Case no: 2020-CF-002603-A0, DIV:20

Honorable Judge Wayne C. Wooten,

Please see the included letter I received from my Investigator communicating with me to provide an update on why we have been unable to meet since our last uneventful meeting with my attorney, Frank Bankowitz, on May 18, 2023. My Investigator also has not been able to make contact, in attempts to move FORWARD and produce very much needed and overdue progress in my case.

I, as Mr. Bankowitz's client, cannot communicate with him via phone due to him STILL not "activating" 1 of 2 numbers he's given that DO NOT work, and he keeps giving me different reasons why each time I ask, to keep trying. This has been ongoing for 13 MONTHS and counting. By not "activating," he is actively hindering progress, compiling even greater amounts of carry-over and "in the meantime" information for review when/if we do eventually meet in person. Last time to date was 77 days. Prior to that 98 days and 147 days prior to that date.

With the aforementioned being said, Judge Wayne C. Wooten, would you please be gracious enough to communicate with Mr. Bankowitz to

②

supply the requested simple information my Investigator NEEDS, considering the number of days/weeks in between our meetings with him, and we can be working "in the meantime" until he is able to visit with me, his client of OVER a year now, adding to the soon to be 4 years I have been here already (please see previous letter regarding all 6 of my attorneys). My innumerable attempts have been completely unsuccessful in any form of communication with Mr. Bankowitz via phone, letters, email and voicemails (attempted by an outside source).

What else can I do your Honor? It seems my only hope is for a court date (which I am included in) where my attorney's attendance is mandatory, and I can vie for his attention during the minute minutes beforehand while in the court room. I'm sure all the allowed LIVE cameras could provide footage of me doing so, everytime. I don't want to waste anymore time and "catch up in the courtroom" is unfair and ridiculous. When can we have a real meeting?

Please enable progress Judge Wayne C. Wooten, not hinder. Justice "system" means we have to work together. I've got the whole WORLD incorrectly against me already. As stated by my Investigator, we are at a loss without communication, in ANY form, with Mr. Bankowitz.

Thank you for your invaluable time. I am grateful for your ethical awareness, fairness, understanding and perspective. Activate the inactivity. Please. Again, thank you.

Actively seeking success - in anything, Sarah Boone

Sarah,

I have received your letter. I have made multiple attempts to contact your attorney, Mr. Bankowitz, since our meeting, but unfortunately, I have been unsuccessful. I'm not sure what is causing the issue. On May 22, 2023, I sent him an email requesting him to contact the jail so that I can have access to visit you and proceed with the mitigation process in person. Additionally, I sent two text messages to his phone on June 1, 2023, and again on June 6, 2023, but received no response.

Without a letter from the attorney sent to the jail, I am unable to visit you in person at the jail.

I am at a loss until I can reestablish contact with Mr. Bankowitz. If you wish, you can write to me, and I will send a letter as soon as I am able to get in touch with him again.
