Where's my attorney? Where are you Judge Wooten? I understand the "holiday mode" everyone is in as we inmates sit and wait for it to pass, but before I/we come to the end of yet another year, almost 3 for me in OCCD, it would be respectable of the Court to please advise the status and location of my attorney foremost, and also provide any real "progress" of my case which is difficult to do and further without an attorney, nonetheless after being appointed so many, I thought hopefully the level of dysfunction would be lessened. Unfortunately to date, I am sadly mistaken and feel I've been severely misled. Even more unfortunate seems to be the lack of "representation" from any party of my case, other than myself. Look at the numbers.

In the meantime and in preparation for the upcoming "status" hearing on 12/20 @ 10:45a which I just received notice for (thank you for the inclusion), I am in the process of writing to our Governor regarding the mismanagement of my case and the multiple added obstacles and deterrents I am experiencing, trying to avoid any further time consuming hinderances or setbacks going forward.

Some of the major legitimate concerns of mine are the violations of my Constitutional Rights, the degree of neglect and the nonchalant approach by everyone in my case to substantially progress, and the illegal, non-permissive release and distribution by the Orange County Sheriff's Department of crucial, confidential case files, videos, photographs, documents, etc. PERTINENT TO MY CASE WHICH I HAVE NOT EVEN SEEN or even know about. EVERYONE "KNOWS" MORE THAN I DO ABOUT MY CASE. As a result, it is IMPOSSIBLE to choose a jury that will

be impartial, FAIR and UNINFLUENCED by all the mutated, exaggerated hyped sensationalism. This being a significant reason I requested a change of venue previously. At this point it will make no difference. There's nowhere I am not known. The premature, unfair judgement by everyone has wrongfully and inappropriately already been made. I HAVEN'T EVEN SEEN MY DISCOVERY OR KNOW WHERE MY ATTORNEY IS, MY 6th ATTORNEY. Not only am I, the OTHER party in my case, still in the dark with everything, I am blind and in the dark. This is wrong, unfair, especially for a still proud citizen of the United States of America, and unacceptable. There is more to everything, much more and in which I've been patient to an extreme to explain, interpret and educate what now seems to be to the whole world.

I am hopeful the Governor will be able to untangle the chaos and mistreatment. No one else seems to be available or willing to abide by the protocol of our "justice" system and rightfully, eagerly apply themselves. I'm hoping (still) these aforementioned topics can be further discussed at the hearing on the 20th, and in which I am bringing to everyone's attention prior. I have not heard from my court appointed attorney to date, so I am unaware what else may be on the docket.

It's time to FINALLY move forward and in ALL the RIGHT ways.

Happy Holidays,

Sarah Boone

Mr. Bankowitz,

I am also sending a direct copy to you in case the Court and/or Judge does not, therefore giving no reason of any unsurety of my ongoing concerns regarding having no communication from you in any manner for almost 4 months. I believed the Court and/or Judge would have sent copies to you of all my letters to them, but since I have been unsuccessful in receiving a response or update by their side also, I am taking it upon myself to make sure everyone is aware I am still sitting here waiting on you.

Please respond. I look forward to seeing you at the hearing, if not before then, with very much overdue and anticipated "progress."

Thank you,

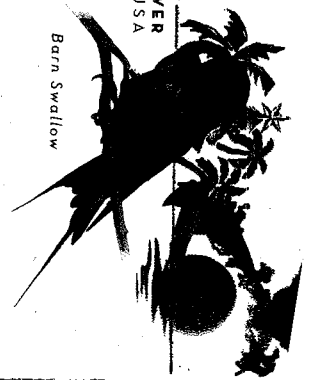

Sarah Brown
