, 2024, the same day the victim went missing. Stephan provided his phone number to be 407-256-1832.

After an extensive canvass of the area and interviews with the victim's family and friends, it was learned it was unusual for the victim to be dropped off down the street from the school and not stay in communication with family and friends.

Upon review of the contents of Stephan's phone, several images and videos were located which depicted the missing juvenile with her breasts, vagina, and anal opening as the focal point of the pictures/videos. There were also pictures and videos depicting the missing juvenile's vagina and mouth being penetrated by a penis. As such, the files depict the sexual performance of a child. DS Cole has probable cause to believe Stephan was in possession of material depicting the sexual performance of a child. DS Cole has reported the same to your Affiant.

According to DS Cole, the penis observed penetrating the victim had distinct marking on it which consisted of bright pinkish-colored skin below the head of the penis until approximately a quarter of the length down the shaft of the penis. Several other pictures capturing this distinct pattern were observed on the phone. Further, as DS Cole was reviewing the pictures and videos, DS Cole observed several different pieces of clothing to include patterned underwear, shirts, blankets, and sheets. Simultaneously, detectives of the Orange County Sheriff's Office were executing a search warrant at Stephan's home address of [REDACTED], [REDACTED]. This address is also where the victim and her mother live. The detectives searching the residence were contacted and confirmed they found the same distinctive clothing worn by both Stephan and the victim in Stephan's room and the victim's room. Based on the totality of the circumstances, your affiant has probable cause to believe Stephan committed a sexual battery (familial/custodial authority) on the victim. It should also be noted there were pictures and videos collected on several different dates over the course of approximately two years.

Due to Stephan being the last person seen with the victim and it is known there was ongoing sexual abuse between the two, your affiant is requesting a search warrant for the above described items.

A search warrant is requested to collect evidence related to the **Sexual Battery Possession of Material Depicting Sexual Performance of a Child**.

**WHEREFORE**, applicant makes this **Application and Affidavit for Search Warrant** and requests the issuance of a **Search Warrant** in due form of law authorizing a search of the above-described property, by officers of the law, for the evidence described above, and for the seizure and safekeeping of said evidence subject to any subsequent order of a Court having proper jurisdiction.

**Detective Brian Moore**

## SEARCH WARRANT

IN THE NAME of the STATE OF FLORIDA:

TO: ANY SWORN KISSIMMEE POLICE OFFICER; OSCEOLA COUNTY DEPUTY SHERIFF; ORANGE COUNTY DEPUTY SHERIFF; SWORN INVESTIGATOR of the STATE ATTORNEY of the NINTH JUDICIAL CIRCUIT COURT OF FLORIDA; SPECIAL AGENT of the FLORIDA DEPARTMENT of LAW ENFORCEMENT (FDLE); or any sworn Police Officer or Deputy Sheriff acting under a mutual aid or cooperation agreement with the Sheriff of Osceola County, Florida.

WHEREAS, Before me, The Honorable R. W. [Signature] Judge in and for the Ninth Judicial Circuit of Orange and Osceola County, a sworn and written Application and Affidavit for Search Warrant has been made on this date, by the affiant, **Detective Brian Moore**, a sworn law enforcement officer, to-wit: a lawfully sworn Police Officer for the **City of Kissimmee, Osceola County**, assigned to the **Criminal Investigations Division**.

AND WHEREAS, the facts made known to me in said Application and Affidavit for Search Warrant, sworn to before me, have caused me to certify and find that there is probable cause to believe that certain evidence, to-wit:

**DNA Genetic Material (buccal cells) from Stephan Michael Sterns**

**Blood, saliva, or epithelial cells to be collected from Stephan Michael Sterns**

**Photographs and swabs of Stephan Michael Stern's penis**

**Clothing worn by Stephan Michael Stern**

that is believed to be evidence of a **felony** criminal violation of the laws of the State of Florida, to-wit: **Florida Statute 794.011(4)(B) and 827.071(5)(a)** prohibiting the **crime(s) of Sexual Battery Possession of Material Depicting Sexual Performance of a Child** currently exists within **Osceola County, Florida**, which is presently believed to be under the control of **Stephan Michael Sterns**, and that the laws relating to said offenses are possessed on a person, who is more specifically described as follows:

**Stephan Michael Sterns**  
Social Security: [REDACTED]  
DOB: 04/25/1986  
White/ Male, Black Hair, Brown Eyes  
6'02

NOW, THEREFORE, the law enforcement officer named above, with such lawful assistance as may be necessary, **ARE HEREBY COMMANDED**, in the daytime, nighttime, or on Sunday, as the exigencies of the situation may require, **TO ENTER AND SEARCH** the above-listed person to wit: taking of a sample of DNA material, buccal cells, through a buccal swab which will be done by appropriate personnel and will involve no unreasonable intrusions into or upon the body of the person from which the evidence is to be collected. The person and evidence requested is reasonably believed to be engaged in or connected with said illegal activity, **FOR THE EVIDENCE** described in this warrant, and if the same or any part thereof be found, you are hereby authorized to **SEIZE, SECURE, COLLECT, PHOTOGRAPH, EXAM, ANALYSIS AND VIDEOTAPE** said evidence.

A proper **Inventory and Receipt** shall be given for any evidence or property seized and a **COMPLETED DUPLICATE COPY** of this Search Warrant shall be delivered to the person in control of the property searched, or in the absence of any such person, a completed duplicate copy shall be left at the searched property or premises. An original of this Search Warrant and a Return reporting the execution of the warrant and an Inventory of any evidence or property seized under this Search Warrant shall be filed with the court within ten (10) days of the date of issuance. It is further directed that any evidence or property seized under this warrant shall be brought before a Court having proper jurisdiction to be disposed of according to law.

On March 1, 2024, at 1716 hours, I responded to 5670 Hickory Tree Road, Saint Cloud, Florida, 34772, in reference to a missing person.

Upon arrival, I provided scene security due to an ongoing investigation. I completed a crime scene log for all persons entering the scene. Contact was then made with Hardy Dymmek (landowner, witness), who provided a sworn written statement and completed a consent to search affidavit. Both documents were submitted for processing. This concluded my involvement in the above incident.

## Emergency Warrant Request Cover Sheet

Officers of Kissimmee Police Department are waiting to immediately, directly, instantly, and at once, without delay, proceed on this search/arrest warrant.

In compliance with the Ninth Judicial Circuit's Warrant Signing Procedure, this cover sheet is attached to the request for emergency arrest/Search warrant.

The Kissimmee Police Department recognizes that an "emergency" is "an unforeseen combination of circumstances that calls for immediate action and that law enforcement should seek emergency duty judge intervention only in rare and extreme circumstances where the law or totality of the circumstances requires immediate action and that it must appear that urgent circumstances are present and that lack of immediate action would result in the loss of evidence or the imminent escape of a suspect."

The location of the suspect is 2500 West Colonial Drive Orlando FL 32804 and the facts justifying the emergency are in custody.

The suspect is known but the location of the suspect is unknown, the facts justifying the emergency and the threat to the safety and welfare of a citizen is great are: JUSTIFICATION.

Watch Commander Erika Castelliucci has reviewed this warrant and affirmed the emergency nature of the warrant.

**DNA Genetic Material (buccal cells) from Stephan Michael Sterns**

**Blood, saliva, or epithelial cells to be collected from Stephan Michael Sterns**

**Photographs and swabs of Stephan Michael Stern's penis**

**Clothing worn by Stephan Michael Stern**

that is believed to be evidence of a **felony** criminal violation of the laws of the State of Florida, to-wit: **Florida Statutes 794.011(4)(B) and 827.071(5)(a)** prohibiting the **crime(s) of Sexual Battery Possession of Material Depicting Sexual Performance of a Child** currently exists within **Orange County**, Florida, which is presently believed to be under the control of **Stephan Michael Sterns**, and that the laws relating to said offenses are possessed on a person, who is more specifically described as follows:

**Stephan Michael Sterns**

Social Security: **██████████**

DOB: **04/25/1986**

**White/ Male, Black Hair, Brown Eyes**

**6'02**

The applicant, **Detective Brian Moore**, is a duly sworn law enforcement officer for the City of Kissimmee Police Department since **April, 2018**. Your Applicant is currently assigned to the **Criminal Investigations Division** with the responsibility of responding to and investigating crimes to include, but not limited to **investigating miscellaneous felony crimes, to include: Homicide, Robbery, Sexual Battery, Auto Theft Investigations, Narcotics Investigations, Pawn Shop Investigations, Burglaries, Criminal Mischiefs, Frauds.**

Your Applicant is currently assigned to the **Criminal Investigations Division**, since **July of 2022**. The applicant has received formal and practical training from local and state law enforcement agencies. Your affiant graduated the **Valencia Criminal Justice Academy** in **2017**, which consisted of **720 hours of training**. Your affiant has had training in **Criminal Law, Speed Measurement, Breath Tech Operator, DUI Trial Preparation, Field Training Officer Course, Interviews and Interrogations, Crisis Intervention, Instructor Techniques, Cultural Diversity & De-Escalation, Adult Sex Crimes and First Line Supervision.**

The applicant has testified in county court. The applicant has assisted in the execution of search warrants during his tenure with the Kissimmee Police Department. The applicant has assisted in undercover operations. As a result of the applicant's investigation, the following specific information and evidence are known which establishes your applicant's probable cause to support this application:

On February 26, 2024 at approximately 2000 hours, a 13-year old victim was reported missing by her mother. According to Orange County Deputy Sheriff Kyle Cole, Badge # 8656, (hereinafter DS Cole), DS Cole has found the following during the missing person investigation and reported such information to your Affiant. DS Cole has been a sworn law enforcement officer for the Orange County Sheriff's Office since August 10, 2017. DS Cole has been trained in a variety of law enforcement techniques such as use of force, vehicle operations, firearms training, advanced interviewing, and investigations. I have come to investigate numerous sexual related crimes involving children and adults. DS Cole has authored several arrest and search warrants throughout my tenure. DS Cole is currently assigned as a Detective to the Criminal Investigations Division Sex Crimes Unit

The mother advised her daughter's step-father, Stephan Sterns, picked her up from home and dropped her off at [REDACTED], [REDACTED] on February 26, 2024. The mother then went to pick up the victim from school at dismissal and learned the victim did not attend classes.

An interview was conducted with the victim's step father, Stephan Sterns, who advised he transported the victim from her residence and dropped her off in front of Peace United Methodist Pre-School, 13502 Town Loop Blvd, Orlando, FL, which was down the street from the school, at 0840 hours. [REDACTED] begins class at 0930 hours. A License Plate Reader captured Stephan's vehicle with Florida tag "IYLL82" driving away from the school at 0810 hours. During the interview with Stephan, he provided consent to search his phone, however he stated he had accidentally performed a factory reset on his phone on February 26, 2024, the same day the victim went missing. Stephan provided his phone number to be 407-256-1832.

After an extensive canvass of the area and interviews with the victim's family and friends, it was learned it was unusual for the victim to be dropped off down the street from the school and not stay in communication with family and friends.

Upon review of the contents of Stephan's phone, several images and videos were located which depicted the missing juvenile with her breasts, vagina, and anal opening as the focal point of the pictures/videos. There were also pictures and videos depicting the missing juvenile's vagina and mouth being penetrated by a penis. As such, the files depict the sexual performance of a child. DS Cole has probable cause to believe Stephan was in possession of material depicting the sexual performance of a child. DS Cole has reported the same to your Affiant.

According to DS Cole, the penis observed penetrating the victim had distinct marking on it which consisted of bright pinkish-colored skin below the head of the penis until approximately a quarter of the length down the shaft of the penis. Several other pictures capturing this distinct pattern were observed on the phone. Further, as DS Cole was reviewing the pictures and videos, DS Cole observed several different pieces of clothing to include patterned underwear, shirts, blankets, and sheets. Simultaneously, detectives of the Orange County Sheriff's Office were executing a search warrant at Stephan's home address of [REDACTED] [REDACTED]. This address is also where the victim and her mother live. The detectives searching the residence were contacted and confirmed they found the same distinctive clothing worn by both Stephan and the victim in Stephan's room and the victim's room. Based on the totality of the circumstances, your affiant has probable cause to believe Stephan committed a sexual battery (familial/custodial authority) on the victim. It should also be noted there were pictures and videos collected on several different dates over the course of approximately two years.

Due to Stephan being the last person seen with the victim and it is known there was ongoing sexual abuse between the two, your affiant is requesting a search warrant for the above described items.

A search warrant is requested to collect evidence related to the **Sexual Battery Possession of Material, Depicting Sexual Performance of a Child.**

**WHEREFORE**, applicant makes this **Application and Affidavit for Search Warrant** and requests the issuance of a **Search Warrant** in due form of law authorizing a search of the above-described property, by officers of the law, for the evidence described above, and for the seizure and safekeeping of said evidence subject to any subsequent order of a Court having proper jurisdiction.

LABORATORY REPORT  
April 10, 2024

**TO:** Chief Betty Holland  
Kissimmee Police Department  
8 North Stewart Avenue  
Kissimmee, FL 34741-5463

**FDLE NUMBER:** 20240503273  
**SUBMISSION:** 1  
**AGENCY NUMBER:** 24001896

**ATTN:** MARK MORRIS

SUBPOENAS PERTAINING TO THIS CASE  
SHOULD REFER TO THE FDLE NUMBER.

**VICTIM(S):** [REDACTED]

**SUBJECT(S):** Stephan Sterns

**REFERENCE:**

This report references evidence submitted to the Florida Department of Law Enforcement on March 13, 2024 by Jamie Jung. This report contains conclusions, opinions, and/or interpretations made by the author.

**EVIDENCE:**

FDLE Item#	Agency Exhibit#	Description
3	164215	Buccal swabs represented as being from Stephan Sterns
4	164218	Penile swabs represented as being from Stephan Sterns
5	164219	DNA card represented as being from [REDACTED]
6	164231	Left fingernail clippings represented as being from [REDACTED]
7	164232	Right fingernail clippings represented as being from [REDACTED]
8	164234	Neck swabs represented as being from [REDACTED]
8.1		Left neck swabs
8.2		Right neck swabs
9	164235	Right hand swabs represented as being from [REDACTED]
10	164236	Left hand swabs represented as being from [REDACTED]
11	164237	Rectal swabs represented as being from [REDACTED]
12	164238	Vaginal swabs represented as being from [REDACTED]
12.1		Hair
13	164239	Breast swabs represented as being from [REDACTED]
14	164240	Oral swabs represented as being from [REDACTED]

**RESULTS:**

**Item 3 Buccal swabs represented as being from Stephan Sterns**

**Item 5 DNA card represented as being from [REDACTED]**

Complete DNA profiles were obtained from Items 3 and 5.

**Item 4 Penile swabs represented as being from Stephan Sterns**

Stephan Sterns (Item 3) is expected to be a donor to Item 4. No DNA results foreign to Stephan Sterns were obtained from Item 4.

**Item 6 Left fingernail clippings represented as being from [REDACTED]**

Using a color-change test, Item 6 failed to give chemical indications for the presence of blood.

[REDACTED] (Item 5) is expected to be a donor to Item 6. No DNA results foreign to [REDACTED] were obtained from Item 6.

**Item 7 Right fingernail clippings represented as being from [REDACTED]**

Using a color-change test, Item 7 gave chemical indications for the presence of blood.

[REDACTED] (Item 5) is expected to be a donor to Item 7. No DNA results foreign to [REDACTED] were obtained from Item 7.

**Item 8.1 Left neck swabs represented as being from [REDACTED]**

**Item 8.2 Right neck swabs represented as being from [REDACTED]**

Using a color-change test, Items 8.1 and 8.2 gave chemical indications for the presence of blood.

[REDACTED] (Item 5) is expected to be a donor to Items 8.1 and 8.2. No DNA results foreign to [REDACTED] were obtained from Items 8.1 and 8.2.

**Item 9 Right hand swabs represented as being from [REDACTED]**

Using a color-change test, Item 9 gave chemical indications for the presence of blood.

[REDACTED] (Item 5) is expected to be a donor to Item 9. DNA results foreign to [REDACTED] were obtained from Item 9. Due to the limited nature of these results, this data is not interpretable.

**Item 10 Left hand swabs represented as being from [REDACTED]**

Using a color-change test, Item 10 gave chemical indications for the presence of blood.

The DNA results obtained from Item 10 demonstrated the presence of a mixture. [REDACTED] (Item 5) is expected to be a donor to Item 10 and is observed in the mixture. DNA results foreign to [REDACTED] were obtained from Item 10. Due to the limited nature of these results, this data is not interpretable.

**Item 11 Rectal swabs represented as being from [REDACTED]**

Using a color-change test, Item 11 gave chemical indications for the presence of blood.

Possible hairs were observed on Item 11 but were not removed or examined.

[REDACTED] (Item 5) is expected to be a donor to Item 11. No DNA results foreign to [REDACTED] were obtained from Item 11.

**Item 12 Vaginal swabs represented as being from [REDACTED]**

Using a color-change test, Item 12 gave chemical indications for the presence of blood.

[REDACTED] (Item 5) is expected to be a donor to Item 12. No DNA results foreign to [REDACTED] were obtained from Item 12.

**Item 12.1 Hair collected from vaginal swabs**

A possible hair observed on Item 12 was examined using microscopy; however, this hair was not suitable for STR DNA analysis and was returned to the original package.

Another possible hair was observed on Item 12 but was not removed or examined.

**Item 13 Breast swabs represented as being from [REDACTED]**

Using a color-change test, Item 13 failed to give chemical indications for the presence of blood.

The DNA results obtained from Item 13 demonstrated the presence of a mixture. [REDACTED] (Item 5) is expected to be a donor to Item 13 and is observed in the mixture. DNA results foreign to [REDACTED] were obtained from Item 13. Due to the limited nature of these results, this data is not interpretable.

**Item 14 Oral swabs represented as being from [REDACTED]**

Using a color-change test, Item 14 gave chemical indications for the presence of blood.

[REDACTED] (Item 5) is expected to be a donor to Item 14. No DNA results foreign to [REDACTED] were obtained from Item 14.

**REMARKS:**

The DNA profiles obtained from Items 3 and 5 have been entered into CODIS.

PCR based STR DNA analysis was performed on samples from Items 3, 4, 5, 6, 7, 8.1, 8.2, 9, 10, 11, 12, 13 and 14 utilizing the GlobalFiler PCR Amplification Kit.

Y-STR testing may be considered for Items 6 (*epithelial cell fraction*), 10 (*epithelial cell fraction*) and 13 (*epithelial cell fraction*). Y-STR testing requires resubmission of the DNA extracts. Please contact the Biology Section for guidance.

The terms "sperm cell fraction" and "epithelial cell fraction" refer to the two portions of the extract generated during a differential extraction procedure. The presence of DNA in the "sperm cell fraction" does not confirm the presence of seminal material or the type of cells from which the DNA originated.

The submitted evidence and DNA extracts are available for retrieval or return at the earliest opportunity. It is recommended that all DNA extracts be stored frozen.

Abbreviations that may appear in this report are: CODIS *Combined DNA Index System*; DNA *deoxyribonucleic acid*; FSI: Genet. *Forensic Science International: Genetics*; PCR *Polymerase Chain Reaction*; STR *short tandem repeat*; Y-STR *male specific short tandem repeat*.

**Narrative**

**\*\*\*\*\*Supplemental Report\*\*\*\*\***

This report is being completed as a supplement to document my involvement in this case, although information gathered by other sources may be referenced for the purpose of context. See other supplement reports for further information.

**Background**

On Monday, February 26, 2024 at approximately 1948 hours, Orange County Sheriff's Office (OCSO) Deputy Sheriff Franky Joseph (10644) responded to the area of [REDACTED] in reference to a call for service regarding a missing person. Deputies identified the missing person as a 13-year old white female, [REDACTED].

**Initial Response/Preliminary Investigation**

The initial responding Deputies made contact with [REDACTED] mother, [REDACTED] and [REDACTED] boyfriend, Stephan Sterns who both provided statements.

Stephan stated he dropped [REDACTED] off approximately one block away from [REDACTED] between 0825 hours and 0840 hours near the intersection of Town Loop Boulevard and Hunters Park Lane. As Stephan was driving away he observed [REDACTED] walking in the direction of the school. Stephan then went to a nearby smoke shop to purchase e-cigarette supplies; however, the shop was closed. Stephan then returned to [REDACTED] s home in [REDACTED] where he waited for approximately one hour before going back to the smoke shop at approximately 1100 hours and staying out to complete some errands. Stephan returned to the home at approximately 1430 hours.

[REDACTED] s mother, stated she last saw [REDACTED] at 0800 hours on the morning of February 26, 2024 as she was getting ready for school. [REDACTED] left with Stephan. At 1600 hours when [REDACTED] went to pick [REDACTED] up from school, she was informed that [REDACTED] did not make it to first period. After checking nearby places [REDACTED] sometimes goes after school, [REDACTED] called 911 to report her as missing.

Responding Deputies completed area checks of the surrounding area where [REDACTED] was last seen with negative results. Deputies were unable to reach [REDACTED] by phone because her phone was left at home that day. Attempts were made to track her OCPS laptop; however, the last pinged location of the laptop was near downtown Orlando from Saturday, February 22. Deputies went to the area where Stephan dropped [REDACTED] off to look for any evidence. A camera was located at a nearby church located at 13502 Town Loop Boulevard which showed what appeared to be a juvenile being dropped off at the church at approximately 0840 hours by a dark car. The juvenile sits in the parking lot for approximately 15 minutes before walking away. Deputies spoke with an unidentified church employee who stated she remembered seeing a juvenile fitting [REDACTED] s given description sitting in the parking lot at approximately 0840 hours. A K9 track was completed from that location which did not yield results.

**Investigative Detail**

As the on call Domestic Crimes Detective, I was notified of this incident. After being briefed of the above information and inquiring further, I determined [REDACTED] was not diagnosed with any medical or mental condition which posed a risk to her health or safety, [REDACTED] did not make any suicidal statements prior to this incident, and no suspicious circumstances existed at this time. Given the information obtained by responding Deputies during the preliminary investigation, [REDACTED] did not appear to be missing under any involuntary circumstances and no suspicious circumstances were articulated at the time of the initial response.

The next morning on Tuesday, February 27, I completed investigative follow up, making contact with [REDACTED], Stephan, [REDACTED] s roommate [REDACTED] and [REDACTED] s grandmother, [REDACTED].

I also responded to the church and obtained a copy of the video seen by the Deputies who responded the previous night. In the video, I observed an individual being dropped off in the church parking lot by a dark sedan. The individual gets out of the rear driver's side of the vehicle. After the vehicle drives away, the individual walks out of camera view toward Town Loop Boulevard before walking back into the church parking lot and sitting down for approximately 15 minutes. The individual then gets up and walks toward Town Loop Boulevard out of camera view. Due to the quality of the video, I was unable to positively identify the individual seen in the video as [REDACTED] and I was unable to accurately describe the vehicle or the individual's clothing.

After completing interviews, I obtained consent to search [REDACTED] s phone from [REDACTED] and a forensic examination was completed on it. I also completed a query of license plate readers which revealed certain inconsistencies in statements collected by Stephan. A review of camera footage in the area where

██████████ was allegedly dropped off also revealed inconsistencies. See supplement reports for further detail.

On Tuesday, February 27, 2024; I contacted the Florida Department of Law Enforcement to issue a missing child alert for ██████████. The alert was accepted and broadcasted.

**Interviews of ██████████**

Interview #1: 02/27/2024 at 1116 hours - ██████████

██████████ stated the last time she saw ██████████ was on the night of Sunday, February 25, 2024 at approximately 2300 hours inside of the home when she was going to bed. At this time, ██████████ sent ██████████ and Stephan up to a guest bedroom. All three were originally going to sleep in ██████████'s bed; however, ██████████ stated she needed to get some rest due to her new job making her very tired, she would sleep better alone, and Stephan was going to get ██████████ ready for school in the morning anyway. Stephan no longer lives in the home with ██████████ and ██████████, as he moved out in December of 2023; however, he has come to visit two or three times since then. When Stephan visits the home, he will sleep in the guest bedroom upstairs while ██████████ and ██████████ sleep together downstairs.

The reason Stephan moved out of the home is because he was offered a job by his father; however, the job fell through, and he is trying to move back. Typically when Stephan visits he will stay for a few days; however this time, he planned to stay for a week. Stephan either arrived on Saturday, February 24, or the morning of Sunday, February 25; however, ██████████ does not remember when.

On the Morning of February 26, 2024; ██████████ was woken up by Stephan taking their dog for a walk at approximately 0700 or 0800 hours. ██████████ further explained she did not actually hear ██████████ getting ready in the morning specifically, as there are also two roommates in the home. ██████████ fell back asleep shortly after being woken up. At approximately 0900 hours, ██████████ woke up again and Stephan had not yet returned home after taking ██████████ to school. ██████████ left for an appointment at approximately 0930.

Stephan called ██████████ on the phone at approximately 1018 hours to inform her he just returned home from completing some errands. Stephan informed ██████████ he originally planned to take ██████████ to a nearby McDonald's for breakfast; however, ██████████ did not wish to go, so he took her directly to school. Stephan also informed ██████████ he attempted to go to a smoke shop to get e-cigarette supplies immediately after dropping ██████████ off; however, the shop was closed. Stephan then returned to the home at approximately 1000 hours and spent some time there before going back out to the smoke shop.

██████████ returned to the home at approximately 1115 hours. At that time, Stephan had returned to the home. Afterward, ██████████ waited at home until 1430 hours, at which time, she left to pick ██████████ up at school. At approximately 1600 hours, ██████████ waited approximately ten minutes for ██████████ to come out; however, she did not come out. ██████████ did not remember if she told ██████████ she was going to pick her up that day, so ██████████ drove to her mother's office to see if ██████████ walked there as she sometimes will after school if ██████████ is at work. ██████████ was informed ██████████ was not there, and so she then looked for ██████████ in the area, but did not see her. ██████████ then called ██████████'s best friend, ██████████, to ask where ██████████ was, but was informed that ██████████ did not come to school that day.

██████████ reached ██████████'s friends and teachers to see if anybody saw her at school today, and was informed ██████████ was absent the whole day. At this point, ██████████ realized something was amiss and then called 911.

On a typical morning, ██████████ will take ██████████ to school no later than 0850 hours. ██████████ and Stephan have been together on and off for seven years. Thus, Stephan has taken ██████████ to school in the past, although that responsibility typically belongs to ██████████. Stephan has taken ██████████ to school one or two times in the past and is familiar with how to do so. When Stephan takes ██████████ to school, she asks that he does not drive her all the way to school, but rather, ██████████ prefers to be dropped at a distance from the school so she can walk up. The reason for this is that ██████████ thinks Stephan's vehicle, a silver 2010 Lincoln MK-Z, is unattractive. Because of this, Stephan agrees to drop ██████████ near a church located at 13502 Town Loop Boulevard, which is approximately a five minute walk away from the school.

██████████ has no history of running away from home or leaving the home when she is angry. ██████████ does not recall any arguments occurring which may have caused ██████████ to wish to run away. Sunday, February 25, was ██████████'s birthday party, where she had a good time and expressed she was happy. The last time ██████████ was in trouble was weeks prior to this incident, but ██████████ does not remember the exact reason why. When ██████████ went through ██████████'s phone, she found texts stating when she turned 18 she was going to leave, that ██████████ was acting crazy, and that ██████████ was going to send ██████████ to her father's home. ██████████'s biological father, ██████████ and although the two communicate sometimes by phone, they do not frequently see

each other and he is not very involved in her life.

██████████ is diagnosed with Attention Deficit Hyperactive Disorder (ADHD) and she is known to forget things frequently. On the morning of February 26, ██████████ did not have her phone with her as she forgot it at home that day. Despite this, ██████████ functions at the level of a normal 13-year old child. ██████████ has not complained about anything at school, but ██████████ is aware that she is always behind on her schoolwork. ██████████ does not currently have a boyfriend; however, ██████████ was informed by Stephan that ██████████ said she has a crush on a boy in her class named ██████████

██████████ does not feel ██████████ would run away and expressed she believes ██████████ was involuntarily taken. ██████████ was aware of security camera footage recorded in the area of where ██████████ was dropped off. ██████████ stated it is not abnormal for ██████████ to sit in the parking lot of that Church while she waits to be picked up from school and so she is familiar with that church parking lot. ██████████ does not know why ██████████ would stand in the parking lot instead of walking to school.

██████████ swore to the truth of the statement she provided. This interview was audio recorded.

Interview #2: 02/27/2024 at 2004 hours - ██████████

I completed a second interview with ██████████ for the purpose of clarifying certain information which was collected throughout the course of the day. I presented ██████████ a still photograph from the video which was captured by the camera of the church at 13502 Town Loop Boulevard and asked her if she was able to recognize the car or ██████████ in the video. ██████████ stated she did not recognize the vehicle; however, the individual seen may possibly have been ██████████, as the individual does appear to be wearing a light colored top with darker colored bottoms; however, no further identifying features were seen. ██████████ also re-affirmed her account of earlier events. ██████████ and ██████████ used to go hiking in the Saint Cloud area; however, she has not mentioned wanting to live in the woods in the past as was seen in a text message in her phone. This comment may have stemmed from ██████████ talking to ██████████ about the possibility of World War III with the current situation in the Middle East in the weeks prior to this incident.

██████████ also re-affirmed that Stephan was, in fact, not home when she woke up at 0900 on February 26. ██████████ called Stephan multiple times Stephan returned her call at approximately 1000 hours and informed her he accidentally left his phone at home. ██████████ returned home at approximately 1115 hours, at which time, Stephan was at the home as well.

Interview #3: 02/28/2024 at 1502 hours – En Route from Town Place Suite at Flamingo Crossings to the OCSO Central Operations Building

I offered ██████████ a courtesy ride from the hotel that she and Stephan were staying at to the OCSO Central Operations building. ██████████ accepted the offer and I transported her in my agency issued vehicle in the passenger seat. During the transport, ██████████ and I had a brief conversation. While speaking, I noted that ██████████ referred to ██████████ using the past-tense several times when she mentioned her. I inquired about whether or not it was normal to allow ██████████ and Stephan to sleep in the same room unsupervised. ██████████ replied this was not common practice; however, she did not have any suspicion that anything inappropriate would occur between the two. ██████████ used to be very hyper vigilant around Stephan; however, as the years have gone by, she has allowed ██████████ and him to be alone because they get along very well.

This conversation was audio recorded.

#### **Interviews of Stephan Sterns**

Interview #1: 02/27/2024 at 1205 hours - ██████████

Stephan lives in the home with ██████████ and ██████████, however, he splits his time between this home and the home of his parents in North Port, Florida. Stephan stated he splits his time due to his parents needing help with their daily care due to being elderly. Stephan arrived at the home this time on Saturday, February 24 or Sunday, February 25.

Stephan stated the last time he saw ██████████ was on the morning of February 26, 2024 between 0825 and 0840 hours when he was dropping her to school. Stephan dropped ██████████ a distance away from school at her request so that she could walk with her friends and not be seen in his car, which she finds unattractive. Stephan recalls dropping ██████████ off along a stretch of road on Town Loop Boulevard near residential communities slightly east of the SR-417 overpass. Stephan described the area specifically as being across from a church, approximately a five or ten minute walk away from ██████████'s school. It is not common for Stephan to drop ██████████ off to school in the mornings, because ██████████ normally does it; however, Stephan was helping ██████████ on the

## Incident Report

morning of this incident due to [REDACTED] needing to sleep.

After Stephan dropped [REDACTED] off, he saw her walking in the direction of the school as he was driving away. Stephan provided he left his phone at home on the morning of this incident and thus was unsure of the exact time he dropped her off. Stephan then went to a nearby smoke shop to purchase supplies for his cigarette; however, the shop was closed. Stephan then returned to the home at approximately 1015 hours and spent time with [REDACTED] who had just woken up. Stephan then left the home again and went back to the smoke shop at approximately 1100 hours, which was now open. After returning home again, [REDACTED] stated she wanted to take a nap, and so Stephan used the opportunity to go out and complete some errands. While out completing errands, Stephan's car suffered a flat tire in the area of US-192 between the hours of 1200 and 1400. Due to the flat tire, Stephan was unable to join [REDACTED] to pick [REDACTED] up from school, as the couple would have had to leave by 1430. By the time Stephan returned home, [REDACTED] was already gone.

Stephan could not recall any events over the weekend which may have encouraged [REDACTED] to run away because she was so happy. [REDACTED] was specifically very happy that she, [REDACTED], and Stephan were together. On the night of Sunday February 25, [REDACTED] was still very excited from her birthday party. [REDACTED] slept in the guest bedroom upstairs with Stephan at approximately 2300 hours. Stephan and [REDACTED] woke up in the morning at approximately 0700 hours. Stephan saw [REDACTED] in her bedroom as he was getting ready to leave. Stephan and [REDACTED] left the home between 0730 and 0745 hours. When Stephan and [REDACTED] arrived at their drop-off location, Stephan asked [REDACTED] if she wanted him to wait there with her due to how early they arrived; however, [REDACTED] stated she did not want him to wait with her, but rather, she wished to walk with her friends.

Stephan could not recall any arguments between [REDACTED] and the family or any trouble she has been in recently, although, [REDACTED] can become agitated due to her hormones at times. [REDACTED] is diagnosed with ADHD and tends to be very forgetful. On the morning of this incident, [REDACTED] forgot her phone at home in her bedroom, which is not uncommon.

Stephan swore the statements he provided in this interview were true. This interview was audio recorded.

Interview #2: 02/27/2024 at approximately 2300 hours - [REDACTED]

While at the home later in the day, I spoke with Stephan again. I asked Stephan which stores he went to when he was out completing errands before he suffered a flat tire between 1200 hours and 1400 hours. Stephan stated he went to a Target and was also in the vicinity of a game shop called house Rules located near the intersection of US-192 and Oak Street in Kissimmee, Florida. Stephan could not provide any other stores he went to. Stephan stated he never went to house Rules because of the flat tire and he also could not recall exactly where he got the flat tire, and he was only able to describe the area as US-192 in Kissimmee, Florida.

This conversation was not audio recorded.

Interview of [REDACTED]

02/27/24 at 1312 hours - [REDACTED]

[REDACTED] identified herself as [REDACTED]'s maternal grandmother. The last time she saw [REDACTED] was the night of February 25, at her home located at [REDACTED] where [REDACTED]'s birthday party was held. It is not uncommon for [REDACTED] to sometimes walk from [REDACTED] to [REDACTED]'s office located at [REDACTED]. On February 26, [REDACTED] called [REDACTED] and asked if [REDACTED] walked to her office because she was not currently at school.

[REDACTED] stated [REDACTED] was taken to school by Stephan, whom she knows as [REDACTED]'s ex-boyfriend. [REDACTED] believes [REDACTED] and Stephan broke up in December when he moved out of the home. Stephan possibly came to the home for [REDACTED]'s birthday. Stephan has taken [REDACTED] to school in the past and stated he dropped her off at a nearby apartment complex named Urbana.

[REDACTED] has never run away from home in the past. Approximately one year ago, there was an incident where [REDACTED] was upset due to having an argument with her mother and she called [REDACTED]. At that time, [REDACTED] explained she was walking around the neighborhood due to being angry; however, she soon went back home after being told to do so by [REDACTED].

Though [REDACTED] did not have any articulable concerns for Stephan or [REDACTED], she stated that she does not like Stephan.

This statement was audio recorded.

Interview of [REDACTED]

02/27/2024 at 2140 hours [REDACTED]

[REDACTED] identified herself as [REDACTED]'s roommate. She and her fifteen year old son have a room in the home. [REDACTED] last saw [REDACTED] on the afternoon of Sunday, February 25 at approximately 1230 hours. [REDACTED] did not see [REDACTED] return to the home because she was already in bed by 2045 hours. Further, [REDACTED] did not see [REDACTED] leaving the home as she always leaves by 0745 hours.

Stephan was staying in the home for approximately six months; however, he moved out of the home three to four months prior. Stephan and [REDACTED] broke up, but still agreed to live with one another until he left. Stephan and [REDACTED] have been together for five or six years. [REDACTED] did not see Stephan at all until the afternoon of Monday, February 26 and does not believe he arrived at the home until the night of February 25.

[REDACTED] did not share any concerns about any activities in the home; however, she did share that [REDACTED] sometimes has trouble regulating her emotions.

This conversation was audio recorded.

Interview of [REDACTED]

02/29/24 at 1318 hours - [REDACTED]

[REDACTED] identified herself as a science teacher at [REDACTED]. [REDACTED] is familiar with [REDACTED] as she is a student in one of her classes. [REDACTED] has been [REDACTED]'s student for approximately six months. In class, [REDACTED] is typically quiet, reserved, and often loses focus. [REDACTED] frequently states she is not feeling well and has to go to the school nurse. [REDACTED] started the year in [REDACTED]'s third period science class, but was recently moved into sixth period science due to issues in another class she was having. Although [REDACTED]'s grades have always been D's and F's, since moving into the new period at the beginning of the year, [REDACTED] has only turned in one or two assignments.

Although [REDACTED] is frequently withdrawn and quiet, [REDACTED] never attributed any of her behavior to being sad or depressed, but rather explained it is a condition of students who struggle with learning to be slightly withdrawn.

On January 22, 2024; [REDACTED] noticed that [REDACTED] had been more tired since moving into her sixth period class and so she sent a message to [REDACTED] to notify her. [REDACTED] responded that [REDACTED] did not take her medication that day and that was the reason for the behavior; however, [REDACTED] noted the tiredness extended beyond just that day. [REDACTED] has never made any suicidal comments or threatened other students.

[REDACTED] swore to the truth of the statement she provided. This statement was audio recorded.

Interview of [REDACTED]

02/29/24 at 1353 hours - [REDACTED]

[REDACTED] identified herself as a math teacher at [REDACTED]. [REDACTED] is familiar with [REDACTED] as she is a student in one of her classes. [REDACTED] is typically very quiet in class and frequently has to be reminded to pay attention as she is known to lose focus. [REDACTED] is normally very reserved and receptive to redirection. In the week prior to going missing, [REDACTED] appeared to be more easily agitated, retorting with a negative attitude when she had to be redirected.

In the past, [REDACTED] has expressed that she was upset and asked to be excused to see the school counselor; however, she never revealed what she was upset about. [REDACTED] did not describe [REDACTED] as sad or depressed and stated she has never made any suicidal statements or expressed that she wants to hurt anybody.

[REDACTED] swore to the truth of her statement. This statement was audio recorded.

Narrative

On February 26, 2023, at approximately 1948 hours, I, Deputy Joseph (10644), responded to [REDACTED] regarding a Missing Juvenile. While on the scene, the step-parent stated he dropped his daughter off at school, and when the mother went to the school, the daughter was not there. The parents searched within the neighborhood and places where the daughter may have gone. The parents could provide a location where the daughter may have been but yielded negative results when deputies checked the area. The juvenile was entered into FCIC/NCIC and EMEResource as missing disabled.

My investigation revealed the following:

When I arrived on the scene, I spoke with the mother, [REDACTED] [REDACTED] [REDACTED], who gave me verbal and sworn written testimony. On February 26, 2023, at approximately 0800 hours [REDACTED] observed (missing) [REDACTED] [REDACTED] getting dressed for school, (step-father) Stephan Sterns took [REDACTED] to school dropping her off near the intersection of Town Loop Blvd and Hunter's Park lane at approximately 0830 hours. [REDACTED] went to [REDACTED] in an attempt to pick up [REDACTED] at approximately 1600 hours when she discovered [REDACTED] did not make it to school. In an effort to find [REDACTED], [REDACTED] looked through the neighborhoods near [REDACTED]'s school and went to her mother's business office located at [REDACTED].

I later spoke with Stephan Stern who stated in a verbal and sworn written statement the following:

At approximately 0825 - 0840 hours Stephan dropped [REDACTED] off approximately one block away from her school. Stephan watched [REDACTED] leave his vehicle and walk toward the direction of her school. As Stephan was driving away he could see what appeared to be [REDACTED] searching through her book bag he did not think anything of it due to [REDACTED] usually looked through her bag to find headphones so she could put them in before going to school. Stephan began heading home when he attempted to stop for a vape juice at a nearby vape shop but determined it was closed, so Stephan went home to Kissimmee. Once Stephan was home for about an hour he went back out to retrieve a vape juice and then run errands. Stephan stated he returned home and stayed home at approximately 1430 hours.

While on the scene, I had Deputy Diaz go to [REDACTED] (grandmother's home) due to the close proximity to both the school and the [REDACTED] mother's business that [REDACTED] would frequently visit. Deputy Moony was able to establish an attempt to contact [REDACTED] to see if [REDACTED] made her way back to her mother's home. Both addresses yielded negative results.

[REDACTED] was able to provide me with the phone number of [REDACTED]'s best friend [REDACTED]  
Contact #: [REDACTED]

I then requested Stephan to take me to the location where he dropped [REDACTED] off in an effort to canvass the area and recover any evidence. As I canvass the area on foot I was able to locate a camera in front of unit 106 in the Urbana apartment complex and active cameras at peace church property. Deputy Rodriguez was able to make contact with a worker from the peace church who was able to allow me to view playback footage from 02/26/2024. With my body-worn camera activated I was able to see what appeared to be a juvenile enter the property from Town Loop Blvd at approximately 0840 hours and sit down on the ground in the parking lot and get up and leave the property towards Town Loop Blvd at approximately 0858 hours.

After reviewing the videos I made contact with [REDACTED] and Stephan one last time for the night in an effort to get an article of clothing that has a large scent on it. The K9 unit met me at [REDACTED] to verify the clothing had not been contaminated, once the clothing was verified the K9 unit and I went back to the last known location [REDACTED] was seen and began a track. The track yielded negative results.

It should be noted that [REDACTED] stated that [REDACTED] is diagnosed with Autism and ADHD and takes Adderall.

[REDACTED] is 5'01 approximately 110 lbs. with blue eyes, white skin, and blonde hair. [REDACTED] was last seen wearing a green hoodie, black shorts, and white crocs.

[REDACTED] [REDACTED] was entered into EMRESOURCE.

[REDACTED] [REDACTED] was entered into Teletype as missing by Gleissner (2314)

## Narrative

### \*\*\*\*\*Supplemental Report\*\*\*\*\*

On February 28, 2024, the Orange County Sheriff's Office was canvassing the area of Hunters Creek Boulevard and Town Loop Boulevard in referencing to a missing juvenile under this case number.

During the search in the field area near Islamorada Drive and Tarragona Drive just northwest of the field the Emergency Response Team located a clothing article later described as a white t-shirt. As a Detective for the Domestic Crimes Unit on the scene, I responded to the above area. I photographed and collected the white t-shirt found on the ground. I also collected multiple footage from a stealth camera in the area. The footage shows multiple 10-second footage of random people walking and Deers activating the camera. The footage started on February 23, 2024, and ended on February 28, 2024.

All photographs and evidence were collected and will be submitted into evidence.

Sworn to (or affirmed) and subscribed before me by means of  physical presence  online notarization.

documented images detailing the sexual battery to [REDACTED] [REDACTED] by Stephan Sterns, your affiant requests permission to search this digital device for additional evidence related to the ongoing sexual battery of [REDACTED] [REDACTED] and information as to the whereabouts of Stephan [REDACTED] in the previous days to detail a search area and pattern in an attempt to locate [REDACTED] [REDACTED] as he is suspected as having involvement in her disappearance.

Based on the foregoing and your affiant's knowledge, training and experience, and the facts discovered during this investigation, your affiant has probable cause to believe that the information being sought may be evidentiary in nature.

Based upon your affiant's training and experience, knows that digital devices and digital storage are often used as instruments in criminal acts or are the fruits of a crime as they have the ability to receive, store, process, and/or send digital information. The aforementioned evidence sought from the digital device is in the form of digital information commonly known as computer files. Computer files include: but are not limited to: hardware; firmware; image files; video files; audio files; document files; downloaded files; email addresses; email records; IP addresses; internet chat content; chat records; social media accounts; user name(s); passwords; contacts; phone numbers; and applications/programs, etc.; all of which are electronically stored on the digital device and/or a storage device.

Storage Devices are the core components of any computing device. Other than hardware firmware, they store virtually all data and applications of a digital device. Depending on the type of the underlying device, storage devices are available in different forms:

- **Primary Storage** devices: Generally smaller in size, these are designed to hold data temporarily and are internal to the digital device. They have the fastest data access speed and include RAM and cache memory.
- **Secondary Storage** devices: These usually have large storage capacity and store data permanently. They can be either internal or external to the digital device. They include the hard disk, optical disk drive, USB storage device, and Cloud services.

Your affiant requests the authorization to seize said digital device(s) and through a forensic examination conduct an effective search of the said device(s) to include but is not limited to its storage devices for the purpose of locating evidentiary data relevant to this investigation. The actual analysis of any seized digital evidence will be conducted at a later time due to the protracted time a digital device forensics investigation takes.

Your affiant or his designee will ensure the digital device and the articles needed for analysis that are seized are properly logged. The exhibits will be physically examined, documented and later examined for evidence of the aforementioned crimes(s). The results of the examination will be presented by your affiant or designee and later forwarded to the Office of the State Attorney. The RETURN portion of this warrant will reflect the actual seizure of articles. The examination may exceed ten days or more based on the high volume of data to be processed and examined, but all results will be submitted as evidence at a later date.

When records or evidence are stored in internal and peripheral storage, or any other storage media where data can be stored, it is common to find that specific records authorized to be seized are

inextricably mixed and without technical difficulty or extremely time-consuming procedures are inseparable from other records, programs, or files (similar to a bound-volume book containing financial records, addresses, a diary, and notes, for example). The storage medium containing records or evidence relating to the crime under investigation will be seized for analysis, but only those items authorized to be seized by the warrant will be printed out, disclosed, stored on an evidence disk, or otherwise copied for evidence purposes. Any other items that can be separated out from such evidence will be returned upon completion of the forensic analysis.

**WHEREFORE**, your affiant makes this affidavit and requests the issuance of a Search Warrant in due form of law authorizing a search of the above-described property by officers of the law for evidence heretofore described and for the seizure and safekeeping of said evidence, subject to the order of a Court having jurisdiction thereof.
